Re: Availability of Utilities for Three Kings Night Ski Lighting

This is to verify that **PacifiCorp** d.b.a. **Rocky Mountain Power**:

- 1) Has sufficient capacity at the present time to provide, single and three phase power to the above titled development / project.
- 2) I will review the development plans, when they're submitted by:
Park City Mountain Resort Developer(s).
Electric service will be provided under the prevailing "Rates and Regulations", as filed with the "Public Utilities Commission of Utah".
- 3) Adequate rights-of-way or easements either presently exists or will be provided by the developer to supply the requested services(s).

Sincerely,

R. Duane Layton
Journeyman Estimator
