1. Describe how your event honors Park City's unique community goals and enhances the collective goodwill that features legacy events, distinct traditions, and authentic local culture, including ties to the people, places, and history of Park City. Outside events that partner with a local nonprofit or business to check a box will not meet this criteria.

2. Does your event fundamentally align with the City’s Critical Priorities and Core Values as adopted by the City Council? If yes, how so?

3. Is your event’s attendance targeted primarily at local participation from Park City residents, employees and businesses? A growth or marketing model to bring attendance from outside of the Wasatch Back region should be secondary to local attendance and participation.

4. Does the event provide free or affordable options for local Park City resident attendance?If so, how?

5. Does the event offer free or affordable options for underserved populations? If so, how?
