

FIREWORKS & OPEN FIRES PROHIBITED IN PARK CITY through October 31st

BE FIRE SAFE.

PUBLIC FIREWORKS DISPLAYS:

- CANYONS, JULY 3
- OAKLEY RODEO, JULY 2-5
- PARK CITY MOUNTAIN RESORT, JULY 4

Fire danger is extremely high in Park City and across the state. Warm temperatures, high winds and dry vegetation have significantly increased the threat of wildfire. Fireworks, explosive devices and open fires are direct threats to the safety of our entire community. Park City Municipal Corporation and the Park City Fire District have enacted emergency ordinances prohibiting the discharge of fireworks and all open fires to reduce the risk of wildfire for the 2014 fire season. Violations of this ordinance are a Class B misdemeanor and may result in fines, jail time and cost recovery of fire fighting expenses.
