### **Lower Park Avenue Design Studio and Open House**

*Please join us to welcome the Design Studio Participants  
and share your thoughts and ideas about the Lower Park Avenue area*

July 7, 2015 – Park City, UT

Park City Municipal Corporation is launching the Lower Park Avenue Design Studio to develop final concept plans for city-owned property in the Lower Park Avenue Redevelopment Area.

The Lower Park Avenue Design Studio will take place July 13-16, 2015 at the Park City Library. To kick off the studio, a community open house will be held on July 13<sup>th</sup> from 5:30 to 7:00 PM at the Park City Library community room on the 3<sup>rd</sup> floor. The open house is an opportunity for the public to meet the participants, provide additional thoughts about the area, and see the work space for the studio.

In addition to the open house, members of the public can view the work in action on Tuesday, July 14<sup>th</sup> and Wednesday, July 15<sup>th</sup> from 4:00 PM to 5:00 PM. The concepts developed during the Design Studio will be presented to the City Council during its work session on July 16<sup>th</sup>.

This is an innovative approach that brings diverse professionals together to inform a feasible development approach for several properties owned by the city. The team includes local and regional architects, land planners, developers and transportation professionals. The Design Studio, which focuses on city-owned land, will be a catalyst for a long term redevelopment approach in Lower Park Avenue.
