CP0003 Old Town Stairs

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0003	Recommended	Twombly	\$181,761	\$898,103	\$779,864	Inclusive & Healthy Community

Description

An ongoing program to construct or reconstruct stairways in the Old Town Area. Stairways that are in a dilapidated condition beyond effective repair are replaced. Most of the stair projects include retaining walls, and drainage improvements.

4 blocks of stairs on 9th & 10th Streets are complete. Contract closeout should be final by March, 2024. Other stair connections are pending with private development in the area.

CP0009	Recommended	Fjeldsted	\$12,995,702	\$3,237,296	\$5,625,513	Thriving Mountain Town

Description

This program provides for the replacement of the existing transit fleet as well as the expansion of new buses. Federal Transit Administration typically provides 80 percent of the purchase cost.

Status Council has approved a purchase of 7 new electric buses, 3 depot chargers and 1 Trolley electric bus. This procurement is anticipated to take 2 years before new buses are onsite. These buses will be purchased with ~80% grant funding and ~20% local match.

CP0036 Traffic Calming

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0036	Recommended	Robertson, J.	\$281,719	\$64,875	\$42,856	Thriving Mountain Town

Description

Over the last few years residents have expressed concerns with the speed and number of vehicles, safety of children and walkers. The interest of participation for traffic calming has come in from all areas of town. Funding covers traffic studies, placement of traffic calming features, signage, minor hardscape improvements, warrant analysis, and public outreach efforts.

Funds used to address projects that are a result of a complaint or as identified during the NTMP process. Funds are used on a yearly basis per the number of requests that are submitted or issues identified. I will be requesting another \$150K for the 2025

CP0041 Trails Master Plan Implementation

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0041	Recommended	Deters	\$1,204,532	\$862,873	\$647,494	Preserving & Enhancing the Natural Environment

DescriptionStatusThe Trails Master Plan Fund allows for the planning and development of trail-related projects. Funding
for this includes grant funding awarded for the Rail Trail improvements and Meadows Drive Trailhead.
Major projects identified for FY25 include McLeod & Meadows Trailheads and a Tree Planting ProjectThe two trailhead projects were advertised for construction bids. The lowest bid was significantly
higher than the engineer estimate and takes into account the Planning Commission direction to
relocate the McLeod trailhead to the other side of the road. \$

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0269	Recommended	Cartin	\$58,882		\$58,882	Thriving Mountain Town

Description	Status
Council directed project to use left over Johnson Control funds to continue energy efficiency projects w ithin municipal facilities (the goal of the JCI project). Municipal departments can apply for energy effici ency funds and the "loan" is paid back.	This fund allows departments to pursue energy conservation projects with high ROIs. This fund allows us to act on these opportunities immediately, accelarating payback periods and reducing unecessary energy spend. Many of these projects take advantage of utility provided rebates. Projects scoped for s pring 2015 are estimated to generate \$75,000 in anual utility savings for this year. There are secondar y operational savings that we do not account for. Successful work with this fund will help this total to continue to grow.

CP0280 Aquatics Equipment Replacement

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0280	Recommended	Fisher	\$285,479	\$58,981	\$185,091	Preserving & Enhancing the Natural Environment

Description

There is no capital replacement fund for the two outdoor pools. This will be set up to build a fund balance for the eventual replacement of pool infrastructure and equipment. This year we had to use Asset Management Funds for several repair/replacement

This fund is used to replace capital infrastructure for the pools such as pumps, boilers and other maintenance related items. After the large replastering project, the current funds are being use for leak detection and pipe/pump replacement in the spa.

CP0613 Email For All

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0613	Recommended	Robertson	\$700,000			Engaged & Effective Government & Citizenry

Description	Status
The City employs staff in roles that typically do not need computer access, such as full-time regular (FTR), part-time (PT), and seasonal positions. However, these roles increasingly require occasional access to digital tools and internet resources. Such access also helps communication and disseminate vital information like HR policies. The proposed budget would fund licenses for email and Office 365 services (~\$800 user/yr.) and support automation of account management.	New funding request

CP0617 Library Building Improvements

Code	Priority	Manager	Total Budget	YTD Expenses	Carry Forward	Council Goals
CP0617	Recommended	Juarez	\$25,000			Engaged & Effective Government & Citizenry

Description	Status
The Library Board and Staff Conducted a 10-Year Facility Analysis to evaluate building needs post- renovation as 10 years have passed since the building remodel. This analysis led to a needs analysis that includes replacement of the current information desk which is chipped and worn, as well as not reasonably functional space. In addition, the direction of the desk has staff looking into backlight through the patio doors in the coffee shop making it so you cannot see the faces of patrons as they approach and causes problems for staff with light/vision sensitivities. Also, there is a need for furniture replacement in the front browsing area including display tables, and needed furniture to create study space on the 1st Floor of the building that will benefit areas in the building where lighting is low making use of collections and resources difficult, especially for those with limited vision, making this an accessibility issue.	Information Desk Replacement - \$25K, Info Desk/Browsing Are Furniture Replacement, Browsing Tables, 1st Floor Quiet Study Area Furniture - \$25K, Lighting Upgrade - \$10K

BUDGET REQUESTS (BID SHEETS)

Program: Ice Rental

Description:

ICE	The goal of this program is to allow User Groups to facilitate progressive programming and sell
FACILITY	underutilized ice for the enjoyment of locals and visitors.
	Local Clubs include Ice Miners (youth hockey), PC High School Hockey, Utah High School Hockey,
	Predators (women's hockey), Park City Pioneers, Figure Skating Club of Park City, Park City Speed Skating
	Club, Park City Curling Club and National Ability Center (sled hockey).
	Private Rentals includes all other ice contracts some of which include one-time activities hosted by
	companies or individuals (both local and visiting) who wish to rent the ice privately. The most common
	private rental activities are curling, ice hockey and broomball. Third party hockey camps are another
	private rental which provides programing to the local (and visiting) hockey community.

Council Goal:

141 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired Outcome

Wide Variety of Exceptional Recreation

Section 1: Scope

Change in Demand Program Experiencing a NO change in demand

Explanation

Demand for ice rental continues to exceed availability. We work to optimize the ice schedule to accommodate requests while preserving programming and access to the community.

Section 2: Proposed Amount / FTEs

Expenditur	es			Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Level of Service

Ice Rental Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program Benefits/Serves a SMALL portion of the Community and adds to their quality of life

Reliance on City

City is the sole provider of the service and there are no other public or private entities that provide this type of service

Mandated

No Requirement or Mandate exists

Section 4: Cost Savings / Innovation / Collaboration

ICEThe Program Coordinator works closely with all User Groups and private rentals to maintain an efficientFACILITYice schedule that mitigates underutilized ice.

In FY 17 we adjusted the day in which the ice schedule is finalized in order to accommodate more private rental requests. The date changed from the 15th to the 20th.

The Program Coordinator has been very motivated to promote private rentals during underutilized ice. He often acts as an instructor or an ice operator to ensure the rental happens.

Section 5: Consequences of Funding Proposal at Lower Level

ICE This program accounts for a significant amount of the facility's revenue and provides ice for all User
 FACILITY Groups to host programing. User Group participants make up a considerable amount of the facility's usage. Limiting private rentals would limit desired access for locals and visitors who desire to use the facility for a private function. There is significant revenue off set for all ice rentals so funding this program at a lower level is not advisable.

Description:

PUBLIC Public Art is a key component of the City. The mission set by the Public Art Advisory Board is to "Enrich and connect the community through visual art in public spaces." Most of the funding for public art comes ART through a capital project. This funding is for preservation and maintenance of the City's public art collection.

Council Goal:

139 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired Outcome

Vibrant Arts & Culture

Section 1: Scope

Change in Demand

Explanation

Program experiencing a MINIMAL increase in demand of Maintenance has become an issue recently as the City 1% to 4%

adds more and more public art.

Section 2: Proposed Amount / FTEs

Level of Service

Enhanced Level of Service Public Art

Section 3: Basic Program Attributes

Program Benefits/Serves SOME portion of the Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service

Section 4: Cost Savings / Innovation / Collaboration

Section 5: Consequences of Funding Proposal at Lower Level

PUBLIC ART City-owned public art would fall apart.

BLDG MAINT ADM	The Building Maintenance Department provides a variety of maintenance and support services for this program. It requires that event logistical support be performed in many areas of the community to ensure a smooth, successful event.
ECONOMY	The Special Events Department within the Economy Team oversees the management of all permitted Special Events. In addition to negotiating city services contracts, and facility rental, SE permits includes taking events from the application process to the day of execution of the event. Special Events Department is responsible for working with an event to secure all the required permitting and works with various city departments to coordinate logistics to ensure that the all impacts of the event are properly mitigated. Council's expectations for event mitigation, in particular for residents continues to increase dramatically
POLICE	Hundreds of hours are spent in planning and staffing the various events that are held. Close and trusting relationships have been developed between staff and event planners/promoters. Special events are vital to the promotion and economy of Park City, however, these events do increase traffic. Recently, additional traffic mitigation plans have been implemented during some large-scale special events, and this is increasing the staff requirement for special events.
PARKS & CEMETERY	Logistical support for City-sponsored events, i.e. field preps, waste management, facility cleaning and enhanced snow removal. Challenges to the goal of this program are: Overall growth of events competing for resources due to increasing number and scale of events and organizer expectations.
STREET	Logistical support for City sponsored events, i.e. barricades, message boards, waste
MAINTENANCE	management, street cleaning, and enhanced snow removal. Challenges to the goal of this program are: Overall growth of events, competing for resources due to increasing number and scale of events, and organizer expectations.
TRANSPORTATION	Provides enhanced transit service required to serve large crowds during Park City's major
OPER	events (i.e., Sundance and Arts Festival).
PARKING	Provides for enhanced parking management, enforcement levels, event material set up and
	tear down, during Sundance Film Festival, Kimball Arts Festival, 4th of July, Miners Day,
	Haloween, Pedestrianized Main Street, Etc, as well as assist Special Events whenever possible.

Description:

Council Goal:

023 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired Outcome

Varied & Multi-Special Events has been identified by Council as a high priority through Council's goalsSeasonal Event(Outcomes Area) and the strategic plan. The community has also expressed their desire forOfferingsSpecial Events through Chamber Bureau, citizen requests and outside organizers. The SpecialEvent program is a critical function to Park City's economic sustainability. Also, Special Eventplanning and staffing are essential for a safe and successful special event. Proper planningand staffing promotes a healthy event environment, which promotes Park City as a WorldClass Multi-seasonal Resort Community. Finally, Special Event transit services significantlyreduce traffic congestion on all City streets and enable the movement of large numbers of

people to event venues. Special Event Transit also reduces the need to expand roads and parking resources that would be required without strong transit support.

Section 1: Scope

Change in Demand

Program experiencing a MODEST increase in demand of 5% to 14%

Explanation

Ice (minimal increase): It is anticipated that demand for Special Events in FY 18 will be similar to that which we experienced in FY 17.

Section 2: Proposed Amount / FTEs

Level of Service

Special Events Same Level of Service

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

BLDG MAINT ADM	The Building Maintenance Department continually looks for creative ways to increase efficiency through innovation. An example is the ability to provide separate access keys to buildings during large access here a constraint access here a constraint.
	during large scale special events without compromising the City's overall security.
ICE FACILITY	Due to limited ice along with a short summer schedule, the ice arena has become more
	efficient with booking camps. The Figure Skating Camp and Pioneer Camp have worked
	together to allow for both camps to take place on the same week.
PARKS &	Being in the Public Works Division, the Parks & Fields Department has a primary maintenance
CEMETERY	and assistance function in supporting Special Events. Working collaboratively with other
	agencies, departments and outside organizers has created efficiencies which allows for greater
	participant satisfaction and enhancing the overall experience that will propel us above the
	competing venues.
TRANSPORTATION	Park City and Sundance collaborate on both traffic and transit planning year round to ensure
OPER	the event runs as smoothly as possible. Transit's new GPS\AVL system have begun to
	revolutionize the way we operate our special event services by providing real time locations,
	real time passenger loads, origin\destination information, automatic stop announcements, and
	on-time performance reporting.
PARKING	Park City moved its parking enforcement operation from one being provided to the City by a
	third party contractor to an in-house operation. The objective of this move was to improve
	customer service while still maintaining effective compliance with parking regulations. Initial
	indications are the in-house program will prove very successful. Parking has added significant
	technology enhancements in the past year including pay-by-phone, on line citation appeals and
	citation payments, real time info available to enforcement officers in the field and automated
	license plate recognition systems all of these enhancements improve the level of customer
	service delivered.

Section 5: Consequences of Funding Proposal at Lower Level

ICE FACILITY	If funding is cut to this program, then the number of special events held would be reduced and the level of service provided to event planners would be reduced, which could impact overall satisfaction. In addition, revenues from ice rentals from events would be reduced.
FIELDS	
POLICE	Funding at a reduced level would create a reduced level of service, which would have a direct negative result on the success of any particular event.

PARKS & CEMETERY	The consequences of lowering the funding for this program include: Reduction in Park City being a "destination resort". There would also be a decrease in financial and cultural benefit to the community.
TRANSPORTATION	Staff does not recommend lower funding levels for this program. Should Council direct Staff to
OPER	reduce expenses in the program, then days, hours and\or routes served during special events
	would need to be reduced. This reduction would impact the City's ability to support the major
	events served and result in increased congestion during those events.
PARKING	Staff does not recommend funding the program at a lower level than currently approved.
	Program revenues are sufficient to cover program costs. Current level of funding enables
	Parking Services to provide for a high level of customer service while maintaining reasonable
	parking regulation compliance.

Description:

ECONOMY	Back country trail maintenance services are provided through a professional service agreement with
	Mountain Tr4ails Foundation. The 5 year agreement is due to expire in December 2020.
	The current budget allocation of \$25,000 anticipates services provided to the trail system of 2015. Since
	2015, the following additions to open space and trails have been realized.
	1. 1500 acres of open space
	2. 23 additional miles of trails (single track/back country)
	3. Increase 17K of winter trails
	4. 20% increase in labor costs
	5. 15% increase in machine costs
	6. 2\$/mile trail construction cost.
	Staff anticipates SSC funding associated with MTF winter grooming to offset this request.
	Staff finds that funding associated with this service and a subsequent contract with MTF (in comparison
	with related services and budgets at Snyderville Basin Special Service District) saves PCMC over \$300,000
	annually.
	Additionally funding is also off set with MTF adopt a trails programs and joint grant related projects.

Council Goal:

045 Authentic Local Culture

Criteria for Meeting Desired Outcome

Abundant, Preserved
and Publicly-Trails are a high priority goal for Council, as well as for the community. Enhancement in data
collection will help meet goals established in the Transportation Master Plan, as well as workAccessible Open Spacetowards providing a better understanding of the public's use of the facility and the possibility
of providing some data, which may help provide a glimpse into the fiscal impact of trail users
on the Park City economy. Oversight and implementation of trail event fees and criteria will
help fund and protect the public resource.

Section 1: Scope

Change in Demand

Program Experiencing a MODEST increase in demand of 5% to 14%

Explanation

Section 2: Proposed Amount / FTEs

Expenditures

Section 3: Basic Program Attributes

Community Served Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

ECONOMYCost savings: Specific oversight of trail event criteria and fees will specifically offset trail maintenance and
deter events which may damage the facility or negatively impact the public's ability to access the trail
system. Innovation: There is very little to no current data on the fiscal impact of trail users, their
demographics or desires per the Park City trail system.

Section 5: Consequences of Funding Proposal at Lower Level

ECONOMY Trails are a high priority goal for Council, as well as for the community. Enhancement in data collection will help meet goals established in the Transportation Master Plan, as well as work towards providing a better understanding of the public's use of the system. Furthermore, oversight of trail event criteria and fees may result in negative impacts on the trails and trail user experience.

Level of Service

Economic and Redevelopment Same Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

ECONOMY By maximizing efficiencies of existing staff resources, skills and talents, we've limited consulting service needs. Collaboration with the Chamber, through our Joint Venture, has allowed the Chamber to take lead on procuring studies on Event center & Financial impacts of events, leading to a more nimble and efficient procurement process. The Joint Venture budget was increased \$70k to pay the Chamber to market the St. Regis because we've estimated the St Regis generates \$125k in resort sales tax.

Section 5: Consequences of Funding Proposal at Lower Level

ECONOMY 1. Less direct revenues (sales, resort, transient room taxes); 2) Less ROI on resources spent; 3) Additional community impacts stemming from events; 4) Reactive (or less)policy refinement, programs and vetting of partnering opportunities; 5) Less realization of City Capital goals; 6) Diminished level of service for trails, open space and walkability.

PC MARC	The PC MARC is a 80,000 sq ft facility that has an indoor track, 4 indoor tennis courts, bouldering wall,
	weight & cardio are, group fitness studios, gymnasium, child care & pro shop. Outside it has 7 tennis
	courts, 4 pickleball courts a lap pool, hot tub and leisure pool.
FIELDS	The Recreation Department is responsible for all programs and scheduling that occur on all the playing
	fields in Park City, both for recreationally-run programs as well as competitively run programs. The
	department also schedules all pavilion rentals and acts as a "field broker" for scheduling private
	tournaments on City fields.
PARKS &	The Parks and Fields Maintenance Departments provide a variety of services, maintenance and
CEMETERY	tournament support for this program. It requires that Parks, Turf & Athletic Fields services and
	maintenance be performed in various City park areas of the community to ensure safe, high quality
	park facilities for citizens, visitors and park users.

Council Goal:

061 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired Outcome				
Wide Variety of	Recreation, Trails and Open Space has been identified by Council as a high priority through			
Exceptional	Council's goals (Outcomes Area) and the strategic plan. The community has also expressed			
Recreation	their desire for quality parks, turf and athletic fields through citizen requests and community			
	satisfaction surveys. The Parks, Turf and Athletic Fields program is a critical function and			
	community amenity.

Parks, Turf & Athletic Fields Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service

Reliance on City

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

PC MARC	Recreation: Staff works closely with Basin Recreation to ensure efficient scheduling for the right sport/event on the right field. We coordinate field resting and scheduling so no one facility gets overused.
PARKS & CEMETERY	Collaboration: Being in the Public Works Division, the Parks and Fields Departments has a primary maintenance and field set-up function in supporting various events and Western Summit County recreation programs. Working collaboratively with other governmental agencies, departments, and the Recreation District has created efficiencies, which allows for greater productivity. The Parks / Fields Department continually looks for creative ways to increase environmental stewardship and water conservation.

Section 5: Consequences of Funding Proposal at Lower Level

PARKS &The consequences of lowering the funding for this program will drastically impact the quality of theCEMETERYfields and therefore affect our ability to meet the expectations of the program users. There would also
be an increase in citizen and user group complaints due to established community expectations. Field
users outside of recreation would not be able to schedule practice time and this would likely result in
increased conflicts on the field.

PARKS &	The Parks and Fields Maintenance Department provides a variety of services, maintenance and capital
CEMETERY	renewal for this program. It requires that Park Amenities & Infrastructure be maintained throughout
	town to ensure safe facilities. Items included in this program are: playgrounds, skate park, BMX park,
	field lighting, old town stairs, fencing, pavilions, benches, and picnic tables. These items are
	maintained properly to protect these valuable assets. Challenges to the goal of this program are cost
	of maintaining aging infrastructure while the use of the facilities increases.

Council Goal:

063 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Wide Variety of	Recreation, Trails and Open Space has been identified by Council as a high priority through
Exceptional	Councils goals (Outcomes Area) and the strategic plan. The community has also expressed
Recreation	their desire for Park Amenities through citizen requests and community satisfaction surveys.
	This program is a critical function in protecting City assets.

Reliance on City

City provides program and program is currently being offered by other private businesses within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

TECHNICAL &GIS provides cost savings by decreasing redundancy and enabling improved workflow. Several
departments are GIS enabled and the city is using the leading software platform. Regional GIS
partners include SBWRD, Mountain Regional, Summit County, PCFD, and the AGRC, for data
sharing, process improvement, and application development.

Section 5: Consequences of Funding Proposal at Lower Level

TECHNICAL &The program cannot grow, or in some cases cannot be maintained without adequate support.CUSTOMERSatisfaction with the GIS system and staff will decline. GIS could stagnate in terms of dataSERVICESenrichment, software tools and user interface. GIS requests being declined or other failures posethe greatest risk to the overall investment in the program.

