

WATER WISELY AND SAVE!

2014 Rebates

In partnership with Weber Basin Water Conservancy District, Park City wants to encourage its residents to participate in the 2014 Landscape Irrigation Products Rebate Program. Park City Water customers can take advantage of great savings on “smart” irrigation products that help homeowners conserve water while enjoying beautiful landscaping.

LOW PRECIPITATION ROTARY SPRAY NOZZLES

Weber Basin Water Conservancy District will rebate 50% off the purchase cost of qualifying high-efficiency or rotary nozzles (maximum rebate for nozzles of \$150.00).

WHOLE SYSTEM AND DRIP SYSTEM PRESSURE REGULATORS

Receive 50% off the purchase price (up to \$50.00) on the purchase of a qualifying pressure regulator.

SPRAY AND ROTOR HEADS

Receive 50% off the purchase price (up to \$150.00) on the purchase of select spray and rotor heads that include pressure regulation built in and allow for better efficiency and better coverage.

WEATHER BASED SMART IRRIGATION CONTROLLER

Receive 50% off the purchase price (up to \$150.00) when you purchase a qualifying “smart” controller, plus receive a \$100.00 account credit from Park City Water Department for that same purchase.
