

**PARK CITY
STORMWATER**

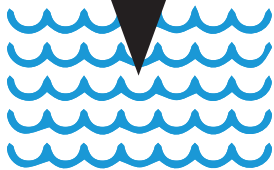

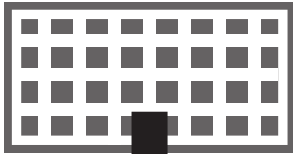

INITIATIVE

NO DUMPING!

EVERYTHING YOU PUT IN HERE

ENDS UP IN HERE

Did you know that our storm drains are directly linked to McLeod and Silver Creeks? Dumping directly into a storm drain is not only unhealthy for the organisms that live in our creeks, but it is also illegal.

Don't dump paints or vehicle fluids like oil or coolant in the storm drains!

Recycle used motor oil and batteries!

Don't brush grass clippings, leaves or fertilizer in to the storm drains!

Pick up after your pets!

Properly dispose of chemicals! Contact Recycle Utah or Summit County Landfill to see where to dispose of your materials

**NEVER DUMP ANYTHING DIRECTLY INTO A STORM DRAIN!
LET'S ALL WORK TO KEEP PARK CITY'S WATER CLEAN
TO PRESERVE OUR WAY OF LIFE!**