BUDGET,	The Budget department currently provides management oversight and administration on grants. As
DEBT &	outlined in the grant policy, the Budget department reviews all grant applications and provides grant
GRANTS	writing assistance when necessary. The department prepares grant-related budget adjustment,
	monitoring and drawdowns of state and federal funds. The department is responsible for assuring
	that the City complies with all grant-related requirements and clauses and that the City fulfills its
	reporting requirements. The department is responsible for Federal requirements such as Davis-Bacon,
	DBE, Title VI, Buy America and all other requirements.

Council Goal:

085 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	Council has approved in the Strategic Plan, Open and Responsive Government, that one of
Sound	their Desired Outcomes is to be fiscally and legally sound. In order to be fiscally sound as a
	City, it is of the upmost importance that Council, the City Manager, and staff have a high
	level of grant administration capability.

Section 1: Scope

Change in Demand

Explanation

Program experiencing a MINIMAL increase in demand of 1% to 4%

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life **Reliance on City**

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

GOLF MAINTENANCE

Cost Savings: The Golf Maintenance Department installed new sprinkler head conversions with the goal of increasing sprinkler head efficiency and therefore reducing irrigation use. The Golf Maintenance Department continually looks for creative ways to increase environmental stewardship, decrease carbon footprint, through innovation. Examples include: The installation of a variable frequency drive irrigation pump station, purchase 5 hybrid greens and 2 hybrid fairway mowers that reduces fuel consumption, an environmentally input based irrigation control system, first all-electric utility vehicle, and green waste recycling. Industry trends are to move toward environmental stewardship, organic and biological pest controls.

Section 5: Consequences of Funding Proposal at Lower Level

GOLF MAINTENANCE

The consequences of lowering the funding for this program include reductions in: turf quality, routine maintenance, preventative maintenance, and capital replacement. There would also be an increase in citizen and user complaints due to established community expectations.

Explanation

Description:

PARKS &	The Parks and Fields Maintenance Departments provide a variety of service and maintenance for this
CEMETERY	program. It requires that trash cleanup be performed throughout City facilities to ensure the
	preservation of the Park City "brand", public safety and overall cleanliness. Items included in this
	program are: sweeping and trash removal service along sidewalks, bike paths, City facilities, Parks and
	right-of-ways. Challenges to the goal of this program are increasing use of stickers on city equipment
	and facilities. This program supports maintenance to City owned open space property.

Council Goal:

101 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	Recreation, Trails and Open Space has been identified by Council as a high priority through
Assets and	Councils goals (Outcomes Area) and the strategic plan. The community has also expressed
Infrastructure	their desire for trash clean-up through citizen requests. The Cleanup program is a critical

Trash Clean-Up Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

PARKS &	Innovation: The Parks/Fields Department continually looks for creative ways to increase productivity,
CEMETERY	environmental stewardship, and service levels. Recent examples include: expanded recycling program
	throughout town. Industry trends are to move toward a higher degree of recycling.

Section 5: Consequences of Funding Proposal at Lower Level

FIELDS	
PARKS & CEMETERY	The consequences of lowering the funding for this program include: less preventative maintenance impacting the look, feel and cleanliness of Park City. A reduction in funding may also affect the overall recycling program.

GOLF	This program funds the majority of golf shop operations, which include: course management, personnel
PRO	training, utility costs, golf car maintenance, capital costs, HOA dues, inter-fund transfer and other
SHOP	operational areas. The golf shop is in operation typically from mid-April to early November. The shop is
	open 7 days a week from 6 AM until 9 PM during peak summer months. Fixed operational costs such as
	utilities, HOA fees, and software licensing are constant expenses.

Council Goal:

103 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Wide Variety of	Recreation has been identified by Council as a high priority through Council's goals
Exceptional	(Outcomes Area) and the strategic plan. The golf course is a vital piece in providing a multi-
Recreation	seasonal resort experience. The golf course is a self-sufficient enterprise fund that funds all
	operational and capital expenses from user fees.

Section 3: Basic Program Attributes

Community Served

Program benefits/serves SOME portion of the Community and adds to their quality of life

Reliance on City

Mandated

No Requirement or mandate exists

City provides program and program is currently being offered by other private businesses not within City limits

Section 4: Cost Savings / Innovation / Collaboration

ICE Cost Saving:

FACILITYFull time staff are cross trained to be able to open and run the front desk and resurface the ice. Support
during busy public sessions and events are often provided by full time staff. Full time staff can leave desk
work to help during a rush or assist with a patron who needs more attention. During the week, this allows
staff to provide great customer service without having an additional part time staff on the desk.
The Front Desk is closed during more adult league games. Although this is not our desired level of service
we continue to look for was to meet the needs of patrons during this time. Score keepers are now
assisting patrons between games to leave or pick up skates (for sharpening).

The ice arena strives to incorporate technology into our ice programs. Marketing and communication of programs is done primarily through the rink's website, social media, and e-mail blasts. This has allowed for a reduction in marketing costs.

Collaboration:

Staff has worked closely with user groups to create an efficient ice schedule for youth based user groups and rink run programs, maximizing ice utility in the afternoon and early evening. The efficiencies allow for adult based user groups and rink run programs such as the Adult Hockey Leagues to begin and end earlier in the evening, allowing for leagues to grow by adding games later into the evening.

In FY 15 off ice ballet classes moved to a new location at the PC MARC. Staff agreed that pre-registrations revenue would go to the Ice Arena and drop in revenue would go to the MARC. This allowed the Ice Arena to keep the program and provides a new revenue source for the MARC. The Ice Arena pays for the cost of the instructor. The collaboration allowed the program to support developing athletes for which the floors at the ice arena were not sufficient for their improving skills. Innovation:

Staff continues to creatively increase participation and ice utilization in our programs. During the Late Fall session of Hockey Academy, part of the ice was underutilized during the class. Staff opened the available ice up a Cheap Skate, making the only afternoon public skating session and giving an opportunity for beginner skaters who needed ice for private lessons.

Staff continues to creatively increase participation and ice utilization in our programs. New facility software is providing a better customer experience for all patrons.

Section 5: Consequences of Funding Proposal at Lower Level

ICE If funding levels are below what is currently provided, the Ice Arena may have to limit the capacity of programs and/or eliminate certain programs due to lack of staff resources. Funding at a lower level will result in lower-quality instruction and the loss of participants due to dissatisfaction with the quality of instruction and lack of skill development. A reduction in class offerings would impact revenues as well as result in slower growth for user groups (the youth hockey organization, figure skating club and speed skating club) that depend on rink run programs (Skating & Hockey Academy) to attract and develop skaters, stimulate interest in ice sports and create participants for their programs/clubs.

PC MARC	The Recreation Department programs and keeps records for the facility. We are also a resource for
	those researching family historyCurrently staff is available 7 days a week for cemetery emergencies.
	We will begin selling cremation spots in the spring with the opening of the cremation garden.
PARKS &	The Parks Department is responsible for the maintenance and upkeep of the cemetery including
CEMETERY	interment services. Items include turf maintenance, mowing, irrigation, tree & shrub maintenance,
	grave opening & closing, leveling sunken graves and monuments.

Council Goal:

106 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Citizen Wellbeing	Recreation, Trails and Open Space has been identified by Council as a high priority through
	Council's goals (Outcomes Area) and the strategic plan. The community has also expressed
	their desire for Cemetery services. The Cemetery program is a critical function which greatly
	benefits Park City's sense of community.

Section 1: Scope

Change in Demand Program experiencing NO change in demand Explanation

Cemetery is completing a cremation garden which will open cremation spots for the community

Cemetery Same Level of Service

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

PC MARC	The construction of the Memorial Wall will allow residents to be memorialized in the cemetery
	without having to purchase a plot.
PARKS &	Collaboration - Being in the Public Works Division, the Parks Department has a primarily maintenance
CEMETERY	and interment function in supporting the community. Future collaboration with other governmental
	agencies, such as Summit County, to develop a new regional cemetery will relieve some pressure on
	the Park City Cemetery.

Section 5: Consequences of Funding Proposal at Lower Level

PC MARCSee belowPARKS &The consequences of lowering the funding for this program include reductions in: turf & tree quality,CEMETERYpreventative maintenance, and response time after the burial services. There would also be an
increase in citizen complaints due to established community expectations. The paper records would
be transferred to electronic records at a slower rate and cemetery inquiries would likely be restricted
to Mon - Fri during regular business hours.

Explanation

Description:

RECREATIONThe department currently offers a wide variety of youth recreation programs. These include such
activities as aquatics, soccer league, variety of camps, clinics, enrcichment classes, skateboarding,
dirt jump clinics etc.

Council Goal:

109 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired OutcomeWide Variety of
ExceptionalRecreation has been identified by Council as a high priority through Council's goals and the
strategic plan. The community response to our programs is very positive as every year
programs fill up, which causes us to add additional programing to meet the demand from the
community.

Section 4: Cost Savings / Innovation / Collaboration

PC We have all staff involved in the cleaning of the facility by creating a team atmosphere where they have*MARC* ownership to how the facility looks and is maintained.

Section 5: Consequences of Funding Proposal at Lower Level

PC MARC Operations would be reduced likely reducing the hours the facility is open.

The Historic District Grant Program was established in 1987 to assist property owners in
maintaining historic residential and commercial structures by offsetting the costs. The Historic
Preservation Board (HPB) reviews these applications on a monthly basis, as necessary, and grants
funds from the Capital Improvement Projects (CIP), and Lower Park Avenue RDA. In the past funds
were additionally available from the Main Street RDA but all funds are now being relegated to
other projects. With the loss of incoming funding from the Main Street RDA the City would require
designating some CIP funds to the Grant Program to allow property owners to continue to utilize
the program and maintain their historic structures. These funds must be included in the operating
budget. Funds will be taken from Capital, resulting in a zero-sum change for the City.

Council Goal:

114 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Historic Preservation	The Historic Preservation Board will review applications and will award grant funds on a
	monthly basis. Funds shall be awarded to projects that provide a community benefit of
	preserving and enhancing the historic architecture of Park City. Eligible Improvements
	include, but are not limited to: *siding *exterior trim *windows *exterior doors *foundation
	work *cornice repair *masonry repair *porch repair *structural stabilization *retaining walls
	of historic significance/steps/stairs. Maintenance items, such as exterior painting and new
	roofing, are the responsibility of the homeowner, but may be considered under specific
	circumstances. Non-Eligible Improvements include but are not limited to:
	*interior remodeling *interior paint *additions *signs *repair of non-original features
	*interior lighting/plumbing fixtures * landscaping/concrete flatwork

Section 3: Basic Program Attributes

Program benefits/serves SOME portion of the Community and adds to their quality of life **Reliance on City**

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

BUSINESS	This program is collaborative in its very nature. By working with the HPCA or the experts of
IMPROVEMENT	Main Street rather than doing something in-house, it enhances the services of the Main
DISTRICT	Street area.

Section 5: Consequences of Funding Proposal at Lower Level

BUSINESS	The City is currently under contract with the HPCA for a certain level of service. The
IMPROVEMENT	contract would need to be renegotiated for a lower level of service, but in theory the
DISTRICT	service could be reduced to zero.

PLANNING	The Planning Department works with developers, applicants, and residents to implement the City's
DEPT.	Historic District Design Guidelines. This review process is carried out in a two-part process that involves
	a pre-application and a complete application meeting. In addition to this design review function, the
	Department consistently updates the Historic Sites Inventory (HSI) and has created a new set of Design
	Guidelines that have been in use since 2019. Currently the Planning Department carries out all Historic
	Preservation functions for the City, including HDDR (Historic District Design Review), Historic Site
	Inventory (HSI) updates, Guideline revisions, management of the Historic Preservation Board, etc.

Council Goal:

116 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Historic Preservation	The Department handles all of the Historic District Design Review functions for all the
	Historic Districts. This includes Pre-App meeting with the Design Review Team (DRT) and the
	pending detailed Staff review. This also includes all Historic Site Inventory updates, updates
	to the Historic District Design Guidelines, implementation of the City's grants for historic
	work, and Main Street National Register efforts. This is an essential component to
	maintaining the Preservation of Park City Character - a primary goal of the City Council.

Explanation

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by other private businesses not within City limits Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

PLANNINGThe assigning of a single Planner/Architect to lead these efforts has proven extremely beneficial and
efficient. As coordinator of all things "historic" in the Department, the result has been improved timing
for applications, improved consistency, improved design efforts, and improved tracking of all historic
projects/activity.

Section 5: Consequences of Funding Proposal at Lower Level

PLANNINGA reduction in funding would lead to delays for addressing historic design applications, a decreasedDEPT.ability to utilize our historic preservation consultant, an inability to proactively address new programs,
and an inability to monitor the National Register District.

TENNIS Currently we administer 7 tennis courts year round and an additional 4 courts during half the year. The department also has four outdoor pickleball courts. The tennis department administers many special events during the year. We currently host several regional and local events. League play is very active with over 250 player's participating. Tennis operations handle the administrative functions of the department. They schedule and coordinate lessons, clinics, socials, tournaments, camps, and leagues.

Section 3: Basic Program Attributes

Explanation

Community Served

Program benefits/serves SOME portion of the Community and adds to their quality of life City provides program and program is currently being offered by other private businesses not within City limits

Reliance on City

Section 4: Cost Savings / Innovation / Collaboration

TENNIS We have implemented a "house league" for ladies tennis which allows our patrons to play in a league against other PC players without having to travel to SLC. This is also a strong revenue generator as we don't pay sanctioning fees for this league.

Section 5: Consequences of Funding Proposal at Lower Level

TENNIS Reduced programing and lessons resulting in lower customer satisfaction with tennis.

No Requirement or mandate exists

MAIN	Annually, the City will allocate funding to be used towards retaining and growing existing businesses and
STREET	attracting and promoting new organizations that will fulfill key priority goals of the City's Biennial
RDA	Strategic Plans and General Plan. Funding will be available for relocation and/or expansion of current
	businesses, and new business start-up costs only.

Council Goal:

121 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired Outcome

Resilient and Sustainable Economy

Section 1: Scope

Change in Demand

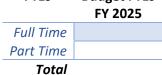

Explanation

Program Experiencing a MINIMAL increase in demand of 1% to 4%

The program is very limited right now. The \$20k can move the needle for one small company, but not for a larger company, nor for multiple companies in the same year. Last Grant we took to Council, they expressed a willingness to fund beyond the \$20k in

Section 2: Proposed Amount / FTEs

Expenditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Community Served

Program Benefits/Serves a SOME portion of the Community and adds to their quality of life

Reliance on City

Mandated

No Requirement or Mandate exists

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Section 4: Cost Savings / Innovation / Collaboration

MAIN STREETOne of the Grant Criteria, per Utah State Code requires ability to achieve direct or indirectRDAeconomic/tax benefit = to or greater than City's contribution.

Section 5: Consequences of Funding Proposal at Lower Level

MAINWe would be able to keep the current grant program going but at a lower level, which would result inSTREETtwo possible or blended outcomes: 1) reduction in overall # grants awarded (fully fund the \$20k to oneRDAor two applicants) = less economic retention & diversification; or 2) reduced funding to each grantrecipient (meaning split the monies between applicants) = less bang for the buck and less ability to
actually move the needle = less Econ diversification.

TENNIS The Pro Shop is located in the front entry of the PC MARC. The Pro Shop is run & managed by the tennis department and is open 55 hours per week. We carry tennis & fitness apparel, logo wear, and tennis racquets. We also carry a wide range of strings & grips and string racquets. The pro shop carries a wide range of tennis & fitness apparel. The shop is open Monday thru Friday 8:30 to 6:30. We provide 24 hour turn around on racquet stringing.

Council Goal:

128 Authentic Local Culture

Desired Outcome:

Criteria for Meeting Desired OutcomeWide Variety of
Exceptional
RecreationRecreation has been identified by Council as a high priority through Council's goals and the
strategic plan. The community response from the opening of the PC MARC has been very
positive. The merchandise in the shop has been well received.

Section 3: Basic Program Attributes

City provides program and program is currently being offered by other private businesses within City limits

Section 4: Cost Savings / Innovation / Collaboration

PC We utilize free services from KPCW & Park Record. The department writes and records all of its own radio
 MARC ads and creates newsletters and flyers in house. We partner with the ice arena on certain advertising to ensure cost effectiveness. We update our website and change the layout within our department. We have partnered with community organizations such as Park City Mom's & Jane's list to get information out. We utilize social media with regular posts to keep "Friends" informed. This year the Play Magazine will be digital resulting in an \$8,635 savings.

Section 5: Consequences of Funding Proposal at Lower Level

PC We would not be able to increase visitor usage of the facility and if the budget was cut we would likely stopMARC publishing the Play Magazine which through surveys is one of the top ways residents learn about programs.

MCPOLIN	The McPolin Farm is a public facility owned and operated by Park City Municipal Corporation. The Farm
BARN	serves the community by hosting educational programs and a variety of events for the community and
	facilitates access at no fee or a reasonable fee. The Farms aims to balance the use of the facility among
	the ENTIRE community while being flexible and responding to changing needs of community, as well as
	preserve the historic and sentimental integrity of the Farm as open space and protect Farm from
	overuse. The citizens of Park City wish to retain and preserve the historic quality of the buildings, focus
	on the local use of the building, maintain public access, maintain the intimate high quality atmosphere
	and foster community use of the Farm.

Council Goal:

132 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Varied & Multi-	The McPolin Farm has been identified by staff, City Council and the National Register of
Seasonal Event	Historic Places as one of the best preserved historic farmsteads in Summit Countyand the
Offerings	only significant farmstead within the municipal boundaries of Park City. PCMC must manage,
	operate and protect this historical landmark, as well as share meaningful information with
	the citizenry on the property's historical background, purpose, public use, policy and future
	improvements. Proposed LOS would allow us to continue inviting the public to attend events
	at the McPolin Farm and possibly offer an additional event to the Park City community and
	tourists and continue with our goal of an inclusive community of diverse economic and
	cultural opportunities.

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a NO change in demand

Level of Service

McPolin Farm Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program Benefits/Serves a SIGNIFICANT portion of the Community and adds to their quality of life **Reliance on City**

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

No Requirement or madate exists

Section 4: Cost Savings / Innovation / Collaboration

MCPOLINThe Friends of the Farm and Farm Manager strive to keep the events for the community as low cost as
possible. Cost for catering and performers increases every few years. As stated we will consistently
research for the lowest costs possible for these events. These events are available to the entire Park
City community. These programs foster community use and knowledge of the facility.

Section 5: Consequences of Funding Proposal at Lower Level

MCPOLINNot funding the current LOS would lower the number of events offered to the public to participate in at
the McPolin Farm, thus meeting the goal of the mission statement set for the Farm would not be met.
Mission Statement: The McPolin Farm is a very important symbol in the public consciousness and a focal
point for Park City. The citizens of Park City wish to retain and preserve the historic quality of the
buildings, focus on the local use of the building, maintain public access, maintain the intimate high
quality atmosphere and foster community use of the Farm.

PC	We are open Monday thru Friday from 8:30 to 2 p.m. and add evening hours in the winter. The facility
MARC	follows the state licensing requirements as all staff have regular training and ratio of kids to staff is less than
	10:1. Users of this service pay an hourly rate and must remain on-site using the facility. Children ages 1 to 6
	may use the facility.

Council Goal:

PC Many of the childcare workers are cross trained to work the front desk so if childcare is not busy they are
 MARC doing other tasks that help maintain the facility. If the front desk is busy they are a resource for them & vice versa.

Section 5: Consequences of Funding Proposal at Lower Level

PC MARC Hours would be reduced that we offer childcare.

CITY COUNCIL	Mayor and Council are the legislative and governing body which exercises the powers provided by constitutional general laws of the state together with implied powers necessary to implement the granted powers. City Council plays a vital role in outreach and communication with citizens of Park City.
CITY MANAGER	Inform and educate the public through venues including media, newsletters, website, and direct outreach. Include citizens through open houses and public meetings. Communicating the City's position to residents through local and regional news media, as well utilizing the City's website to reach the community and provide excellent resources at minimal cost.
COMMUNITY ENGAGEMENT	This area organizes and conducts neighborhood meetings and targeted citizen input sessions including community visioning, identifies issues of community interest and/or concern and develops messaging to support the City's vision and goals. Monitors public opinion, promotes positive media exposure, and prepares various materials including press releases, position statements, speeches, newsletters, social media, web content and reports. Works closely with City departments to develop and implement public information and media strategies. Staff is readily available to respond to media, organize and promote community meetings and open houses and implement public information campaigns. A monthly newsletter is produced and a biennial community survey implemented. Staff meets with HOAs as requested. Community outreach and engagement efforts include virtual participation through technological enhancements reaching new demographics including younger residents and Spanish-speaking residents. The community engagement program will also enhance the quality of citizen engagement.
ECONOMY	Organizes and conducts neighborhood meetings and targeted citizen input sessions prior to and during planning and implementation of capital and other team projects. In coordination with Community & Public Affairs, prepares various materials including press releases, position statements, web content and reports. By focusing on this as a priority, we currently provide an exceedingly high level of service in this area.

