

READY – Prepare Now

Be aware of the hazards that can threaten your community.

- Take steps now to prepare for seasonal threats.
- Register with the City's emergency notification system at www.parkcityalerts.org
- Connect with Park City on social media - @parkcitygovt on Twitter and Facebook
- Make a family evacuation and communication plan that includes family phone numbers, out-of-town contacts, and family meeting locations.
- Build an emergency go-kit with enough food, water, and necessary supplies for at least 72 hours (168 hours is preferable). Plan for one gallon of water per person in the household per day and add more for cooking and pets. Start with the five Ps; people and pet supplies, prescriptions, papers, personal needs, and priceless items.
- Check with your neighbors, family, and friends to ensure they are READY.
- Keep up to date on local news, weather watches, and weather warnings. Local sources of information include KPCW (kpcw.org, 91.7FM), Park City TV, and other local television stations. In addition to the Integrated Public Alert and Warning System, Park City Municipal also operates a 1700AM highway alert radio station that will be used during a major incident to continuously broadcast emergency information.

SET – Be Alert

Know there is significant danger in your area.

- Residents should consider voluntarily relocating to a shelter or with family/friends outside the affected area.
- Grab your emergency go-kits.
- Keep in mind unique needs for your family or special equipment for pets and livestock.
- Stay aware of the latest news and information from public safety officials.

This might be the only notice you receive. Emergency services cannot guarantee they will be able to notify everyone if conditions rapidly deteriorate. Be SET to GO.

GO! – Evacuate

Danger in your area is imminent and life threatening.

- Residents, visitors, and businesses in the impacted area should immediately evacuate the area.
- If you choose to ignore this advisement, you must understand emergency services may not be able to assist you further until the danger has passed.
- Follow instructions from emergency personnel, stay on designated evacuation routes, and avoid closed areas.

The 5 Ps of Evacuation

- **People and Pets** and other animals/livestock and supplies.
- **Prescriptions** with dosages, medicines, medical equipment, vision and hearing aids, batteries, and power cords.
- **Papers** including important documents (hard copies and/or electronic copies saved on external hard drives or thumb drives), insurance papers, contacts.
- **Personal Needs** including clothing, water, baby supplies, food, cash, credit cards, first aid kits, phones, and chargers. Items for people with access and/or functional needs, such as older adults and children.
- **Priceless** items including photos, irreplaceable mementos, and other valuables.

Emergency Mass Notification System

Park City has a system in place designed to quickly notify an affected area of an emergency by sending a voice or text message to you. Visit www.parkcityalerts.org to sign up for emergency alerts!
