Traffic congestion increases in the morning from 7:00-9:00 a.m. as students go to school and before the resorts open, as well as in the evening from roughly 4:00-6:30 p.m., after the resorts have closed and during evening commuting hours. Lowell Avenue, Empire Avenue, Lower Deer Valley Drive, Bonanza Drive, SR-224, and SR-248, specifically, experience increased traffic and congestion during these time periods.

areas. In order to pull over in these drop and load areas, the driver must remain in the vehicle and must be actively dropping off or loading in passengers. Please mind all posted signs.

“Special Use of Public Parking” Permits

“Special Use of Public Parking” Permits are required if a business owner or company needs to load in/out of a Main Street venue, requires crowd control, park a satellite truck, store a POD , requires a lift/boom, or if an activity requires the use of public parking spaces.