Council Goal:

009 Authentic Local Culture

Desired Outcome:

	Criteria for Meeting Desired Outcome
Community	An open and responsive government creates transparency through the utilization of many
Engagement	forms of media and through many channels of communication. Community outreach and citizen engagement are the cornerstone of an open government. Providing opportunities for citizens to become informed and engaged, and the extent to which residents that take those opportunities is an indicator of the connection between government and populace and a hallmark of Open and Responsive Government.
	Proposed Level of Service: The move of the Analyst I position from IT to Public Affairs will improve the timeliness of public notifications. It eliminates the "middle man" and allows public affairs to publish directly. It also provides a level of content review to ensure consistency with approved style guide.

Change in Demand

5% to 14%

/ ---

Explanation Program experiencing a MODEST decrease in demand of Council is interested in enhancing our engagement with the community. This is a Top Priority of Council.

Level of Service

Community Outreach and Citizen Engagement Same Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

COMMUNITYIn the last budget cycle Community Affairs purchased a keypad polling system that has been usedENGAGEMENTextensively by the Planning Department in community outreach and in other public meetings. We
will continue to innovate by employing new applications in citizen engagement using mobile
phones. These apps, such as Poll Anywhere, are cost effective and do not require hardware
acquisition. Other cost savings include bringing community engagement and communications
trainings to Park City and cost sharing these programs with other agencies, and developing in-
house training programs.

Section 5: Consequences of Funding Proposal at Lower Level

CITY COUNCIL	Funding membership fees at a lower level would severely impact the City's partnership with Utah League of Cities and Towns who offers Park City the services of a skilled team of professionals to assist with the creation of policies and also provides significant support at the state legislative level. Funding noticing at a lower level would prevent Park City from meeting the noticing requirements of the State of Utah for public and open meetings, as well as required publication of Ordinances.
CITY MANAGER	Funding at a lower level would limit the City Manager's ability to meet regularly with members of the county government, school district, fire district, water reclamation district and other recreation entities. Also, participation in community events would be restricted. Furthermore, less funding has the potential to decrease our current high level of civic engagement. People are busy and their lives are complex. We have to continue to evolve our methods of civic discourse and participation in both form and opportunities. Technology, new approaches and targeted outreach are key to diversifying the community participation. Without an investment in technology and other resources to accomplish this goal, it will be difficult to maintain our current levels of participation. Finally, the City would get less input and buy-in at the beginning of a project. The process would be staff driven and become more efficient on the front end, but we would be highly vulnerable to criticism from unsatisfied stakeholders.
COMMUNITY	Reduced funding will reduce the quality and level of community engagement services to
ENGAGEMENT	residents and stakeholders.

РС	We run ads in the Park Record and submit sports briefs along with recording commercials and submit PSA's
MARC	to KPCW. We put out a Recreation Newsletter as needed to all patrons that have given us their email. We

STREET MAINTENANCE N/A WATER OPERATIONS N/A

Section 5: Consequences of Funding Proposal at Lower Level

STREET	Additional waste and dirt will enter the waterways that run through Park City. This will
MAINTENANCE	negatively impact aquatic wildlife and the natural environment.
WATER	Park City is obligated to obtain a permit under the Clean Water Act to operate our storm water
OPERATIONS	system. Funding at a lower level will increase the chances that we will not meet the terms of the
	permit opening the City up to substantial penalties under the Clean Water Act.

WATER	Preventative Maintenance - Tests, measurements, adjustments and parts replacement performed
OPERATIONS	specifically to prevent failures from occurring. These tasks are carried out on a specific schedule and
	include tens of thousands of individual assets. Emergency Response - Mobilization of necessary
	resources to resolve unexpected failures in the system and maintain adequate water delivery.
	Current level of service is very high, with 24/7/365 one hour response time. Operations - Monitoring
	sources, tank levels, pump status, and system pressures. Using this data as input, the system is
	operated to provide adequate and reliable water to Park City's customers. There is currently at least
	one operator at all times monitoring the distribution system on a 24/7/365 basis.

Council Goal:

004 Environmental Leadership

Desired Outcome:

	Criteria for Meeting Desired Outcome
High Quality &	A well maintained distribution system ensures the Water Department can deliver a sufficient
Sustainable Water	quantity and good quality of water to its customers with reliability and confidence.
Resources

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

WATER OPERATIONS

The Department is investigating new technologies that we hope will bring new efficiencies to the way we operate, and we have been investing and installing others, as electricity consumption is one of our biggest expenses. Some examples include micro hydro power generation, variable frequency drives, collaboration with the resorts on efficient snowmaking, off-peak pumping and operational improvements to pumping operations. We also have been sharing resources with neighboring utilities on problem solving, and look to expand that into operator training this year.

Section 5: Consequences of Funding Proposal at Lower Level

WATERA reduced level of service would directly impact preventative maintenance schedules andOPERATIONSemergency response. This would result in neglected assets which then would require more frequent
repairs, less immediate response to emergencies, and the potential for fire protection, health and
safety issues.

WATER	Investigation - Providing investigative work to resolve issues related to the billing system and
OPERATIONS	customer inquiries. This ensures accurate billing and customer satisfaction. Connection Installation -
	Physically connecting individual systems to the City's water system through a water meter
	connection. Inspection prevents maintenance and billing issues, while installation requires
	specialized technical knowledge. Connection Maintenance - Testing and repairing meters to ensure
	accurate billing, and performing repairs to meter connections in order to minimize water loss and
	related issues. Emergency Response - The mobilization of resources to assist customers with
	emergencies on private water systems, including shutting off water, providing resource assistance,
	and offering technical advice. Provides assistance to water customers in identifying and resolving
	issues arising from their connection to the distribution system and within their own
	residential/commercial subsystems. Also provides internal service by providing investigative field
	work for Water Billing.

Council Goal:

005 Environmental Leadership

Desired Outcome:

Criteria for Meeting Desired Outcome

High Quality &	Providing extremely responsive and helpful customer service fosters residents' confidence in
Sustainable Water	the quality of the services the Water Department provides. Accurate billing and revenue
Resources	collection is dependent upon this program.

Level of Service

Service Orders Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City City is the sole provider but there are other public or private entities which could be contracted to

provide this service

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

WATERIn the last two years, this program has aggressively pursued a more accurate and reliable meteringOPERATIONSsystem through the installation of the Automated Metering Infrastructure and Meter MaintenanceProgram. This has resulted in more upfront expenses in materials and time, but long term the
department will capture more revenue.

Section 5: Consequences of Funding Proposal at Lower Level

WATERReduction in level of service would result in lower customer satisfaction, increased response timeOPERATIONSto customer requests (especially outside regular business hours), and long term loss of revenue.

WATER	Education - Providing information to the general public in order to foster consumer decisions that
OPERATIONS	benefit the water system and region. Analysis - Using logical reasoning to examine each component
	of the data and to provide recommendations and solutions for increased efficiency of Operations.
	Coordination - Providing leadership, planning and financial assistance for the conservation and
	responsible use of water. Management practices that reduce or enhance the beneficial use of water
	through education, analysis and coordination with multiple entities. Applies to both water and
	energy conservation, and considers the region and individual consumers as part of the overall water
	system.

Council Goal:

012 Environmental Leadership

Desired Outcome:

	Criteria for Meeting Desired Outcome
Conservation of	Conservation of water equates to a higher degree of sustainability, both environmentally and
Natural Resources	in regards to the physical water system. Using less water means reducing the environmental
	impact by releasing more water downstream, expending less energy in treatment processes
	and pumping operations, and less chemical use and solids production. It also means reduced
	cost of operations, maintenance and asset replacement.

Section 1: Scope

Change in Demand

Conservation Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

WATERConservation is a relatively low cost program. However, we strive to collaborate with regionalOPERATIONSpartners such as Recycle Utah, the Utah Water Conservation Forum, the Park City Board of Realtors
Water Conservation Task Force, Weber Basin Water Conservancy District, and neighboring utilities.
Working together reduces the individual resource needs for all involved. New technologies such as
the automated metering infrastructure and online leak detection help us pinpoint and stop leaks
sooner.

Section 5: Consequences of Funding Proposal at Lower Level

WATERReductions in the level of service would mean far less public education, which is critical to achieving
any level of conservation. In order to meet the state-mandated reduction of 25% per connection by
2050 and continue to be a sustainable water system, we must continue to pursue water
conservation.

WATER	Items include monitoring customer accounts and assisting them with issues, building work orders,
OPERATIONS	working with software vendors and creating the water bill file. Challenges to the goal of this program
	are to provide the customer with the most reasonable, up to date information for them to manage
	their accounts. Newly acquired technology will help customers monitor their water consumption
	and better budget their household use in spite of increasing water fees. The Water Billing
	Department provides a variety of customer and billing services for this program. It requires that
	accurate meter reading and associated technology be precise. It also requires that meters are read
	and water bills sent to customers in a timely fashion. Additionally, customer service staff assists
	property owners with water leak detection and water conservation.

Council Goal:

013 Environmental Leadership

Desired Outcome:

	Criteria for Meeting Desired Outcome		
High Quality &	Vater and Natural Environment has been identified by Council as a top priority through		
Sustainable Water	Council's goals (Outcomes Area) and the strategic plan. The Water Billing program is a critical		
Resources	(core) function in the delivery of clean drinking water to residents and businesses. Proposed		
	enhancement of the program is based on inflation in the cost of mailing services and training		
	due to advancing technology.		

Section 1: Scope

Water Billing Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by other private businesses not within City limits Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

WATERCost Savings/Innovation: The Water Billing Department was able to consolidate several tasks inOPERATIONSmeter reading services by installing a new Flex Point Radio meter reading system. This allowed the
transfer of meter reading staff back into the Water Operations Department, which provided higher
efficiencies in the maintenance program.

Section 5: Consequences of Funding Proposal at Lower Level

WATERThe consequences of lowering the funding for this program include the reduction of both ourOPERATIONSresponsiveness to customer issues and our proactive leak detection. There would also be an
increase in citizen and business owner complaints due to established community expectations.

COMMUNITY ENGAGEMENT	Provides administrative, community outreach and policy support related to open space acquisition and administrative support for COSAC. The Open Space program is funded from voter- approved open space bonds and Flagstaff transfer fees. Land is purchased outright or conservation easements are acquired. Maintenance and coordination with support entities for these properties require a high level of service, including weed management, easements,
	education and regulation. Responsibility for interfacing with landowners and the third party
	conservation easement holders also rests in this area.
ECONOMY	Coordination and collaboration with supporting and jurisdictional entities (Summit Lands, Utah
	Open Lands, DNR, Summit County, BOSAC, non-profits). Citizen engagement, property
	maintenance, and regulation including but not limited to weeds, fencing, signage, and hunting.
	Property acquisition and oversight. Internal coordination with parks and events staff. Open Space
	Management & Acquisition we have upped the responsibility, complexity and workload needed
	to manage open space, including in particular acquisition: Manages COSAC in spending allocated
	resort city sales tax for open space purchases which includes reports, personnel management,
	technical research, understanding of real estate market and trends, represents city on BOSAC,
	property negotiations, elicits policy direction (closed sessions). City Owned Property
	Management & Strategic Plan - Documentation and inventory of open space & city owned parcels, creation of a system from scratch to manage these resources.
l	parcels, areadon of a system nom seraten to manage these resources.

Council Goal:

015 Environmental Leadership

Desired Outcome:

Criteria for Meeting Desired OutcomeOpen SpacePreservation of natural environment was identified during the 2009 visioning process as a
core element of Keeping Park City, Park City. It is key component of Council's Natural
Environment priority.

ase.
ships
ost
erall

Section 5: Consequences of Funding Proposal at Lower Level

COMMUNITY	A key consequence of reducing funding is the loss of administrative support including packets and
ENGAGEMENT	minutes for COSAC.
ECONOMY	Lack of coordination, collaboration and partnerships with supporting agencies and adjacent
	entities is incongruent with Council goals of open and responsive government and may lead to
	larger regional issues. Lack of funding may lead to missing grant opportunities. May impact
	Council goals of recreation, trails and open space negatively. Development impacts. Also,
	reducing the level of funding for open space could have negative impacts on the quality of the
	user experience through reduced maintenance and interagency coordination.

CITY ATTORNEY	Work with state and federal agencies on issues including negotiating UPDES permits on water
	discharges within municipal boundaries. The Legal staff proactively provides research and
	general support on all environmental issues to the Sustainability Department involving the
	City with negotiating multi-party agreements related to contaminated soil in and around Park
	City; researching records as part of identifying potentially responsible parties; filing FOIA
	requests with federal agencies; maintaining compliance with state Division of Drinking Water
	regulations; obtaining closure of existing physical mine hazards; negotiating the location,
	design, operation and maintenance of a hazardous waste repository; and holding developers
	accountable for the environmental requirements in development agreements and local land
	use codes.
ENVIRONMENTAL	This budget includes all items related to environmental regulatory work related to Legacy
REGULATORY	Mine soils.

Council Goal:

016 Environmental Leadership

Desired Outcome:

	Criteria for Meeting Desired Outcome	
Environmental Health	Clean water and clean natural environment is one of Council's priorities. City Council has	
	expressed an interest in cleaning up the watershed and doing it right. This budget supports	
	those goals.	

Section 1: Scope

Change in Demand

Program Experiencing a MODEST increase in demand of 5% to 14%

Explanation

Several regulatory initiatives have been dormant for several years. The City hired a program manager to oversee these issues FY22. With this oversight, movement has picked up in several areas and requires more money to fulfill regulatory requirements.

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

Planned and implemented municipal carbon reduction projects have the potential to save
\$275k annually while preventing over 2,800 tons of CO2 per year. Furthermore, staff has
raised over \$380k in grants for PCMC energy projects in recent years. PCMC regularly
collaborates with other local governments and organizations on environmental issues. Recent
examples include climate change adaptation planning with eight other municipalities in the
Intermountain West region and an upcoming collaboration, funded by \$424k in DOE grant
funding, to advance solar energy in Utah.
Our cost savings this past year have been significant. THe largest expected savings in more
than \$80k at the the mine bench from energy upgrades and closure of leaking lines

Section 5: Consequences of Funding Proposal at Lower Level

COMMUNITY	Funding at a lower level will delay, or prevent, the implementation of projects critical to
ENGAGEMENT	advancing local carbon emissions goals. While PCMC has been successful at implementing
	numerous one-off programs and initiatives, the current amount of investment is unlikely to
	support tangible, long-term reductions in the community carbon footprint. In addition to
	continued support of an outreach program for homeowners and renters (Low Carbon Diet),
	PCMC must engage with the commercial sector and also influence what sources generate our
	electricity in order to have a true reorientation towards a lower-carbon community.
ENVIRONMENTAL	
SUSTAINABILITY	Funding at lower levels:
	100Renewable: Staff will trim other programs to make this work. These dollars are required
	to participate in the program.
	OpenSpace: this will slow our progress of improving our open space's sequestration, and will result in reduced or no grant funding from other partners.
	CityOfTrees: I will work with Exec to see how we can pull off the program with limited funding
	Decarb: Reduction may not allow city to overcome start-up costs of home energy rating score
	program.

ENGINEERING	Review and sign off on planning documents, building permits, engineering permits and other projects generated by the Building/Planning/Engineering Team.
PLANNING DEPT.	The Planning Department reviews planning applications for conformance with the GENERAL PLAN and the LAND MANAGEMENT CODE. This includes management of: Land Management Code updates, revisions, and amendments Planning Commission, Historic Preservation Board and Board of Adjustment National Register of Historic Districts Design Guidelines for the Historic District and Historic Sites Historic Sites Inventory The department works with applicants and assists them with their submittals, carries them through the planning process, and prepares materials for presentation to the Planning Commission and City Council.
BUILDING DEPT.	The purpose of this program is to establish the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress, stability, sanitation, adequate light and ventilation, energy conservation and safety to life and property from fire and other hazards attributed to the built environment. The department also provides safety to fire fighters and emergency responders during emergency operation. The plan examiners shall apply the provisions of the International Building Code and National Electrical Code to construction, alterations movement, enlargement, replacement, repair, equipment, use of occupancy, location, maintenance, removal and demolition of every building or structure or any appurtenances connected or attached to such buildings or structures. The plan examiners ensure that all structures are built to the minimum standards of the building code.

Council Goal:

071 Environmental Leadership

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	The plan examiners are a key component for a quality housing stock for Park City. They
	ensure that construction has gone through the proper permitting with planning and that it
	meets the high standards of Park City's design guidelines. The plans examiners are highly
	qualified and help with inspections, which requires them to be certified by ICC and licensed
	by the State of Utah. This requires a lot of additional training when compared to inspectors
	in other States.

Com	mun	itv	Son	hav
COIII	mun	ιιγ	Serv	/eu

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life **Reliance on City**

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

ENGINEERING	No budget request submitted for plan/application reveiw program.
PLANNING	All application review is done in coordination with our Legal, Building, and Engineering Departments.
DEPT.	The process is formalized and well understood by the Planning Department. Also, the Department
	uses plan examiners as back up inspectors and cross trains staff to counteract retirements.
BUILDING	No budget requests for the plan/application review program.
DEPT.	

ENGINEERING	Lower level funding for plan/application review would require the department to either shift the
	other workload elements to other teams so that the regulatory function stays intact, reduce the
	number of projects anticipated, work on projects at a slower pace or simply not continue with all of
	the OTIS, CIP, Federally funded projects. Staff did not have resources available this year to do a OTIS
	project, thus delaying a program which Council wanted completed sooner than later.
PLANNING	Consequences of funding proposal at a lower level would be staff turnover, additional cost of
DEPT.	training new staff, and decreased quality in reviews and inspections due to a reduced and less-
	qualified staff. Additionally, a reduction in funding would result in delays in processing applications.
	Finally, building plan reviews by Engineering verify that the plans meet our current local ordinances.
	Plat reviews by engineering verify that the plat meet local, county and state requirements for
	recording of ownership plats. Not funding these regulatory functions may cause code and
	functionality issues down the road.

CITY	Assigned attorney prosecutes change applications related to Park City's water rights; protests change
ATTORNEY	applications which are adverse to Park City's interests; appeals actions of the state engineer to the
	district court; acts as legal counsel on municipal water projects, including negotiating multi-agency
	agreement, reviewing bid documents and construction and professional service agreements, and
	negotiating change orders and contract disputes; negotiates the acquisition of water rights and prepare
	the documents related thereto; defends lawsuits alleging unlawful use of water and interference with
	other water users; and works with state agencies in developing an annual Water Use Plan and Water
	Budget for review of all legal requirements. Attorney provides water and environmental expertise on
	water matters by attending required trainings and legal related seminars to keep city policies,
	regulations, and laws current.

Council Goal:

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

CITY ATTORNEY Higher quality of service and less expensive than outside counsel

Section 5: Consequences of Funding Proposal at Lower Level

CITY

Assigned attorney could not spend adequate time addressing water matters efficiently. This would ATTORNEY increase the expense of outside counsel.

GOLF	The Golf Maintenance Department provides a variety of services, maintenance and capital renewal
MAINTENANCE	for this program. It requires that golf maintenance provides sound agronomic practices for the
	continued sustainable playability and condition of the golf course. Items included are mowing,
	irrigation maintenance, tree care, course amenities, greens rolling, flowers and presentation.
	Challenges to the goal of this program are environmental regulation, maintaining an evolving eco
	system, increased cost of green technology, aging infrastructure, and increasing player demand
	and community expectations.

Council Goal:

098 Environmental Leadership

Desired Outcome:

	Criteria for Meeting Desired Outcome				
Well-Maintained	Recreation, Open Space and Trails has been identified by Council as a high priority through				
Assets and	Council's goals (Outcomes Area) and the strategic plan. The community has also expressed				
Infrastructure	their desire for a premier public golf course in the intermountain region through golf user				
	requests and community satisfaction surveys. The Golf Maintenance program is a critical				
	function in preserving the Park City "Brand".

