Subject: Sorry I Missed Tonight's Planning Commission Meeting (Oct 12 '16)

Hello,

I really wanted to attend this evening's meeting but was ultimately not able to make it there.

Although I've only lived in Park City for 18 months and don't have the deep understanding of this project's history, I've looked into it for a couple of months now. And based on what I've seen, if the development included a number of high rise towers at the base of the PCMR resort, I believe that would negatively affect the historic, old-school aesthetic of the existing neighborhoods and indeed the entire vibe of Old Town.

I hope to attend subsequent meetings on this issue, and personally voice my concerns.

Sincerely,

Dave Cushing