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life **Reliance on City**

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

GOLF MAINTENANCE

Cost Savings: The Golf Maintenance Department installed new sprinkler head conversions with the goal of increasing sprinkler head efficiency and therefore reducing irrigation use. The Golf Maintenance Department continually looks for creative ways to increase environmental stewardship, decrease carbon footprint, through innovation. Examples include: The installation of a variable frequency drive irrigation pump station, purchase 5 hybrid greens and 2 hybrid fairway mowers that reduces fuel consumption, an environmentally input based irrigation control system, first all-electric utility vehicle, and green waste recycling. Industry trends are to move toward environmental stewardship, organic and biological pest controls.

Section 5: Consequences of Funding Proposal at Lower Level

GOLF MAINTENANCE

The consequences of lowering the funding for this program include reductions in: turf quality, routine maintenance, preventative maintenance, and capital replacement. There would also be an increase in citizen and user complaints due to established community expectations.

ICE	This program is the backbone for keeping the ice rink functioning and includes refrigeration, plumbing,
FACILITY	HVAC, and the other systems and equipment critical to the facility. It also includes preventative
	maintenance to reduce the potential of a loss of ice and to maximize the efficiency of the operation and
	lifespan of the equipment. This program also consists of the supplies and resources for maintaining a
	clean and safe building. Within each component, we strive to improve efficiency and reduce the
	consumption of natural and financial resources.
	In FY 22, The City introduced three outdoor ice sheets at City Park. City Park CIP funded the capital
	expense for the rink kits, and the outdoor ice is operated by the Ice department.
	FY 25: Increase to Misc. Contract Services and Cleaning & Maintenace to ensure our ability to provide a
	cleaning and functioning building as it ages.

Council Goal:

108 Environmental Leadership

Desired Outcome:

Criteria for Meeting Desired Outcome						
Well-Maintained	Provide accessibility to premier recreational activities/facilities to the local community at an					
Assets and	affordable cost. Preserve the Park City brand. Environmental Stewardship. Healthy, active					
Infrastructure	community. Develop Park City as a year-round destination recreation location.					

Section 1: Scope

Change in Demand

Program experiencing a MINIMAL increase in demand of 1% to 4%

Explanation

Implementing a facility condition assessment and asset management software will be significant for the facility's operations, though will have no impact on demand from the community. The platform will include an asset registry with the ability to track ex

Section 2: Proposed Amount / FTEs

Section 3: Basic Program Attributes

Community Served

Program benefits/serves SOME portion of the Community and adds to their quality of life Reliance on City City provides program and program is currently being offered by other private businesses not within City limits

Mandated No Requirement or mandate exists

Section 4: Cost Savings / Innovation / Collaboration

ICE Staff continues to seek operational savings, particular by means that also enhance efficiencies and lower
 FACILITY the facility's carbon footprint. In 2018, an energy audit was completed that makes recommendations that increase efficiencies, reduces the consumption of natural resources and creates financial savings. Cost savings also include cross training of Ice Management Team staff to be able to operate the front desk and resurface ice.

Section 5: Consequences of Funding Proposal at Lower Level

ICE Funding the option at a lower level will result in lower levels equipment and facility maintenance which
 FACILITY can lead to degradation of the ice quality and building safety. Additionally, the facility would have to limit hours of operations to stay within the part time budget. Limiting the hours of operation, would limit programing and ice rental which would limit revenues and the community's access to the facility. Additionally, funding at a lower level would provide even fewer resources to foster the City's net zero goal.

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

WATERSource optimization is one of our primary focuses as we bring the Quinn's WTP online. Large costOPERATIONSsavings will likely result from: looking at and comparing costs to produce, treat, and distribute water
from each water source; prioritizing the use of those water sources; and analyzing how those
sources interact and blend once in the system. The Water Research Foundation, EPA, Utah Division
of Drinking Water, and neighboring utilities (notably Mountain Regional Water and Jordanelle
Special Service District) have all provided guidance and resource assistance in analyzing our issues
and improving operations.

Section 5: Consequences of Funding Proposal at Lower Level

WATERA reduction of service would result directly in poorer water quality and the possibility of notOPERATIONSmeeting EPA and DDW mandated water quality regulations. Consumer confidence would likely dip
as well.

MENTAL	The Summit County Mental Wellness Strategic Plan is the result of an eleven-month community initiatve
HEALTH	to identify and address issues of mental health & substance abuse. Recognizing that Utah has the highest
	rate of mental illness in the United States (23.4%) and that an immediate need exists within out
	community, both the Summit County Council and the Park City Council have recognized this as a key
	priority in their 2017 Goals. Through the use of community surveys, focus groups, and the creation of a
	community-based coalition centered on mental health & substance abuse; the following strategic plan is
	presented to the community as a means of enhancing the quality of life for all Summit County residents,
	regardless of mental health or substance abuse concerns.

Criteria for Meeting Desired Outcome

Council Goal:

140 Social Equity & Affordability

Desired Outcome:

Mental Health

Section 1: Scope

Change in Demand

Program experiencing a SIGNIFICANT increase in demand of 15% to 24%

Explanation

The demand for this program is being directed by Council, which is based off of evidence of mental health issues increasing dramatically over the last several years.

Section 4: Cost Savings / Innovation / Collaboration

CITYThis funding generally has an extremely high return on investment by minimizing negative legislativeMANAGERactions at the state level.

Section 5: Consequences of Funding Proposal at Lower Level

CITYA lower level of funding would significantly curtail our municipal legislative activities. The effect of thisMANAGERcurtailment could be the passing of legislation that negatively impacts Park City. (In the past two
legislative sessions, there were bills that would have impacted Park City, but not other communities.
Our relationship with other cities, through the Utah League of Cities and Towns, was the sole reason
these bills were stopped.)

SPEC. SRVC.	Current LOS: As part of the budget process, the City Council appropriates funds to contract
CNTRT./UNSPECIFIED	with organizations offering services consistent with the needs and goals of the City.
	According to City policy, up to one percent of the City's total budget is awarded. Payment
	may take the form of cash payment and/or rent contributions for the lease of City property
	in exchange for the value of in-kind services. Special Service Contracts include, but are not
	limited to, the following: youth programming, victim advocacy/legal services, arts, health,
	affordable housing/community services, recycling, history/heritage, information and tourist
	services, and minority affairs. Service providers are eligible to apply for a special service
	contract every biennial budget process. The City will award special service contracts
	through a competitive bid process administered by the Service Contract Subcommittee and
	City Staff. The special service contract program policy is outlined in the budget document,
	Vol I. This program's budget is a percentage of the City's total budget and fluctuates
	accordingly. Per Council policy, up to 1% of the operating budget annually is dedicated for
	contracting with not-for-profit organizations to provide service for community benefit.

Council Goal:

060 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Resilient and	Special service contracts are generally viewed as the City investing in and providing needed
Sustainable Economy	services to the local community.

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

SPEC. SRVC.	Special Service Contracts are a collaboration with non-profits providing service to the
CNTRT./UNSPECIFIED	community. It is anticipated that if these services were provided by the City and
	administered by city staff cost would be much higher.

Section 5: Consequences of Funding Proposal at Lower Level

SPEC. SRVC.The Special Service Contract policy specifies that up to 1% of the operating budget mayCNTRT./UNSPECIFIEDbe awarded to organization. Funding at a lower level would result in less funding
awarded to applicants.

POLICE	Community Support / Community Policing is a philosophy that promotes organizational strategies, which
	support the systematic use of partnerships and problem solving techniques, to proactively address the
	immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.
	Each review period each individual officer selects a Community Oriented Policing Project and presents it to
	the supervisory team for approval. Once implemented it is that individual officer's responsibility to report on
	the progress of the project and to ensure that the project is completed. Many projects are ongoing and
	officers often oversee more than one Community Oriented Policing Project. Projects are designed with
	community input and citizens' needs in mind. We also have dedicated a sworn and a civilian employee to
	specifically focus on community outreach.

Council Goal:

056 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	The community is actively involved in the success of the various Community Oriented
	Policing Projects and has an expectation that these projects will have a positive impact on
	their individual neighborhoods and the community as a whole. Officers in charge of the
	projects meet on an individual basis with community members as well as Homeowner
	Associations and business owners and provide updates and gather input for the projects.

Community Support Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

POLICEJoining forces with the community and addressing their needs provides a great tool in our fight against
neighborhood and community crime such as burglaries, thefts, graffiti and other more serious crimes.
Community Oriented Policing Projects helps reduce the loss to victims of stolen property, criminal mischief
and other personal property damage as a result of crime and even traffic accidents.

Section 5: Consequences of Funding Proposal at Lower Level

POLICE A reduction in funding levels would affect the Level of Service to the community in the area Community Oriented Policing Projects and we would see a steep and quick rise in personal financial loss and place our citizens at a greater risk of becoming victims of personal and property crime.

Council Goal:

050 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Diverse Community	Senior Services is an action strategy for strengthening an inclusive community. In recent
Participation	years, a number of citizens have raised concerns about perceived gaps in services with a
	special focus on the housing needs and assisted living needs of many seniors. Most of the
	information was anecdotal and therefore, the City and County partnered to complete a
	survey of issues and needs in 2009 and later a senior services strategic plan.

Community Served

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life **Reliance on City**

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

COMMUNITY	Collaboration: The Senior Services program is a collaborative effort between Park City, Summit
ENGAGEMENT	County, MAG and private individuals representing key industries including assisted living and
	health care. The adopted strategic plan was adopted by both Park City and Summit County and is
	being implemented jointly.
COMM DEVELOP	Collaboration: The Senior Services program is a collaborative effort between Park City, Summit
ADMIN	County, MAG and private individuals representing key industries including assisted living and
	health care. The adopted strategic plan was adopted by both Park City and Summit County and is
	being implemented jointly.

Section 5: Consequences of Funding Proposal at Lower Level

_

COMMUNITY	The consequence of funding this proposal at a lower level is a reduced level of implementation.
ENGAGEMENT	The current level of service is consistent with the strategic plan. Because of the collaborative
	nature of this program area, the City's investment is quite low in relationship to the overall
	outcomes.
COMM DEVELOP ADMIN	The consequence of funding this proposal at a lower level is a reduced level of implementation. The current level of service is consistent with the strategic plan. Because of the collaborative nature of this program area, the City's investment is quite low in relationship to the overall outcomes.

CITY	Staff assistance to City Council members and the Mayor in the performance of their official duties.
MANAGER	Scheduling information requests, staff reports, workshop preparations and time in meetings, and other
	things paid City employees do to enable Council members to make governing happen. Staff is involved
	on a daily basis in the preparation of staff reports, workshops and meetings to aid Council and the
	Mayor in the performance of their official duties.
CITY	Advise all city boards, commissions, mayor and city council of federal and state laws and regulations.
ATTORNEY	Attend meetings and provide legal annual training to members of the same. The Legal Staff provides
	active support to all boards and commissions so as to address public concerns and questions in a timely
	and efficient manner.

Council Goal:

049 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Transparent	Open and Responsive Government is a high priority of the City Council and Mayor.

Explanation

Council & Board Support Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

Mandated

City is the sole provider but there are other public or private entities which could be contracted to provide this service Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

CITYInnovation this year will come in the form of increased interagency outreach. The City has an interestMANAGERin raising its profile and presence among its regional partners. Also, proactive focus reduces
errors/liability.

Section 5: Consequences of Funding Proposal at Lower Level

MANAGER

CITY Consequences of lowering funding for this program include impacts on facilitation of policy decisions in accordance with goals and priorities of the Mayor and Council, as well as reduced opportunities for regular meetings and communication with Council and Mayor. Also, non-legal support would impact training levels, meeting attendance, report review and addressing other issues efficiently.

TRANSPORTATION	This program provides transit service throughout Park City and Summit County year-round. It
OPER	ensures mobility choices for residents, employees, visitors and others. This ensures the Park
	City transit network is operated in a manner that creates an effective and efficient system.
TRANSPORTATION	This program coordinates with the City's planning department, Summit County and the Utah
PLANNING	Department of Transportation to ensure our critical transportation corridors (SR-224, SR-248
	and Bonanza Drive) are constructed and operated to promote the safety and convenience of
	all travel modes (Pedestrian, Bicycle, Transit, Auto). The program provides for long and short
	term planning and implementation of strategic plans for the City's primary transportation
	corridors (SR-224, SR-248 and Bonanza Dr.).

Council Goal:

033 Social Equity & Affordability

	This collaboration helps ensure the primary transportation corridors that Park City depends
	upon (SR-224, Sr-248, and Bonanza Dr.) are constructed and operated in an efficient manner
	that promotes a balanced multi-modal and effective transportation system.

Section 5: Consequences of Funding Proposal at Lower Level

TRANSPORTATION	Staff does not recommend reductions in funding for this program. Should Council direct Staff
OPER	to reduce expenses, this would require a reduction in staff levels. This reduction would
	impact the programs ability to effectively plan, coordinate and implement the City's primary
	corridor strategic plans.
TRANSPORTATION	Staff does not recommend reductions in funding for this program. Should Council direct Staff
PLANNING	to reduce expenses, this would require a reduction in staff levels. This reduction would
	impact the programs ability to effectively plan, coordinate and implement the City's primary
	corridor strategic plans.

Currently the Budget Department provides debt management services for the City. These services
include the preparation necessary for the issuing of a variety of typical and specialized bonds and
other financing agreements. Budget staff works closely with the City's financial advisor and Bond
Council in the planning and issuing of bonds. The department prepares and presents bond rating
presentations to the bond rating agencies. The department provides analysis and reports for the City
Manager and City Council regarding current outstanding debt.

Council Goal:

024 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	Council has approved in the Strategic Plan that one of their Desired Outcomes is to be fiscally
Sound	and legally sound. In order to be fiscally sound as a City, it is of the upmost importance that
	Council, the City Manager, and staff have a high level of debt management capability.
	Council has continued to utilize debt and a funding mechanism for capital projects and open
	space.

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a MINIMAL increase in demand of 1% to 4%

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life City provides program and program is currently being offered by other private businesses not within City limits

Reliance on City

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

BUDGET, DEBTDue to the restructuring of the Budget department, cost savings will result in this bid via personnel
reprioritization of duties. Even with less resources at the department's disposal, it's anticipated that
level of service will not decrease.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET, DEBTThe department currently provides a high level of service and oversight related to debt issuance.& GRANTSFunding at a lower level would include relying more heavily on a financial advisor to handle debt
issuance and planning.

LIBRARY Technical Services includes a broad range of library support functions. Included in this program are cataloging & processing materials such as books, DVD's, audios and other items for check-out to the public. Support of public computers, internet access, web interface, library software for organizing and providing access to the collection are also major components as well as tracking Library finances. Development of a 21st Century Library includes provision of a high-tech information interface. Catalog and process all new items for public checkout. Maintain equipment and software for 33 computers and wi-fi access. Ensure that materials are ordered, received and paid for in a timely manner and accurate records are maintained.

Council Goal:

022 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome					
Arts & Culture	The library helps to meet the desired outcomes by: 1. Providing free and open access to					
	information and technology (Connected, knowledgeable, and engaged citizens) 2. Providing					
	free and up-to-date technology access to ensure that all segments of the community have					
	the opportunity to be knowledgeable and engaged.					

Section 1: Scope

Change in Demand

Program Experiencing a SUBSTANTIAL increase in demand of 25% or more

Explanation

Personnel is the biggest need in the Technical Services Program. This department catalogs and prepares all new materials for the public and currently has a 3 month backlog. There is a deficit of 14,203 hours per year in staffing to handle an additional 16

Section 2: Proposed Amount / FTEs

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY The library receives a reduced rate for public internet access through the e-rate program. Broadband access was installed with grant dollars in partnership with the Utah Education Network. As a part of the OCLC Cooperative the library shares cataloging records with other libraries, thus expediting the process of preparing item descriptions for the library catalog.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Negative impacts of not being approved for the personnel requests include the library not being equipped to provide services in a timely and cost-effective fashion. Deliverables are suffering. The library cannot provide books and new materials into the community's hands effectively. In addition, because our librarians and library assistants are taking on Clerk tasks their ability to produce work such as programs for kids, teens, Spanish-speakers, adult & seniors, computer trainings are inhibited and such jobs computers updates are not being managed, which does not provide 21st Century Service to the public. Inability for staff to attend conferences, meetings, and hold memberships at a professional level to keep up 21st Century Libary standards

LIBRARY Youth & Spanish Services is a program encompassing education and enrichment opportunities for Park City children, youth, teens, parents, and visitors. It provides a collection of reading materials, reference service, and programming tailored to youth and the Latino community. The library offers quality materials (such as books, e-books, audiobooks, DVDs, magazines, and early literacy and STEM computers), programs, classes, and outreach to help the community's youth with early literacy, school readiness, and continued development of 21st Century Skills. Services for Latinos also include the provision of books, audios, DVD's, magazines and ESL materials along with classes, programs and outreach.

Council Goal:

021 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Diverse Community	The library helps to meet the desired outcomes by: 1. Providing free and open access to
Participation	information and technology (Connected, knowledgeable, and engaged citizens) 2. Providing
	a meeting space for youth to develop early literacy skills thru 21st Century skills by engaging
	this population in programs and materials that emphasis reading, writing, sing, talking,
	playing, collaboration, and implementing the use of technology to enhance their knowledge
	and creativity (Vibrant community gathering spaces and places) 3. Providing materials in
	Spanish, ESL materials, and a meeting place for Park City's Spanish speakers (Diverse
	population and social fabric) 4. Providing a meeting space for Park City's diverse populations
	to come together (Physically and socially connected neighborhoods).

Section 1: Scope

Change in Demand

Program Experiencing a SIGNIFICANT increase in demand of 15% to 24%

Explanation

Youth and Spanish service demands are experiencing a great deal of increase, which is good. Our outreach to the schools and to the Spanish-speaking population has been successful in bringing in more people. Our children's and youth' programs are full to b

Section 2: Proposed Amount / FTEs

Level of Service

Youth & Spanish Services Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life Reliance on City City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY Collaborating with the Park City Day Camp and Park City School District to engage the youth in participating in Summer Reading Programs; thus, helping to prevent the 'Summer Slide', is an efficient use of money requested for programming. Working with other nonprofits to co-host programs such as the Gingerbread Jimmy House Contest, Books 2 Movies, Summit County Library, and Windy Week with Recycle Utah creates cost savings for the library.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Without additional funds to keep pace with technology and print collections, youth will not have the best resources available to increase their 21st Century Skills. Success in education and literacy are essential basics for children to become successful citizens. Without additional funds for materials, the library will not be able to keep up with the community's demand for early literacy materials; homework resources, young adult books, which are frequently read by adults; graphic novels; and ESL and duel emersion materials. Enhancing outreach is a good way to build connected citizens. If staff is unable to receive additional training, they will be unable to provide a high level of service to families, youth and Latinos.

LIBRARY The Circulation Desk is staffed to greet, welcome and assist library users 7 days a week. The library is open to the public 64 hours each week. Staff check materials in and out, assist computer users, register patrons for library cards, answer questions in person and via the telephone, manage item requests, process interlibrary loans, handle fines & payment, create displays, accept & sort donations, manage meeting & study rooms and sort returned items.

Council Goal:

018 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Arts & Culture	Circulation Services helps to meet the desired outcomes by: 1. Greeting, welcoming, and
	assisting community members (Physically and socially connected neighborhoods) 2.
	Providing a welcoming place for members of the community & visitors to use for accessing
	the internet, quiet study, or gathering. (Vibrant community gathering spaces and places) 3.
	Checking out materials and providing research and computer assistance. (Connected,
	knowledgeable and engaged citizens) 4. Answering questions about local events and
	activities, and providing materials to learn more about arts and culture. (Vibrant arts and
	culture offerings for community & visitors)

Section 1: Scope

Change in Demand

Program Experiencing a MODEST increase in demand of 5% to 14%

Explanation

This department is seeing the same growth as others, but we need funding in the other programs to meet strong demand for programming, collections, personnel, software, and computers.

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY Staff working at the circulation desk complete other tasks and projects as time allows such as, doing inventory, working on displays, helping librarians with projects and programs, etc. The Circulation Desk also assists the Friends of the Farm by selling tickets for their events at the front desk and assists the film series by answering questions about the upcoming films and receiving packages. During Sundance the Circulation Desk distributes film guides and answers questions from visitors, Sundance staff and volunteers. The Circulation Desk also provides and updates a community bulletin board and displays flyers with community and visitor information.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Less community impact without development and growth as a 21st Century Library.

BUDGET,	Currently the Budget department provides a high level service related to capital. Services include
DEBT &	capital budget preparation, evaluation and monitoring. The department oversees the Capital
GRANTS	Improvement Plan (CIP) process. The department works with City project managers to set and
	evaluate capital projects budget and expenditures. The department manages the Project Accounting
	module in EDEN. The Department also manages the CIP data base which allows a detailed accounting
	of project prioritization, funding source and budget detail. As part of the budget process, budget staff
	prepares prioritization, reports, and general analysis related to capital and presents information to the
	City Manager and Council on all city capital projects and capital needs.

Council Goal:

014 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome			
Fiscally and Legally	In the Strategic Plan, approved by Council, one of their Desired Outcomes is to be fiscally and			
Sound	legally sound. In order to be fiscally sound as a City, it is of the upmost importance that			
	Council, the City Manager, and staff have a high level of capital project preparation,			
	coordination, and monitoring. Additionally, Council has continued to identify capital and			
	infrastructure improvement and maintenance as a high priority to the continued			
	development of the community.			

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a MINIMAL increase in demand of Demand is increasing due to a number of new Capital 1% to 4%

projects being undertaken in the City.

Capital Budgeting Same Level of Service

Section 3: Basic Program Attributes

Community Served Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

BUDGET, DEBT	Due to the restructuring of the Budget department, cost savings will result in this bid via personnel
& GRANTS	reprioritization of duties. Even with fewer resources at the department's disposal, it's anticipated
	that level of service will not decrease.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET, DEBTBy funding at a lower level the department would not be able to provide CIP prioritization& GRANTScommittee services. CIP staff report and presentations would be greatly diminished. CIP reporting
and database maintenance would still be provided, but at reduced levels.

CITY COUNCIL	Mayor and Council are the legislative and governing body which exercises the powers provided by constitutional general laws of the state together with implied powers necessary to implement the granted powers. City Council plays a vital role in outreach and communication with citizens of Park City.
CITY MANAGER	Inform and educate the public through venues including media, newsletters, website, and direct outreach. Include citizens through open houses and public meetings. Communicating the City's position to residents through local and regional news media, as well utilizing the City's website to reach the community and provide excellent resources at minimal cost.
COMMUNITY ENGAGEMENT	This area organizes and conducts neighborhood meetings and targeted citizen input sessions including community visioning, identifies issues of community interest and/or concern and develops messaging to support the City's vision and goals. Monitors public opinion, promotes positive media exposure, and prepares various materials including press releases, position statements, speeches, newsletters, social media, web content and reports. Works closely with City departments to develop and implement public information and media strategies. Staff is readily available to respond to media, organize and promote community meetings and open houses and implement public information campaigns. A monthly newsletter is produced and a biennial community survey implemented. Staff meets with HOAs as requested. Community outreach and engagement efforts include virtual participation through technological enhancements reaching new demographics including younger residents and Spanish-speaking residents. The community engagement program will also enhance the quality of citizen engagement.
ECONOMY	Organizes and conducts neighborhood meetings and targeted citizen input sessions prior to and during planning and implementation of capital and other team projects. In coordination with Community & Public Affairs, prepares various materials including press releases, position statements, web content and reports. By focusing on this as a priority, we currently provide an exceedingly high level of service in this area.

Council Goal:

009 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Community	An open and responsive government creates transparency through the utilization of many
Engagement	forms of media and through many channels of communication. Community outreach and citizen engagement are the cornerstone of an open government. Providing opportunities for citizens to become informed and engaged, and the extent to which residents that take those opportunities is an indicator of the connection between government and populace and a hallmark of Open and Responsive Government.
	Proposed Level of Service: The move of the Analyst I position from IT to Public Affairs will improve the timeliness of public notifications. It eliminates the "middle man" and allows public affairs to publish directly. It also provides a level of content review to ensure consistency with approved style guide.

Change in Demand

5% to 14%

/ ---

Explanation Program experiencing a MODEST decrease in demand of Council is interested in enhancing our engagement with the community. This is a Top Priority of Council.

Level of Service

Community Outreach and Citizen Engagement Same Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

COMMUNITY In the last budget cycle Community Affairs purchased a keypad polling system that has been used ENGAGEMENT extensively by the Planning Department in community outreach and in other public meetings. We will continue to innovate by employing new applications in citizen engagement using mobile phones. These apps, such as Poll Anywhere, are cost effective and do not require hardware acquisition. Other cost savings include bringing community engagement and communications trainings to Park City and cost sharing these programs with other agencies, and developing inhouse training programs.

Section 5: Consequences of Funding Proposal at Lower Level

CITY COUNCIL	Funding membership fees at a lower level would severely impact the City's partnership with Utah League of Cities and Towns who offers Park City the services of a skilled team of professionals to assist with the creation of policies and also provides significant support at the state legislative level. Funding noticing at a lower level would prevent Park City from meeting the noticing requirements of the State of Utah for public and open meetings, as well as required publication of Ordinances.
CITY MANAGER	Funding at a lower level would limit the City Manager's ability to meet regularly with members of the county government, school district, fire district, water reclamation district and other recreation entities. Also, participation in community events would be restricted. Furthermore, less funding has the potential to decrease our current high level of civic engagement. People are busy and their lives are complex. We have to continue to evolve our methods of civic discourse and participation in both form and opportunities. Technology, new approaches and targeted outreach are key to diversifying the community participation. Without an investment in technology and other resources to accomplish this goal, it will be difficult to maintain our current levels of participation. Finally, the City would get less input and buy-in at the beginning of a project. The process would be staff driven and become more efficient on the front end, but we would be highly vulnerable to criticism from unsatisfied stakeholders.
COMMUNITY	Reduced funding will reduce the quality and level of community engagement services to
ENGAGEMENT	residents and stakeholders.

FINANCE This program is to assure that all financial transactions of Park City Municipal Corporation are properly administered and reported so as to address applicable laws, management information needs, and constituent requests. The Finance Department oversees the City's investment portfolio to ensure safety, liquidity and optimum yield. The Finance Department accumulates data to account for the City's capital assets, including infrastructure, as required by accounting principles generally accepted in the United State of America. Additionally, the department coordinates the City's annual audit and prepares the Comprehensive Annual Financial Report.

Council Goal:

008 Social Equity & Affordability

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	In an effort to keep the City fiscally and legally sound, the City must adhere to federal laws
Sound	and regulations as well as requirements imposed at the state level. As stewards of the public
	trust, the Finance Department continues to receive education and training in the areas
	required by those entities. Also, changes are constantly happening in governmental
	accounting, so the Finance Department keeps up with those pending items that may turn
	into requirements for the City.

Section 1: Scope

Change in Demand

Explanation

Program experiencing NO change in demand

Section 2: Proposed Amount / FTEs

Expenditur	res			Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City is the sole provider of the service and there are no other public State or County legislation or private entities that provide this type of service

Mandated

Program is required by Federal,

Section 4: Cost Savings / Innovation / Collaboration

FINANCE Cost Savings: The Finance Department has been able to take more trainings over the internet rather than travel, accounting for cost savings in training.

Section 5: Consequences of Funding Proposal at Lower Level

FINANCE Consequences of a lower level of funding: Park City Municipal Corporation could be in danger of not meeting the required laws and regulations set forth by the Federal, State and local governments on top of adhering to our policies and procedures.

СОММ	Affordable housing has become a critical issue in Park City. The Housing Department strives to
DEVELOP	provide housing options to create a diverse population that maintains vibrancy and builds
ADMIN	community.

Council Goal:

007 Social Equity & Affordability

Desired Outcome:

Criteria for Meeting Desired Outcome

Explanation

Housing: Middle-
Income, Attainable,
and AffordableAffordable housing has been identified as a key component of the Council Goal Preservation
of Park City's character. Middle income is or particular concern to Council. A range of
housing options fosters community and economic diversity. It remains a vexing issue in the
community with a slight decrease in community satisfaction in the availability of affordable
housing in 2013. Implementation of affordable housing at Park City Heights and Lower Park
Avenue has not yet begun which may contribute to the decreased satisfaction.

Explanation

Description:

TRANSPORTATION	This program provides transit service throughout Park City and Summit County year-round. It
OPER	ensures mobility choices for residents, employees, visitors and others. This ensures the Park
	City transit network is operated in a manner that creates an effective and efficient system.
TRANSPORTATION	This program coordinates with the City's planning department, Summit County and the Utah
PLANNING	Department of Transportation to ensure our critical transportation corridors (SR-224, SR-248
	and Bonanza Drive) are constructed and operated to promote the safety and convenience of
	all travel modes (Pedestrian, Bicycle, Transit, Auto). The program provides for long and short
	term planning and implementation of strategic plans for the City's primary transportation
	corridors (SR-224, SR-248 and Bonanza Dr.).

Council Goal:

033 Core or Essential Services

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

TRANSPORTATION	The program collaborates with Summit County, Utah Highway Patrol, Utah Transit Authority
OPER	and the Utah Department of Transportation on regional and local strategic planning efforts.
	This collaboration helps ensure the primary transportation corridors that Park City depends
	upon (SR-224, Sr-248, and Bonanza Dr.) are constructed and operated in an efficient manner
	that promotes a balanced multi-modal and effective transportation system.
TRANSPORTATION	The program collaborates with Summit County, Utah Highway Patrol, Utah Transit Authority
PLANNING	and the Utah Department of Transportation on regional and local strategic planning efforts.
	This collaboration helps ensure the primary transportation corridors that Park City depends
	upon (SR-224, Sr-248, and Bonanza Dr.) are constructed and operated in an efficient manner
	that promotes a balanced multi-modal and effective transportation system.

Section 5: Consequences of Funding Proposal at Lower Level

TRANSPORTATION	Staff does not recommend reductions in funding for this program. Should Council direct Staff
OPER	to reduce expenses, this would require a reduction in staff levels. This reduction would
	impact the programs ability to effectively plan, coordinate and implement the City's primary
	corridor strategic plans.
TRANSPORTATION	Staff does not recommend reductions in funding for this program. Should Council direct Staff
PLANNING	to reduce expenses, this would require a reduction in staff levels. This reduction would
	impact the programs ability to effectively plan, coordinate and implement the City's primary
	corridor strategic plans.

CITY	Work with the Park City Police Department and other agencies to prosecute misdemeanor offenses
ATTORNEY	which occur within Park City's municipal boundaries. Park City Prosecutor screens approximately 550
	cases annually. Advises the Police Department in the field on issues ranging from search warrants to
	first amendment rights to free speech. Conducts quarterly trainings with the Police Department on a
	broad array of legal issues. Conducts bench and jury trial and works with the Summit County Attorney's
	Office on county cases involving Park City personnel. Collaborates with the Summit County Victim's
	Advocate Coalition. Researches grant opportunities for establishing Park City's own victims' advocate.
	Complies with FBI and state laws for accessing criminal records with mandatory trainings and required
	audits.

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life Reliance on City City is the sole provider of the service and there are no other public or private entities that provide this type of service

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

CITYSuggestion: Purchasing software to streamline case preparation to a paperless system for efficiency and
allow timely follow-up to the Court and defense attorneys, which will cut down the cost of file folders
and using an abundance of copier paper that produces 20 to 50 sheets per file. Shared responsibility
between attorney and support staff to maximize efficiency.

Section 5: Consequences of Funding Proposal at Lower Level

CITY The City would be outsourcing prosecution matters to a contracted person/firm and staff that would *ATTORNEY* have minimal training.

FINANCE The Finance Department provides payroll, accounts payable and accounts receivable services. These services are provided with accuracy and timeliness. Another important factor of this program is customer service. Not only is this service provided to the public, but it is provided to internal departments as well.

Council Goal:

037 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired OutcomeFiscally and LegallyIn an effort to keep the City fiscally and legally sound, the City must adhere to federal laws
and regulations as well as to requirements imposed at the state level. As stewards of the
public trust, the Finance Department continues to receive education and training in the
areas required by those entities. The Financial Services program strives to maintain a high
level of internal customer service as well as external customer service. It is imperative that
payroll and accounts payable keep up with tax laws and regulations that apply.

Section 1: Scope

Change in Demand

Level of Service

Financial Services Same Level of Service

Section 3: Basic Program Attributes

Explanation

Community Served

Reliance on City

Program benefits/serves the ENTIRE Community and adds to their quality of life

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

FINANCE Collaboration: All of the functions in the program collaborate with all the departments to ensure the accuracy and timeliness of payroll, accounts payable and accounts receivable.

Section 5: Consequences of Funding Proposal at Lower Level

FINANCE Funding at a lower level would decrease the service level internal services provides to all departments, as well as decrease the level of service to the public.

TECHNICAL &	Records retention and archiving includes the storage, access and destruction of paper and
CUSTOMER SERVICES	electronic records. The capture and storage of paper records is managed through this
	program and spans multiple facilities and is approaching 3,000 cubic feet of storage. Access
	is provided to departments for research and for GRAMA requests for both paper and
	electronic formats. Secure destruction of records occurs when all the necessary criteria is
	met including GRAMA, Legal and departmental needs. Paper records are also digitized for
	electronic reference.
COMMUNICATION	The Police Department also manages records in a similar fashion to meet requirements for
CENTER	Federal and State public safety guidelines. The Records Division is responsible for the
	maintenance and process of all police records. The Records Division process's over 10,000
	citations, 500 traffic accident reports, 2,400 crime reports, 600 arrest reports and fills over
	3,000 records requests annually. The Records Division is required under Utah State Statute to
	process records and submit them to the state in a required time period. The Records Division
	is responsible for providing statistical information to both state and federal agencies.

Council Goal:

038 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome

Explanation

TransparentRecords accessibility represents a vital component to providing open records access to
GovernmentGovernmentcitizens and to meet the requirements of the Government Records Access and Management
Act (GRAMA). Funding is identified to further enhance records services, but in conjunction
with server and storage demands. Records operations provides effective record delivery and
continues to work with departments to minimize and eliminate paper oriented processes.
Also, the Records Division is an essential link as the first point of contact with the public as
they enter the police station. They are essential in providing various forms of documentation
to the community and in processing documentation that meet state and federal
requirements.

Community Served

Reliance on City

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

TECHNICAL &
CUSTOMERNew innovative and collaborative approaches were taken this year including: conversion of
retention schedules into a database for ease of access and compliance verification; centralized
GRAMA process for records tracking and reporting; creation of a new records room and
relocation of library records.

Section 5: Consequences of Funding Proposal at Lower Level

TECHNICAL & CUSTOMER SERVICES

Reduction of funding will thwart efforts to eliminate paper processes. While current processes
 could continue, our physical storage capacity is also limited, thus reduction in storage duration
 cycles (Record Retention Schedules) would be necessary. Also, a decrease in funding of the
 Records function would diminish the high level of customer service now in place. It would also
 hinder our ability to meet our state and federal for reporting requirements.

POLICETraffic Enforcement is simply stated; the enforcement of traffic laws in order to reduce traffic collisions,
their resulting injuries, and to facilitate and expedite the flow of vehicular and pedestrian traffic. A focus on
traffic enforcement allows us to meet the many community requests that we have for neighborhood
enforcement, school zone enforcement and overall community needs.

Council Goal:

039 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Transportation:	Overall traffic enforcement is essential to providing a safe community environment. We are
Congestion Reduction,	able to reduce neighborhood traffic concerns and reduce the number of traffic accidents
Local and Regional	involving vehicles and pedestrians.

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City provides program and program is currently being offered by another governmental, non-profit or civic agency Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

POLICE Specifically focusing on areas of concern and complaint allows us to direct traffic enforcement efforts thus reducing a hit and miss approach. Proper planning and staffing provides effective traffic enforcement efforts.

Section 5: Consequences of Funding Proposal at Lower Level

POLICEReducing funding in this area would prohibit us from providing directed traffic enforcement. We would be
handicapped in our ability to meet the many requests for enforcement that we receive from the community.
We would also quickly see and upward trend in traffic related accidents in certain areas of the city.

Explanation

Description:

CITY	Legal staff provides support to all City departments to address needs and/or concerns in an efficient
ATTORNEY	manner. Conduct ongoing training for all staff. Attend meetings, review reports and code issues for
	staff, Park City Council and all boards and commissions. Advise Park City staff on the full gamut of
	municipal issues, ethics, and public matters. Prepare legal memoranda on significant changes in laws
	affecting Park City.

Council Goal:

041 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	1) Fiscally and legally sound 2) Engaged and capable workforce
Sound

Level of Service

Strategic Planning Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City provides program and program is currently being offered by other private businesses not within City limits Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

BUDGET, DEBTThis program saves money through aligning departmental activities with the goals of City Council,
and provides insight into activities that might not be as important to City Council or its residents,
and could be eliminated.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET, DEBT	A reduction of this program would result in less effective strategic planning. The 2030 Strategic
& GRANTS	Plan, Biennial Plans, Business Plans, and Council's Quarterly Goals Report would not get updated or
	would cease to exist.

TECHNICAL &	Network Support manages network infrastructure and security across multiple locations,
CUSTOMER	providing phone, data, and wireless access services. Support includes datacenter operations and
SERVICES	backup system support. This program also implements and supports technology projects.

Council Goal:

044 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	Open and responsive government has been identified by Council as a high priority through
Assets and	Council's goals (Outcomes Area) and the strategic plan. Network connectivity provides this
Infrastructure	through allowing complex software packages that allow departments to respond to citizens
	with requests in a timely manner while effectively enabling departments to communicate
	and share data saving time and effort.

Section 1: Scope

Change in Demand

Program experiencing a MODEST increase in demand of 5% to 14%

Explanation

Technology expansion and adoption of new services tend to increase network demands. However, cybersecurity controls and expectations represent the most significant operational development.

Section 2: Proposed Amount / FTEs

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

TECHNICAL &Network innovations include high-speed wireless links to the ice arena and water treatmentCUSTOMERplant. Security enhancements are being installed with redundant wireless connections to criticalSERVICESinfrastructure. Fiber network and Wi-Fi expansion has also occurred at several facilities.

Section 5: Consequences of Funding Proposal at Lower Level

TECHNICAL &Support reductions would reduce response times to support and project requests. Reductions will
pose risks to proactively manage equipment, security, and updates. Network operations
represents a critical component to the foundation of IT operations; should the level of funding be
decreased into future years, there will be an increased level of risk, cost and downtime.

HUMAN	Compliance with multiple agencies, regulations and laws including the federal government, Utah
RESOURCES	State government and local government. This program involves being aware of changes to
	employment law and adhering to the requirements needed to comply, including but not limited to
	the Fair Labor Standards Act, Family Medical Leave, American with Disabilities Act and EEOC.

Council Goal:

046 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	Compliance in this area means no findings in audits by the Department of Labor, Equal
Sound	Employment Opportunity Commission, State offices, and other agencies. In order to achieve
	this, compliance policies are researched and updated as necessary, required notices are
	posted, and accurate records are kept. This is critical to meeting the outcomes in being
	compliant. We also oversee internal auditing as necessary and education for management
	staff.

Section 1: Scope

Change in Demand

Program experiencing a MINIMAL increase in demand of 1% to 4%

Explanation

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

Mandated

City is the sole provider but there are other public or private entities which could be contracted to provide this service Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

CITYInnovation this year will come in the form of increased interagency outreach. The City has an interestMANAGERin raising its profile and presence among its regional partners. Also, proactive focus reduces
errors/liability.

Section 5: Consequences of Funding Proposal at Lower Level

MANAGER

CITY Consequences of lowering funding for this program include impacts on facilitation of policy decisions in accordance with goals and priorities of the Mayor and Council, as well as reduced opportunities for regular meetings and communication with Council and Mayor. Also, non-legal support would impact training levels, meeting attendance, report review and addressing other issues efficiently.

Council Goal:

050 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Diverse Community	Senior Services is an action strategy for strengthening an inclusive community. In recent
Participation	years, a number of citizens have raised concerns about perceived gaps in services with a
	special focus on the housing needs and assisted living needs of many seniors. Most of the
	information was anecdotal and therefore, the City and County partnered to complete a
	survey of issues and needs in 2009 and later a senior services strategic plan.

Section 4: Cost Savings / Innovation / Collaboration

COMMUNITY	Collaboration: The Senior Services program is a collaborative effort between Park City, Summit
ENGAGEMENT	County, MAG and private individuals representing key industries including assisted living and
	health care. The adopted strategic plan was adopted by both Park City and Summit County and is
	being implemented jointly.
COMM DEVELOP	Collaboration: The Senior Services program is a collaborative effort between Park City, Summit
ADMIN	County, MAG and private individuals representing key industries including assisted living and
	health care. The adopted strategic plan was adopted by both Park City and Summit County and is
	being implemented jointly.

Section 5: Consequences of Funding Proposal at Lower Level

_

The consequence of funding this proposal at a lower level is a reduced level of implementation.
The current level of service is consistent with the strategic plan. Because of the collaborative
nature of this program area, the City's investment is quite low in relationship to the overall
outcomes.
The consequence of funding this proposal at a lower level is a reduced level of implementation. The current level of service is consistent with the strategic plan. Because of the collaborative nature of this program area, the City's investment is quite low in relationship to the overall outcomes.

Housing performs inspections of units that are becoming available for sale to ensure they meet the
required standards for maximum re-sale value in accordance to the deed restrictions. This ensures
that the units are maintained at a high level.
Provide water meter inspections, public improvement inspections, inspections of utility and
private work within the Right-of- Way (ROW) and other inspections deemed necessary to maintain
the City ROWs in good condition.
The purpose of the Department of Building and Fire Safety is to establish the minimum
requirements to safeguard the public health, safety and general welfare through structural
strength, means of egress, stability, sanitation, adequate light and ventilation, energy conservation
and safety to life and property from fire and other hazards attributed to the built environment.
The department also provides safety to fire fighters and emergency responders during emergency
operation. The Inspectors shall apply the provisions of the International Building Code and
National Electrical Code to construction, alterations movement, enlargement, replacement, repair,
equipment, use of occupancy, location, maintenance, removal and demolition of every building or
structure or any appurtenances connected or attached to such buildings or structures. The
inspectors ensure that all structures are built to the minimum standards of the building code.

Council Goal:

051 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	The Inspectors are a key component for a quality housing stock for Park City. They ensure
	that construction has gone through the proper permitting with planning and ensures that it
	meets the high standards of Park City's design guidelines. Inspectors are required to be
	certified by ICC and Licensed by the State of Utah. This requires a lot of additional training
	when compared to inspectors in other States. The engineering ROW inspection's program
	was developed to provide another check to verify that plans previously approved by
	Building, Planning and Engineering are constructed correctly. This program was also
	developed to monitor the safe work efforts of utility companies as they work within the
	City's ROWs. The Public Safety desired outcome of our inspection bid is to assist in
	prevention specifically in how to maintain quality of life.

Section 1: Scope

Change in Demand

Section 3: Basic Program Attributes

Community Served

Reliance on City

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

ENGINEERING	The cost for full time Public Improvement inspector is shifting 1/4 FTE cost from transit to engineering for FY15. For FY16, It is anticipated that 30% to 50% of the costs could be absorbed by a future Storm Water Utility.
BUILDING DEPT.	The Building Department is projected to collect revenue 64% above what was anticipated and budgeted. The Building Department's total budget increase requests are 9.7% in order to be sensative to long term budgeting goals.
	The current office assistant position is budgeted for part time. We are proposing the position be funded as an FTR. With the increase in the demand of GRAMA requests and the increased permitting workload it is clear the part time position is not enough to keep up with the current workload. We are receiving an average of 250 GRAMA requests per year. GRAMA requests can be very time consuming and are coming in so frequently that our current staff is spending approx. 50% of their time filling the GRAMA requests. The additional allocations would be used to focus on GRAMA request so the other Analyst and Permit Technician positions can focus on the remaining job duties.
	The Building Department previously had 3 FTR positions at the front counter and decreased that to 2.5 when revenues decreased several years ago.

Section 5: Consequences of Funding Proposal at Lower Level

ENGINEERING Engineering does not have resources currently to keep up with demand and our workload. BUILDING Consequences of funding proposal at a lower level would be staff turnover and additional cost of DEPT. training new staff and the quality of plan reviews and inspections would drop drastically with fewer staff and less qualified staff. The quality of inspection would drop due to time constraints. Collaboration between PD and public works maybe lost. Inspections verify that the water system connections, public improvements by private individuals and ROW work meet the requirements of our municipal code, LMC, standard specifications and standard practices. Not funding these regulatory functions will cause a deterioration of our public facilities within the ROW as lower grade materials, unscrupulous construction methods and the quality of overall construction are compromised. Consequences for not funding the increase in mileage reimbursement specifically will be the inspectors' inability to perform their primary job function. If a City vehicle in unavailable and there is no remaining mileage reimbursement, the inspector will have no mode of transportation to visit construction sites and complete building inspections. The result would be that construction mitigation and collecting buisness licences would not take place as needed and fees would not be collected along with complaints would increase with longer turnaround times to compliance.

BLDG	The Building Maintenance Department provides a variety of services through Inspections and Contract
MAINT	Supervision for this program. It requires that City building inspection and contract supervision are
ADM	performed throughout all City owned facilities so as to ensure the health and safety of building occupants
	along with supervising contractor provided building improvements.

Council Goal:

054 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome					
Well-Maintained	Open and Responsive Government has been identified by Council as a high priority through				
Assets and	Council's goals (Outcomes Area) and the strategic plan. Mandated governmental regulations				
Infrastructure	and the desire for quality control oversight are dictated by health and safety compliance. The				
	building inspections and contract supervision program is a critical (core) function in				
	preserving the City's infrastructure.				

Section 1: Scope

Change in Demand

Program Experiencing a MODEST increase in demand of 5% to 14%

Inspections and Contract Supervision Same Level of Service

Explanation

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life **Reliance on City**

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

BLDG"Collaboration": Being in the Public Works Division, the Building Maintenance Department has a primaryMAINTmaintenance function in providing safe facilities. Working collaboratively with other governmentalADMagencies and contractors has created efficiencies which allow for greater productivity. These require a
tremendous amount of support by staff in coordinating the timing of installation & repairs. "Innovation":
The Building Maintenance Department continually looks for creative ways to increase productivity,
Environmental stewardship, service levels, and equipment availability while decreasing the carbon
footprint and equipment downtime through innovation. Recent examples: upgrade the Police and
Marsac buildings to new fob access control cards.

Section 5: Consequences of Funding Proposal at Lower Level

BLDG The consequences of lowering the funding for this program include: falling out of compliances, unsafe
 MAINT facilities, and risk of possible citation. There would also be a decrease in contract oversight which would
 ADM impact quality and increase complaints from tenants and building users.

POLICE	Community Support / Community Policing is a philosophy that promotes organizational strategies, which
	support the systematic use of partnerships and problem solving techniques, to proactively address the
	immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.
	Each review period each individual officer selects a Community Oriented Policing Project and presents it to
	the supervisory team for approval. Once implemented it is that individual officer's responsibility to report on
	the progress of the project and to ensure that the project is completed. Many projects are ongoing and
	officers often oversee more than one Community Oriented Policing Project. Projects are designed with
	community input and citizens' needs in mind. We also have dedicated a sworn and a civilian employee to
	specifically focus on community outreach.

Council Goal:

056 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome						
Safe Community	The community is actively involved in the success of the various Community Oriented						
	Policing Projects and has an expectation that these projects will have a positive impact on						
their individual neighborhoods and the community as a whole. Officers in charge of							
	projects meet on an individual basis with community members as well as Homeowner						
	Associations and business owners and provide updates and gather input for the projects.						

Section 1: Scope

Community Support Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

POLICEJoining forces with the community and addressing their needs provides a great tool in our fight against
neighborhood and community crime such as burglaries, thefts, graffiti and other more serious crimes.
Community Oriented Policing Projects helps reduce the loss to victims of stolen property, criminal mischief
and other personal property damage as a result of crime and even traffic accidents.

Section 5: Consequences of Funding Proposal at Lower Level

POLICE A reduction in funding levels would affect the Level of Service to the community in the area Community Oriented Policing Projects and we would see a steep and quick rise in personal financial loss and place our citizens at a greater risk of becoming victims of personal and property crime.

Explanation

Description:

FLEET	This program provides for the ongoing maintenance and operation of the City's fleet of vehicles and
SERVICES	equipment. This includes fuel, routine maintenance and repairs. Includes fueling, preventative
DEPT	maintenance and repair services for a fleet of over 300 vehicles\equipment.

Council Goal:

057 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired OutcomeWell-MaintainedFleet Services provides support services to: Transit, Police, Water, Streets, Parks, Bldg Maint.Assets andGolf Course Maint., Tech Services, Recreation and the Marsac motor pool. These supportInfrastructureservices are critical to each of these departments achieving their mission(s) in the pursuit of
Council Goals.

Section 1: Scope

Change in Demand Program experiencing a MODEST increase in demand of

5% to 14%

Section 2: Proposed Amount / FTEs

Expend	litures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Level of Service

Fleet Management & Maintenance Same Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City provides program and program is currently being offered by other private businesses not within City limits Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

FLEETOver the past 6 years, in the face of significant growth in fleet size, hours and miles of operation, theSERVICESfleet maintenance program has streamlined its management structure, which has yielded the City aDEPTminimum savings of \$50,000 per year in personnel costs.

Fleet growth in size and technical complexity now dictates the need to add an additional mechanic.

Fleet Services continually reviews fleet utilization to identify opportunities to consolidate and reduce fleet vehicles while still meeting user need. The Marsac Motor Pool has significantly reduced fleet size and costs.

Section 5: Consequences of Funding Proposal at Lower Level

FLEETCurrent Level of Service provides a base level of fueling, preventative maintenance and repair servicesSERVICESto adequately maintain and operate the City's fleet. Funding the Fleet Maintenance program at a lowerDEPTlevel would result in reduced vehicle appearance, increased vehicle downtime and shortened vehicleuseful life. These consequences would hamper other divisions' ability to achieve their mission(s) and
Council goals.

DENTAL SELF	The City provides Dental Insurance to the City's Employees, and does this by paying for all dental
FUNDING	claims instead of paying for an insurance policy. This method saves the city money over purchasing
	insurance.

Council Goal:

062 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome					
Fiscally and Legally	This program provides a cheaper, more effective way of getting dental health insurance for				
Sound	employees. This allows the workforce to be more capable and engaged.				

Section 1: Scope

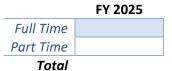

Change in Demand Program Experiencing a NO change in demand

Explanation Demand for Dental Care is relatively stable.

Section 2: Proposed Amount / FTEs

	Total	\$176,877	\$176,877	\$176,877	\$336,500
	Grand Total	\$176,877	\$176,877	\$176,877	\$336,500

FTEs Budget FTEs

Level of Service

Dental Self-Funding Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Program Benefits/Serves only a SMALL portion of the Community, but still adds to their quality of life City provides program and program is currently being offered by other private businesses not within City limits Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

DENTAL SELF	This program saves money over the previous method that was used for Dental coverage. Initially
FUNDING	this program saves the city \$50,000

Section 5: Consequences of Funding Proposal at Lower Level

DENTAL SELFIf this program is funded at a lower level, there wouldn't be enough money to pay for dental claimsFUNDINGand alternative solutions would need to be found for paying for dental coverage.

BLDG	The Building Maintenance Department provides a variety of services and preventative maintenance for
MAINT	this program. It requires that City building repairs and maintenance are performed throughout all City
ADM	owned facilities to ensure preservation and longevity of building assets.

Council Goal:

064 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	Open and Responsive Government has been identified by Council as a high priority through
Assets and	Council's goals (Outcomes Area) and the strategic plan. The occupants and user groups have
Infrastructure	also expressed their desire for clean, functioning, reliable facilities through requests and an
	internal services survey. The building maintenance and repair program is a critical (core)
	function in preserving the City's infrastructure.

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a MODEST increase in demand of 5% to 14%

Section 2: Proposed Amount / FTEs

Expenditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Level of Service

Building Repairs and Maintenance Same Level of Service

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

BLDG"Cost Savings": The Building Maintenance Department through the building repairs and maintenanceMAINTprogram is able to extend useable life of facilities reducing overall costs. "Innovation": The BuildingADMMaintenance Department continually looks for creative ways to extend the life of building components
through preventative maintenance. Industry trends are to move towards "greener" technologies.

Section 5: Consequences of Funding Proposal at Lower Level

BLDGThe consequences of lowering the funding for this program include: Reduction in usable life due toMAINTdilapidation and aging infrastructure, and reduced safety and reliability of building components. ThereADMwould also be an increase in citizen and building occupant complaints due to established expectations.

PLANNING	A core function of the Planning Department is to carry out long range planning, future project and/or
DEPT.	sub-area planning districts, the General Plan rewrite, etc. Many of these long-range planning projects
	overlap with redevelopment planning within the City's designated areas. Some long-range projects are
	site specific, while others affect the overall character of the City. The Planning Department is expecting
	to begin the updating process to the General Plan document for completion in 2024. Growing
	devlopment pressures in different areas of the City have created a need for neighborhood or small area
	planning to compliment the General Plan and to achieve community specific goals and objectives. In
	addition, necessary updates to the LMC ensure Council and community priorities are implemented.

Council Goal:

065 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Distinctive Sense of	The Planning Department has maintained agreed-upon schedules for the day-to-day
Place	applications as well as the long range planning activities. This included the Bonanza Park
	Area Plan in January 2012. Our goal is to continue to address the ongoing
	planning/economic/sustainability needs into the future. The General Plan is the City's
	blueprint for managing future growth and development as well as a tool to implement new
	citywide programs.

Section 1: Scope

Change in Demand Program experiencing a MODEST increase in demand of 5% to 14%

Long Range Planning Same Level of Service

Section 3: Basic Program Attributes

Community Served Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

PLANNING The Planning Department completed the Area Plan documents in-house, thus saving hundreds of DEPT.
 thousands of dollars in consulting fees. The same is proposed for pending plans, including LOPA, BOPA, FBC, and PROSQUA.

Section 5: Consequences of Funding Proposal at Lower Level

PLANNING A reduction in funding would delay the completion of the proposed Area Plans and cause the City to DEPT.be in a position behind the development curve - hurting the future viability of the City as well as the character of the City.

BUILDING	This code establishes regulations affecting or related to structures, processes, premises, and safeguards
DEPT.	regarding: The hazards of fire and explosion arising from storage, handling or using of structures,
	materials or devices; Conditions hazardous to life, property or public welfare in the occupancy of
	structures or premises; Fire hazards in the structure or on premises from occupancy to operation;
	Matters related to the construction, extension, repair, alteration or removal of fire suppression or alarm
	systems; and conditions affecting the safety of fire fighters and emergency responders during
	emergency operations.

Council Goal:

066 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	The Deputy Fire Marshal is the key to the Fire Inspection Program. The Deputy Fire Marshal
	inspects all events that comes into Park City for code compliance and educates the public of
	the basic fire codes. The Deputy Fire Marshal is working with the Police Department and is
	going to get post certified in order to do criminal citations.

Section 1: Scope

Change in Demand

Explanation

Program experiencing a SIGNIFICANT increase in demand of 15% to 24%

Section 2: Proposed Amount / FTEs

Expendit	ures			Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Program is required by Charter or other incorporation documents OR to comply with regulatory agency standards

Section 4: Cost Savings / Innovation / Collaboration

BUILDINGThe Department of Building Safety collaborates with the Police Department and Fire Marshal to help
cover issues and provide customer service in a progressive setting. The Deputy Fire Marshal is getting
trained on a 6 week course to get post certified to do criminal investigations, which will help relieve the
duties of the Fire Marshal from the Police Chief.

Section 5: Consequences of Funding Proposal at Lower Level

BUILDINGReduced funding would result in less timely Fire Inspections, which would hurt special events such as
DEPT.DEPT.Silly Market, Sundance, and Tour of Utah. Additionally, Fire Investigations would be less timely.
Currently there is no funding for tools and equipment for fire investigations.

Explanation

Description:

BUDGET,	Currently the Budget department provides a moderate to high level of revenue/resource management
DEBT &	for the City. The department presents the annual Financial Impact Assessment Report to City Council
GRANTS	during visioning. Staff also presents a monthly revenue update for Council. The Budget department
	provides detailed sales and property tax information for City Council, the City Manager and city staff.

Council Goal:

035 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	Council has approved in the Strategic Plan, Open and Responsive Government, that one of
Sound	their Desired Outcomes is to be fiscally and legally sound. In order to be fiscally sound as a
	City, it is of the upmost importance that Council, the City Manager, and staff have a high
	level of understanding of City revenue and an ability to accurately forecast it. Additionally,
	Council has identified the Budgeting for Outcomes (BFO) process has a high priority.

Section 1: Scope

Change in Demand

Program Experiencing a MINIMAL increase in demand of 1% to 4%

Section 2: Proposed Amount / FTEs

Level of Service

Revenue/Resource Management Same Level of Service

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

BUDGET,The Budget department has consolidated property tax analysis and data base management. Property
tax data had been provided by an outside consultant and is now collected and compiled in-house. This
results in a cost savings for the City. Also, due to the restructuring of the Budget department, cost
savings will result in this bid via personnel reprioritization of duties. Even with fewer resources at the
department's disposal, it's anticipated that level of service will not decrease.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET,
DEBT &In a reduced scenario the department would not be able to provide fee analyses and impact fee
calculations as well as maintain the property tax and sales tax database. Current services such as sales
tax monitoring/reporting, long rang revenue projections, shortfall management, and property tax
calculation would be reduced in scope and effectiveness. The ability to forecast revenues properly and
to determine the proper revenue mix would be weakened.

FINANCE As administers of the business license process, business license expertise on the ordinance is required. The process involves the application, administration, education and issuance. The demand for business licenses increases year over year.

Council Goal:

032 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	This program is necessary to uphold the City Ordinance for business licenses. It is imperative
Sound	that the process of making sure that the businesses that come to this City are safe for the
	constituents and our environment is paramount in determining if a license is granted. This
	program is continually working with Public Safety, the Building Department and the Planning
	Department to ensure the process is adhered to.

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a MINIMAL increase in demand of The change in demand is primarily related to nightly 1% to 4%

rental compliance, an overall increase in BL activity, and large projects including code changes.

Section 2: Proposed Amount / FTEs

CITY	Savings LEGAL
ATTORNEY	
ENGINEERING	Providing training opportunities increases the breadth and depth of staff knowledge and improves overall customer service by providing relatively new staff members the ability to provide timely and informed direction to residents and customers.

Section 5: Consequences of Funding Proposal at Lower Level

CITY ATTORNEY	Consequences LEGAL
ENGINEERING	Lower level funding decreases the opportunities for essential training and knowledge that can lead to lower staff morale and less effective at providing direction and guidance to residents or other departments. Lowering the opportunities for use of outside consultants to assist in the delivery of projects and programs reduces the effectiveness of the staff, ultimately hurting the residents by not delivering essential services and projects.

COMMUNICATION	The Park City Police Dispatch Center is a multi-communications center and acts as a liaison
CENTER	between internal municipal divisions, community businesses, city, state, and federal agencies.
	All calls for service to community come through our dispatch center. The communications
	center is staffed 24/7 with full- and part-time staff and is supervised by the communications
	coordinator. Dispatchers' shift schedules provide for overlapping coverage during peak call
	times. The Communications Center fields all types of calls for service and dispatches officers
	appropriately to those calls. 911 calls for Park City come in through the Summit County
	Sheriff's Office. Park City dispatch also serves as the back-up 911 center for the Summit County
	Sheriff's Office and if the need were to arise could function as the 911 center for Wasatch
	County Sheriff's Office. In addition to being a back-up 911 center, we have the ability and
	agreement to function as an overall communication center for both the Summit and Wasatch
	County Sheriff's departments.

Council Goal:

031 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome

Safe CommunityIn order for the Communications Center to meet its ongoing commitment and obligations to
the community it is necessary that we replace existing, outdated equipment and technology.
In a combined effort between Park City, Summit and Wasatch Counties, known as the
Wasatch Back, we have joined together to ensure that we can provide redundant emergency
capabilities in the event of a major emergency or disaster as well as prepare for future
growth.

Level of Service

Dispatch Same Level of Service

Section 3: Basic Program Attributes

Community Served Program benefits/serves the ENTIRE Community and adds to their quality of life	Reliance on City City provides program and program is currently being offered by another governmental, non-profit or civic agency	Mandated Program is required by Federal, State or County legislation
Section 4: Cost Savings / Innovation / Co	llaboration	

The Communications Coordinator continues to seek out grants to maintain and upgrade the COMMUNICATION CENTER dispatch center. We have been successful in getting Homeland Securinty Grants which has allowed us to provide advanced training for dispatchers, purchase needed equipment and upgrades not covered in our normal budget.

Section 5: Consequences of Funding Proposal at Lower Level

COMMUNICATION The consequence of funding at a lower level of service would leave us as a stand-alone CENTER dispatch center, much like an island unto ourselves. Our ability to provide emergency services on any level would be greatly hindered and diminished. Our level of service to our community would simply be unacceptable to our residents and guests.

FINANCE This program is to assure that all financial transactions of Park City Municipal Corporation are properly administered and reported so as to address applicable laws, management information needs, and constituent requests. The Finance Department oversees the City's investment portfolio to ensure safety, liquidity and optimum yield. The Finance Department accumulates data to account for the City's capital assets, including infrastructure, as required by accounting principles generally accepted in the United State of America. Additionally, the department coordinates the City's annual audit and prepares the Comprehensive Annual Financial Report.

Council Goal:

008 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	In an effort to keep the City fiscally and legally sound, the City must adhere to federal laws
Sound	and regulations as well as requirements imposed at the state level. As stewards of the public
	trust, the Finance Department continues to receive education and training in the areas
	required by those entities. Also, changes are constantly happening in governmental
	accounting, so the Finance Department keeps up with those pending items that may turn
	into requirements for the City.

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City is the sole provider of the service and there are no other public State or County legislation or private entities that provide this type of service

Mandated

Program is required by Federal,

Section 4: Cost Savings / Innovation / Collaboration

FINANCE Cost Savings: The Finance Department has been able to take more trainings over the internet rather than travel, accounting for cost savings in training.

Section 5: Consequences of Funding Proposal at Lower Level

FINANCE Consequences of a lower level of funding: Park City Municipal Corporation could be in danger of not meeting the required laws and regulations set forth by the Federal, State and local governments on top of adhering to our policies and procedures.

CITY COUNCIL	Mayor and Council are the legislative and governing body which exercises the powers provided by constitutional general laws of the state together with implied powers necessary to implement the granted powers. City Council plays a vital role in outreach and communication with citizens of Park City.
CITY MANAGER	Inform and educate the public through venues including media, newsletters, website, and direct outreach. Include citizens through open houses and public meetings. Communicating the City's position to residents through local and regional news media, as well utilizing the City's website to reach the community and provide excellent resources at minimal cost.
COMMUNITY ENGAGEMENT	This area organizes and conducts neighborhood meetings and targeted citizen input sessions including community visioning, identifies issues of community interest and/or concern and develops messaging to support the City's vision and goals. Monitors public opinion, promotes positive media exposure, and prepares various materials including press releases, position statements, speeches, newsletters, social media, web content and reports. Works closely with City departments to develop and implement public information and media strategies. Staff is readily available to respond to media, organize and promote community meetings and open houses and implement public information campaigns. A monthly newsletter is produced and a biennial community survey implemented. Staff meets with HOAs as requested. Community outreach and engagement efforts include virtual participation through technological enhancements reaching new demographics including younger residents and Spanish-speaking residents. The community engagement program will also enhance the quality of citizen engagement.
ECONOMY	Organizes and conducts neighborhood meetings and targeted citizen input sessions prior to and during planning and implementation of capital and other team projects. In coordination with Community & Public Affairs, prepares various materials including press releases, position statements, web content and reports. By focusing on this as a priority, we currently provide an exceedingly high level of service in this area.

Council Goal:

009 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Community	An open and responsive government creates transparency through the utilization of many
Engagement	forms of media and through many channels of communication. Community outreach and citizen engagement are the cornerstone of an open government. Providing opportunities for citizens to become informed and engaged, and the extent to which residents that take those opportunities is an indicator of the connection between government and populace and a hallmark of Open and Responsive Government.
	Proposed Level of Service: The move of the Analyst I position from IT to Public Affairs will improve the timeliness of public notifications. It eliminates the "middle man" and allows public affairs to publish directly. It also provides a level of content review to ensure consistency with approved style guide.

Change in Demand

5% to 14%

/ ---

Explanation Program experiencing a MODEST decrease in demand of Council is interested in enhancing our engagement with the community. This is a Top Priority of Council.

Expenditures	Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025	
CITY COUNCIL	Personnel	\$70,948	\$70,948	\$70 <i>,</i> 948	\$173,165

Level of Service

Community Outreach and Citizen Engagement Same Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City is the sole provider but there are other public or private entities which could be contracted to provide this service Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

COMMUNITYIn the last budget cycle Community Affairs purchased a keypad polling system that has been usedENGAGEMENTextensively by the Planning Department in community outreach and in other public meetings. We
will continue to innovate by employing new applications in citizen engagement using mobile
phones. These apps, such as Poll Anywhere, are cost effective and do not require hardware
acquisition. Other cost savings include bringing community engagement and communications
trainings to Park City and cost sharing these programs with other agencies, and developing in-
house training programs.

Section 5: Consequences of Funding Proposal at Lower Level

CITY COUNCIL	Funding membership fees at a lower level would severely impact the City's partnership with Utah League of Cities and Towns who offers Park City the services of a skilled team of professionals to assist with the creation of policies and also provides significant support at the state legislative level. Funding noticing at a lower level would prevent Park City from meeting the noticing requirements of the State of Utah for public and open meetings, as well as required publication of Ordinances.
CITY MANAGER	Funding at a lower level would limit the City Manager's ability to meet regularly with members of the county government, school district, fire district, water reclamation district and other recreation entities. Also, participation in community events would be restricted. Furthermore, less funding has the potential to decrease our current high level of civic engagement. People are busy and their lives are complex. We have to continue to evolve our methods of civic discourse and participation in both form and opportunities. Technology, new approaches and targeted outreach are key to diversifying the community participation. Without an investment in technology and other resources to accomplish this goal, it will be difficult to maintain our current levels of participation. Finally, the City would get less input and buy-in at the beginning of a project. The process would be staff driven and become more efficient on the front end, but we would be highly vulnerable to criticism from unsatisfied stakeholders.
COMMUNITY	Reduced funding will reduce the quality and level of community engagement services to
ENGAGEMENT	residents and stakeholders.

CITY	Maintain a record of City Council proceedings, including minutes and motions. Maintains ordinances,
MANAGER	resolutions, agreements, easements, professional services contracts. Administers oaths and
	acknowledgements under the seal of the City. Performs duties as required by the Municipal Code, the
	City Council, or the City Manager. Functions of the City Recorder play a vital role in the coordination
	and management of records of City Council proceedings, minutes and motions. The Recorder maintains
	original documents including ordinances, resolution, agreements, easements, professional services
	contracts. The Recorder is also charged by Code to administer oaths and acknowledgements under the
	seal of the City. The Recorder performs duties as required by the Municipal Code, the Mayor and City
	Council, and the City Manager.

Council Goal:

010 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Transparent	Council has identified open and responsive government as a top priority. Much of the
Government	public's interaction with the City is through the Executive office. The Recorder and Senior
	Recorder are the people that are responsible for much of the perception that the City
	Manager and Mayor are responsive to citizens. They are often the first line of contact for the
	public and are an extension of the Mayor and City Manager roles.

City Recorder Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City is the sole provider of the service and there are no other public or private entities that provide this type of service

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

CITY	There are no cost savings. Because good succession planning unusual in any organization, our efforts
MANAGER	to ensure consistency in the high level of service provided by the Executive Team could be viewed as
	innovative.

Section 5: Consequences of Funding Proposal at Lower Level

CITY MANAGER Our ability to prepare for succession will be severely limited.

STATE LIQUOR	State and Federal grants help fund the staffing of special DUI enforcement. The State Liquor
ENFORCEMENT	Grant helps to fund additional staffing for major special events that have a alcohol component
	attached such as a beer garden or an event that draws crowds to the bars. The State Grant helps
	cover staffing costs for officers conducting bar checks for alcohol compliance. The State Grant
	has also covered the costs to purchase portable breath test instruments and in car video
	cameras to help support our prosecution efforts.

Council Goal:

011 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome	
Safe Community	The State Grant is awarded to us annually as a result of our effective use of the grant. The	
	grant funds are used in strict guidelines set forth by the grant.	

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a MINIMAL increase in demand of 1% to 4%

Section 2: Proposed Amount / FTEs

E	Expenditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

State Liquor Enforcement Same Level of Service

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves the ENTIRE Community and adds to their quality of life City provides program and program is currently being offered by another governmental, non-profit or civic agency

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

STATE LIQUOR ENFORCEMENT The annual grant is \$66,000 which is a cost the City does not incur.

Section 5: Consequences of Funding Proposal at Lower Level

STATE LIQUOR	These are funds that cannot be used outside of the grant guidelines. To reduce funding
ENFORCEMENT	elsewhere, simply because these funds are available to us would have a direct negative impact
	on our alcohol enforcement efforts and hinder other programs essential to meeting the
	community's needs.

BUDGET,	Currently the Budget department provides a high level service related to capital. Services include
DEBT &	capital budget preparation, evaluation and monitoring. The department oversees the Capital
GRANTS	Improvement Plan (CIP) process. The department works with City project managers to set and
	evaluate capital projects budget and expenditures. The department manages the Project Accounting
	module in EDEN. The Department also manages the CIP data base which allows a detailed accounting
	of project prioritization, funding source and budget detail. As part of the budget process, budget staff
	prepares prioritization, reports, and general analysis related to capital and presents information to the
	City Manager and Council on all city capital projects and capital needs.

Council Goal:

014 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	In the Strategic Plan, approved by Council, one of their Desired Outcomes is to be fiscally and
Sound	legally sound. In order to be fiscally sound as a City, it is of the upmost importance that
	Council, the City Manager, and staff have a high level of capital project preparation,
	coordination, and monitoring. Additionally, Council has continued to identify capital and
	infrastructure improvement and maintenance as a high priority to the continued
	development of the community.

Section 1: Scope

Change in Demand

Explanation

Program Experiencing a MINIMAL increase in demand of Demand is increasing due to a number of new Capital 1% to 4%

projects being undertaken in the City.

Expenditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Capital Budgeting Same Level of Service

Section 3: Basic Program Attributes

Community Served Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

BUDGET, DEBT	Due to the restructuring of the Budget department, cost savings will result in this bid via personnel
& GRANTS	reprioritization of duties. Even with fewer resources at the department's disposal, it's anticipated
	that level of service will not decrease.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET, DEBTBy funding at a lower level the department would not be able to provide CIP prioritization& GRANTScommittee services. CIP staff report and presentations would be greatly diminished. CIP reporting
and database maintenance would still be provided, but at reduced levels.

CITY ATTORNEY	Work with state and federal agencies on issues including negotiating UPDES permits on water
	discharges within municipal boundaries. The Legal staff proactively provides research and
	general support on all environmental issues to the Sustainability Department involving the
	City with negotiating multi-party agreements related to contaminated soil in and around Park
	City; researching records as part of identifying potentially responsible parties; filing FOIA
	requests with federal agencies; maintaining compliance with state Division of Drinking Water
	regulations; obtaining closure of existing physical mine hazards; negotiating the location,
	design, operation and maintenance of a hazardous waste repository; and holding developers
	accountable for the environmental requirements in development agreements and local land
	use codes.
ENVIRONMENTAL	This budget includes all items related to environmental regulatory work related to Legacy
REGULATORY	Mine soils.

Council Goal:

016 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Environmental Health	Clean water and clean natural environment is one of Council's priorities. City Council has
	expressed an interest in cleaning up the watershed and doing it right. This budget supports
	those goals.

Section 1: Scope

Change in Demand

Program Experiencing a MODEST increase in demand of 5% to 14%

Explanation

Several regulatory initiatives have been dormant for several years. The City hired a program manager to oversee these issues FY22. With this oversight, movement has picked up in several areas and requires more money to fulfill regulatory requirements.

Expenditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025
CITY ATTORNEY	Personnel	\$113,664	\$113,664	\$113,664	\$120,368
	Materials	\$26,074	\$26,074	\$26 <i>,</i> 074	\$26,074

Environmental Regulatory/EPA Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life Reliance on City City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

ENVIRONMENTAL	There is opportunity to apply for State and Federal clean up funds allocated for
REGULATORY	contaminated properties. While the outcome is uncertain, the program will apply for these
	funds in FY24
ENVIRONMENTAL	Resolution of the repository issue will result in a 58% reduction in expenses, including a
SUSTAINABILITY	significant reduction of outside legal fees and outside consulting fees. Also, proactive
	negotiate and agreements to secure proportionate cost allocation.

Section 5: Consequences of Funding Proposal at Lower Level

ENVIRONMENTAL	While staff is proposing a significant budget reduction, due to cost reductions in funding for
REGULATORY	FY2013, if the budget is reduced below the requested level, we will not be able to support
	homeowners and businesses in the cleanup of their property. Additionally, a reduction in
	budget will mean that our access to expert outside legal counsel will be eliminated. This will
	mean that we won't have the best advice on agreements with the EPA and the State. Also,
	our communication, service, and interaction with the EPA and other entities would suffer.
	Temporary or outside staff would not have background information and facts to proceed
	efficiently and effectively with ongoing issues.
ENVIRONMENTAL	While staff is proposing a significant budget reduction, due to cost reductions in funding for
SUSTAINABILITY	FY2013, if the budget is reduced below the requested level, we will not be able to support

homeowners and businesses in the cleanup of their property. Additionally, a reduction in budget will mean that our access to expert outside legal counsel will be eliminated. This will mean that we won't have the best advice on agreements with the EPA and the State. Also, our communication, service, and interaction with the EPA and other entities would suffer. Temporary or outside staff would not have background information and facts to proceed efficiently and effectively with ongoing issues.

BUDGET,	Currently the Budget and Finance Departments provide a high level of budget preparation services to
DEBT &	the City with regards to budget process, documentation, and monitoring. The budget process
GRANTS	includes: staff coordination; data input and collection; report creation and distribution; BFO staff
	assistance; BFO software creation and upkeep; Council and staff presentations; end-of-year balancing;
	and Pay Plan participation. Budget documents include the creation of Volumes I and II of the Budget
	Document, meeting GFOA Award criteria, submittal of the State Budget Audit, and the creation and
	distribution of the Citizen's Budget. Budget monitoring includes managing the desktop budget
	toolbox, weekly and monthly budget updates, as well as staff training and assistance on budget
	related issues.

Council Goal:

017 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	Council has approved in the Strategic Plan, Open and Responsive Government, that one of
Sound	their Desired Outcomes is to be fiscally and legally sound. In order to be fiscally sound as a
	City it is of the upmost importance that Council, the City Manager, and staff have a high level
	of budget preparation, coordination, and monitoring. Additionally, Council has identified the
	Budgeting for Outcomes (BFO) process as a high priority.

Section 1: Scope

BUDGET, DEBTDue to the restructuring of the Budget Department, cost savings will result in this bid via personnel& GRANTSreprioritization of duties. Even with fewer resources at the department's disposal, it's anticipated
that level of service will not decrease.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET,In a reduced scenario the department would not be able to provide much help in the way of budgetDEBT &reporting, assistance with budget options, budget balancing, and the pay plan process. TheGRANTSdepartment's involvement with budget presentations and staff reports would be minimal.

LIBRARY The Circulation Desk is staffed to greet, welcome and assist library users 7 days a week. The library is open to the public 64 hours each week. Staff check materials in and out, assist computer users, register patrons for library cards, answer questions in person and via the telephone, manage item requests, process interlibrary loans, handle fines & payment, create displays, accept & sort donations, manage meeting & study rooms and sort returned items.

Council Goal:

018 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Arts & Culture	Circulation Services helps to meet the desired outcomes by: 1. Greeting, welcoming, and
	assisting community members (Physically and socially connected neighborhoods) 2.
	Providing a welcoming place for members of the community & visitors to use for accessing
	the internet, quiet study, or gathering. (Vibrant community gathering spaces and places) 3.
	Checking out materials and providing research and computer assistance. (Connected,
	knowledgeable and engaged citizens) 4. Answering questions about local events and
	activities, and providing materials to learn more about arts and culture. (Vibrant arts and
	culture offerings for community & visitors)

Section 1: Scope

Change in Demand

Program Experiencing a MODEST increase in demand of 5% to 14%

Explanation

This department is seeing the same growth as others, but we need funding in the other programs to meet strong demand for programming, collections, personnel, software, and computers.

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY Staff working at the circulation desk complete other tasks and projects as time allows such as, doing inventory, working on displays, helping librarians with projects and programs, etc. The Circulation Desk also assists the Friends of the Farm by selling tickets for their events at the front desk and assists the film series by answering questions about the upcoming films and receiving packages. During Sundance the Circulation Desk distributes film guides and answers questions from visitors, Sundance staff and volunteers. The Circulation Desk also provides and updates a community bulletin board and displays flyers with community and visitor information.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Less community impact without development and growth as a 21st Century Library.

CITY	This includes all of the staff support roles of the Executive Team. This largely reflects the daily
MANAGER	operations of our local government: High level of citizens and business community support and
	interaction. Significant internal support of the many teams within the City and providing leadership to
	those teams.

Council Goal:

019 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Gold Medal	Council has identified open and responsive government as a top priority. Much of the
Performance	public's interaction with the City is through the Executive office. The Recorder and Senior
Organization	Recorder are the people that are responsible for much of the perception that the City
	Manager and Mayor are responsive to citizens. They are often the first line of contact for the
	public and are an extension of the Mayor and City Manager roles.

Level of Service

Staff Support Reduced Level of Service

Section 3: Basic Program Attributes

Explanation

Community Served

Reliance on City

Program benefits/serves the ENTIRE Community and adds to their quality of life City is the sole provider of the service and there are no other public or private entities that provide this type of service

Mandated

Program is required by Charter or other incorporation documents OR to comply with regulatory agency standards

Section 4: Cost Savings / Innovation / Collaboration

CITYWhile lower salaries are not a specific goal, it is likely that the people hired to eventually fill the roles ofMANAGERa retiring City Recorder will start at a salary lower than the people currently in those roles. The City
benefits greatly from the experience of the current City Recorder and Executive supporting staff and
they are paid accordingly.

Section 5: Consequences of Funding Proposal at Lower Level

CITYIf there is no overlap between the current City Recorder and Senior City Recorder and their respectiveMANAGERreplacements, there will be a reduction in services levels for a period of at least one to two years. By
the nature of being new, any new hires that do not have the opportunity to learn from the current City
Recorder and Senior City Recorder will take significantly longer to learn the job. New people are just
slower... and that slowness is exacerbated by having to learn everything without any training.

LIBRARY Adult Services is a program encompassing education and enrichment opportunities for both the Park City community and the visitor population. It provides a collection of reading materials, reference services, and programming tailored to adults.

Council Goal:

020 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome

Vibrant Arts & CultureThe library helps to meet the desired outcomes by: 1. Providing free and open access to
information and technology (Connected, knowledgeable, and engaged citizens) 2. Providing
a meeting space for community interaction and exchange of ideas (Vibrant community
gathering spaces and places) 3. Housing a historical Park City Room collection & being
located in a historical building (Preserved and celebrated history and protected National
Historic District 4. Offering exhibits and author programs (Vibrant arts and culture offerings
for community and visitors)

Section 1: Scope

Change in Demand Program Experiencing a SIGNIFICANT increase in demand of 15% to 24%

Explanation

With the help of additional staff, we will be able to maintain the current level of service with the growing usage. In addition, more funds are needed for professional development resources for staff to keep them trained in cutting-edge 21st Century Libra

Adult Services Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY Adult program partnerships are utilized to decrease costs while still offering high quality classes and programs to the community. We offer the community free access to fee-based databases through partnership with Utah State Library.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY If staff is unable to receive additional training, they will be unable to provide a high level of service to library users and unable to complete the visual media lab project. Without the additional funds for materials, including those needed for library expansion and 21st Century Development, the library will not be able to keep up with demand for materials and resources. In addition, the library will have to reduce electronic resources due to cost. At this time, it is impossible to re-allocate funds from print materials to technology because there is still a strong demand for print materials. Hard copy items purchased in the past fiscal year for the adult collection check out often. For example, 97% of books on CD, 95% of large print, 97% of DVDs, and 94% of Fiction that were purchased in the last fiscal year circulated. This illustrates a strong demand for these materials and removing funds from these collection areas would hurt the quality of the library collection.

LIBRARY Youth & Spanish Services is a program encompassing education and enrichment opportunities for Park City children, youth, teens, parents, and visitors. It provides a collection of reading materials, reference service, and programming tailored to youth and the Latino community. The library offers quality materials (such as books, e-books, audiobooks, DVDs, magazines, and early literacy and STEM computers), programs, classes, and outreach to help the community's youth with early literacy, school readiness, and continued development of 21st Century Skills. Services for Latinos also include the provision of books, audios, DVD's, magazines and ESL materials along with classes, programs and outreach.

Council Goal:

021 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Diverse Community	The library helps to meet the desired outcomes by: 1. Providing free and open access to
Participation	information and technology (Connected, knowledgeable, and engaged citizens) 2. Providing
	a meeting space for youth to develop early literacy skills thru 21st Century skills by engaging
	this population in programs and materials that emphasis reading, writing, sing, talking,
	playing, collaboration, and implementing the use of technology to enhance their knowledge
	and creativity (Vibrant community gathering spaces and places) 3. Providing materials in
	Spanish, ESL materials, and a meeting place for Park City's Spanish speakers (Diverse
	population and social fabric) 4. Providing a meeting space for Park City's diverse populations
	to come together (Physically and socially connected neighborhoods).

Section 1: Scope

Change in Demand

Program Experiencing a SIGNIFICANT increase in demand of 15% to 24%

Explanation

Youth and Spanish service demands are experiencing a great deal of increase, which is good. Our outreach to the schools and to the Spanish-speaking population has been successful in bringing in more people. Our children's and youth' programs are full to b

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life Reliance on City City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY Collaborating with the Park City Day Camp and Park City School District to engage the youth in participating in Summer Reading Programs; thus, helping to prevent the 'Summer Slide', is an efficient use of money requested for programming. Working with other nonprofits to co-host programs such as the Gingerbread Jimmy House Contest, Books 2 Movies, Summit County Library, and Windy Week with Recycle Utah creates cost savings for the library.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Without additional funds to keep pace with technology and print collections, youth will not have the best resources available to increase their 21st Century Skills. Success in education and literacy are essential basics for children to become successful citizens. Without additional funds for materials, the library will not be able to keep up with the community's demand for early literacy materials; homework resources, young adult books, which are frequently read by adults; graphic novels; and ESL and duel emersion materials. Enhancing outreach is a good way to build connected citizens. If staff is unable to receive additional training, they will be unable to provide a high level of service to families, youth and Latinos.

LIBRARY Technical Services includes a broad range of library support functions. Included in this program are cataloging & processing materials such as books, DVD's, audios and other items for check-out to the public. Support of public computers, internet access, web interface, library software for organizing and providing access to the collection are also major components as well as tracking Library finances. Development of a 21st Century Library includes provision of a high-tech information interface. Catalog and process all new items for public checkout. Maintain equipment and software for 33 computers and wi-fi access. Ensure that materials are ordered, received and paid for in a timely manner and accurate records are maintained.

Council Goal:

022 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Arts & Culture	The library helps to meet the desired outcomes by: 1. Providing free and open access to
	information and technology (Connected, knowledgeable, and engaged citizens) 2. Providing
	free and up-to-date technology access to ensure that all segments of the community have
	the opportunity to be knowledgeable and engaged.

Section 1: Scope

Change in Demand

Program Experiencing a SUBSTANTIAL increase in demand of 25% or more

Explanation

Personnel is the biggest need in the Technical Services Program. This department catalogs and prepares all new materials for the public and currently has a 3 month backlog. There is a deficit of 14,203 hours per year in staffing to handle an additional 16

Expenditur	res		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Technical Services Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

Mandated

City provides program and program is currently being offered by another governmental, non-profit or civic agency Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY The library receives a reduced rate for public internet access through the e-rate program. Broadband access was installed with grant dollars in partnership with the Utah Education Network. As a part of the OCLC Cooperative the library shares cataloging records with other libraries, thus expediting the process of preparing item descriptions for the library catalog.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Negative impacts of not being approved for the personnel requests include the library not being equipped to provide services in a timely and cost-effective fashion. Deliverables are suffering. The library cannot provide books and new materials into the community's hands effectively. In addition, because our librarians and library assistants are taking on Clerk tasks their ability to produce work such as programs for kids, teens, Spanish-speakers, adult & seniors, computer trainings are inhibited and such jobs computers updates are not being managed, which does not provide 21st Century Service to the public. Inability for staff to attend conferences, meetings, and hold memberships at a professional level to keep up 21st Century Libary standards

Section 4: Cost Savings / Innovation / Collaboration

LIBRARY This was initially a collaborative effort with Summit County providing half of the needed funding. Due to budget issues the County no longer contributed funds after FY 2013.

Section 5: Consequences of Funding Proposal at Lower Level

LIBRARY Library would not be able to continue LOS and growth of free cards to the 324 kids ages 5-18 who reside in Summit County outside of the Park City limits.

EMERGENCY	Emergency Management protects our community by coordinating and integrating all activities
MANAGEMENT	necessary to build, sustain and improve the capability to mitigate against, prepare for, respond
	to and recover from threatened or actual natural disasters, acts of terrorism or other man-made
	disasters of all sizes. We also manage City Building Security and Citywide Safety Programs
EMERGENCY	The Emergency Contingency Fund is an "evergreen account" that was started in FY2012 to put
CONTINGENCY	aside funding for emergencies or disasters that befall the city that are not budgeted for. In FY 16
	this account was changed to remain at \$100,000 per year. In FY17 \$10,000 was used for the
	purchase of the Mobile Command Trailer (MCT) and the current balance is \$90,000. In FY21, this
	amount was changed to \$500,000 to assist with response and community recovery efforts
	associated with the City's response to COVID-19.

Council Goal:

026 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired OutcomeSafe CommunityEmergency Contingency like many of the tenets of emergency management is planning for
the worst and hoping it won't happen. Inevitably a large emergency will occur and without
this fund there will be no ready source of funds to pay the expenses of the emergency or for
recovery from the emergency. In many respects this is a self-funded insurance policy for
items that are not covered by traditional insurance.

Section 1: Scope

Change in Demand

Program experiencing a MINIMAL increase in demand of 1% to 4%

Explanation

All three areas of responsibility, Emergency Management, Security and Safety have all seen an increased focus and demand for services over the past several years, stretching the Emergency Manager's ability to meet increasing requirements from goverment, i

Community Served Program benefits/serves the ENTIRE Community and adds to their quality Reliance on City

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

EMERGENCY	We have established a unique EOC model which has garnered statewide attention and the
MANAGEMENT	Emergency Manager has developed a number of policies being adopted by other agencies.
	Collaboration: We have developed a number of inter-local agreements for times of emergencies
	and involved in a number of local and regional groups in public safety and emergency
	management. We are utilizing a number of free resources for our new Safety Program and joint
	funding projects for the Safety Program.
EMERGENCY	The Emergency Contingency Fund provides an immediate source of funding for emegencies and
CONTINGENCY	disasters that do not have a specific fund source. For large events funds may have to be
	reallocated.

Section 5: Consequences of Funding Proposal at Lower Level

EMERGENCY	Staff: Reduced staffing hours will greatly inhibit our ability to stay current with State and Federal
MANAGEMENT	requirements, keep up with staff training, develop our community outreach preparedness
	program and limit our response to emergencies including significant reductions in our abilities to
	meet OSHA standards and security needs. Materials: Reductions would reduce the ability to
	attend educational training, conduct exercises, keep all of our equipment in good working
	condition and up-to date, maintain service contracts, greatly impacting our ability to adequately
	respond to emergencies and disasters. At some levels we would lose some of our response
	capabilities all together
EMERGENCY	Funding at a lower level will reduce our financial readiness for emergencies and disasters.
CONTINGENCY	

TRANSPORTATION	The summer service program operates from April 15th through December 15th (start and end
OPER	dates may vary based upon opening and closing of ski resorts). The system operates from 6:45
	am to 12:05 am, 7 days a week. The Trolley operates from10am to 10pm 7 days a week.
	Current LOS also includes year round PC-SLC Connect service.

Program: Policy Creation & Implementation Department: CITY COUNCIL; EXECUTIVE; & ENVIRONMENTAL SUSTAINABILITY

Description:

CITY COUNCIL	Mayor and Council are the legislative and governing body which exercise the powers provided by constitutional general laws of the state together with implied powers necessary to implement the granted powers. City Council has been a member of the Utah League of Cities and Towns for many years. ULCT provides services to communities throughout the State of Utah.
CITY MANAGER	Develop proactive initiates to respond to community challenges and shape policy for the City Council. Address public safety, economic, social and environmental factors (among others) and implement Council direction and address City operational concerns with wise discretion in the management of programs. The City Manager is responsible for facilitating policy decisions in accordance with goals and priorities of the Mayor and Council. Annual Goals and Targets for Action are established at the annual Council Visioning Workshop. The current level of service includes development proactive initiatives to respond to community challenges and shape policy for the City Council; addressing public safety, economic, social, and environmental factors (among others) and implement Council direction and address city operational concerns with wise discretion in the management of programs.
ENVIRONMENTAL	The Regional Community Development Director represents the City on regional collaboration
-	
SUSTAINABILITY	efforts.

Council Goal:

029 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired OutcomeTransparentCity Council has been a member of the Utah League of Cities and Towns for many years.GovernmentULCT provides services to communities throughout the State of Utah. Annual membership
rates continue to increase and a budget request has been submitted to keep up with the
increased costs. Municipalities are required to publish legal notices, which consist of

agendas, public hearings, and publication of ordinance approvals. The budget request reflects actual expenditures for these notices.

Explanation

Policy Creation & Implementation Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Charter or other incorporation documents OR to comply with regulatory agency standards

Section 4: Cost Savings / Innovation / Collaboration

CITY Drawing from the professional expertise of Staff, the Manager is able to reduce spending for *MANAGER* discretionary consulting services.

Section 5: Consequences of Funding Proposal at Lower Level

CITY COUNCIL	Parterships with Utah League of Cities and Towns provide Park City the services of a skilled team of professional to assist with creation of policies and also provide significant support at the state legislative level. Reduced funding could prevent the City from participating in this valuable partnership.			
	Reduced funding for Legal Notices would lessen the City's ability to comply with legal requirements of the Utah State Code.			
CITY MANAGER	Reduced funding would result in delays in framing policy and would necessitate less detailed implementation. Council will not be able to implement as many initiatives. Partnerships with organizations such as Utah League of Cities and Towns offer Park City the services of a skilled team of professionals to assist with the creation of policies and also provide significant support at the state legislative level.			
ENVIRONMENTAL	Reductions would remove the funding for the Regional Community Development position and			
SUSTAINABILITY would reduce the ability of the city to collaborate regionally.				
	120			

POLICE Geographic assignments and strategic planning provides more efficient community patrols, problem solving and criminal apprehension. Officers are assigned sectors or zones that they are responsible for and provide an effective way to meet the community's needs. Patrol Operations is the umbrella over Community Support, Community Oriented Policing, Traffic Enforcement, Crime Detection, Criminal Investigation and responding to the community's needs.

Council Goal:

030 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome

Safe Community Overall, patrol operations are essential to providing a safe community and are prepared for and respond to emergencies.

Section 1: Scope

Change in Demand Program Experiencing a MODEST increase in demand of 5% to 14%

Explanation

Over the past several years we have had a drastic increase in our serious crimes, including homicides, juvenile drug cases, suspicious infant deaths, felonious thefts, and million dollar drug cases. This has all been in addition to the typical theft, dome

Section 2: Proposed Amount / FTEs

Section 4: Cost Savings / Innovation / Collaboration

POLICEStrategic planning and creative staffing allows us to provide the superior level of service to the community
that we do without requesting additional funding to meet the needs of the community.

Section 5: Consequences of Funding Proposal at Lower Level

POLICEFunding at a lower level would have a direct and negative impact on our level of service to the community.
Services would be directed in different areas and the level of service would focus more directly on Response
than Prevention.

COMMUNITY	This program area includes crisis communications during unforeseen and/or sensitive events.
ENGAGEMENT	Develops and disseminates emergency messages to the community, media and other
	stakeholders. Develops and maintains an organization crisis communication plan. The current
	level of service provides for biannual emergency preparedness outreach, timely emergency
	response with ongoing communications, limited continuing education within the state for the PIO
	and back-up PIOs and a limited social media outreach. Enhanced Level for Service.

Council Goal:

067 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	While 81% of the community rated the city's public information services as "excellent" or
	"good" only 31% rated their level of emergency preparedness as "excellent" or "good". It is
	important that we continue efforts to emphasize emergency preparedness efforts over the
	next two years. The \$6000 budget request will replace discontinued EMPG funding and is
	necessary to maintain outreach and education

Section 1: Scope

Change in Demand

Explanation

Program experiencing a MODEST increase in demand of 5% to 14%

Section 2: Proposed Amount / FTEs

Level of Service

Emergency Communications Same Level of Service

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

COMMUNITYCost Savings & Collaboration: The City collaborates extensively with the Summit County HealthENGAGEMENTDepartment and Summit County Manager's office in its emergency communications efforts. This
allows us to operate a lean emergency communications staffing level. Emergency
communications staff provide cross-jurisdictional support during emergencies and maintains a
regional wildfires website. Staff are members of the UT PIO Association and participate on its
board and as presenters at the statewide conference. Staff is also active in the National
Information Officers Association.

Section 5: Consequences of Funding Proposal at Lower Level

COMMUNITYWith the loss of the state matching funds program funding at a lower level will reduceENGAGEMENTcommunity outreach and education efforts through direct mailing, posters and ad placement
especially as it relates to wildfire prevention and education.

TECHNICAL &	www.ParkCity.org is a core component in how we communicate and provide information. In
CUSTOMER	coordination with other websites and social media efforts, Internet traffic is directed to the City
SERVICES	website and provides the opportunity to measure the relevance and quality of the information
	being provided. This program allows departments to create website content and submit for
	review. This helps ensure that branding and readability guidelines are met before information is
	published. The City website is also accessible to mobile devices, a growing need and expectation.
	Users can receive automatic email notifications for a variety of City topics.

Council Goal:

069 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Citizen Engagement	The City website represents a significant portion of the Open and Responsive Government
	objective. Search engine ranking and growth, combined with other department offerings
	such as bus routes, continue to rely on the City website as a platform to disseminate
	information.

Section 1: Scope

Change in Demand

Explanation

Program experiencing a MINIMAL increase in demand of 1% to 4%

Reliance on City

Mandated

Explanation

No Requirement or Mandate exists

Section 4: Cost Savings / Innovation / Collaboration

ICEIn addition to sending staff to attend industry conferences and trainings, the General Manager is alsoFACILITYworking with regional ice arenas in the Salt Lake Valley to build relationships between facilities to
promote idea sharing and cooperation. In FY 18, four members from the Ice Management Team traveled
to the Los Angeles area on rink tour (designed after the "City Tour" model). Both full time operators are
Certified Ice Technicians from Serving the American Rinks (a national agency providing support and
training to the ice rink industry.)

Section 5: Consequences of Funding Proposal at Lower Level

ICE Funding this program at a lower level could result in lower employee satisfaction which could result in greater turnover and a difficult time filling positions. Such an outcome would likely result in a degradation of the facility and lower customer satisfaction.

DRUG	Drug Abuse Resistance Education (D.A.R.E.) is a collaborative effort involving parents, schools and
EDUCATION	Police all working together to teach youth to avoid illegal drugs and violence while helping them
	become healthy, law abiding citizens. The D.A.R.E. Program currently targets McPolin Elementary,
	grades Kindergarten through Fifth. Kindergarten through 2nd grade have 2 hours of education each
	year. Grades 3rd through 4th receive 5 one hour classes per school year. The 5th graders receive 9
	weeks of education which is equal to 27 weeks. There are 3 classes per grade that are receiving
	D.A.R.E. Education.

Council Goal:

102 Core or Essential Services

Desired Outcome:

 Criteria for Meeting Desired Outcome

 Safe Community
 McPolin Elementary, parents and the Police department are actively involved in the success of the D.A.R.E. Program. Students, school faculty, parents and Police department staff attend a year-end Graduation for those students who have successfully completed this program.

Section 1: Scope

Change in Demand

Ice Programs Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves SOME portion of the Community and adds to their quality of life

Reliance on City

Mandated

No Requirement or mandate exists

City provides program and program is currently being offered by other private businesses not within City limits

Section 4: Cost Savings / Innovation / Collaboration

ICE Cost Saving:

FACILITYFull time staff are cross trained to be able to open and run the front desk and resurface the ice. Support
during busy public sessions and events are often provided by full time staff. Full time staff can leave desk
work to help during a rush or assist with a patron who needs more attention. During the week, this allows
staff to provide great customer service without having an additional part time staff on the desk.
The Front Desk is closed during more adult league games. Although this is not our desired level of service
we continue to look for was to meet the needs of patrons during this time. Score keepers are now
assisting patrons between games to leave or pick up skates (for sharpening).

The ice arena strives to incorporate technology into our ice programs. Marketing and communication of programs is done primarily through the rink's website, social media, and e-mail blasts. This has allowed for a reduction in marketing costs.

Collaboration:

Staff has worked closely with user groups to create an efficient ice schedule for youth based user groups and rink run programs, maximizing ice utility in the afternoon and early evening. The efficiencies allow for adult based user groups and rink run programs such as the Adult Hockey Leagues to begin and end earlier in the evening, allowing for leagues to grow by adding games later into the evening.

In FY 15 off ice ballet classes moved to a new location at the PC MARC. Staff agreed that pre-registrations revenue would go to the Ice Arena and drop in revenue would go to the MARC. This allowed the Ice Arena to keep the program and provides a new revenue source for the MARC. The Ice Arena pays for the cost of the instructor. The collaboration allowed the program to support developing athletes for which the floors at the ice arena were not sufficient for their improving skills. Innovation:

Staff continues to creatively increase participation and ice utilization in our programs. During the Late Fall session of Hockey Academy, part of the ice was underutilized during the class. Staff opened the available ice up a Cheap Skate, making the only afternoon public skating session and giving an opportunity for beginner skaters who needed ice for private lessons.

Staff continues to creatively increase participation and ice utilization in our programs. New facility software is providing a better customer experience for all patrons.

Section 5: Consequences of Funding Proposal at Lower Level

ICE If funding levels are below what is currently provided, the Ice Arena may have to limit the capacity of programs and/or eliminate certain programs due to lack of staff resources. Funding at a lower level will result in lower-quality instruction and the loss of participants due to dissatisfaction with the quality of instruction and lack of skill development. A reduction in class offerings would impact revenues as well as result in slower growth for user groups (the youth hockey organization, figure skating club and speed skating club) that depend on rink run programs (Skating & Hockey Academy) to attract and develop skaters, stimulate interest in ice sports and create participants for their programs/clubs.

SELF INS & SEC	There are two additional Programs managed by the Emergency Manager - those being Building
BOND	Security and Safety. In conjunction with the Building Security Committee, the Security Program
	manages all of the city's security cameras and systems, electronic access control (EAC), security
	audits, security upgrades to city buildings and security training for all city employees. The
	Citywide Safety Program includes management of all aspects of occupational safety, from staff
	training and awareness, program oversight, incident review, Safety Data Sheet management,
	workspace inspections, management of outside agency audits and inspections, etc.
EMERGENCY	As part of City's emergency operations center (EOC) management, this 'evergreen' fund is
MANAGEMENT	designed to add or upgrade aging equipment necessary to manage and support responses to a
	large-scale incident.

Council Goal:

105 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired OutcomeSafe CommunityThe Security Program had been charged with upgrading and centralizing all video and
electronic access controls in fourteen City buildings, in addition to other security upgrades
and training of all city employees on security measures. Park City has not had a citywide
safety program across all departments. The new Safety Program will reach all employees
and meet all federal and state requirements over a period of two to three years. These
programs help meet the requirements of an "engaged and capable workforce," along with
being a "fiscally & legally sound" municipality.

Section 1: Scope

Change in Demand

Program experiencing NO change in demand

Explanation

Due to the need to meet required OSHA standards, a higher level of safety education and tracking is requried. On the security side, more buildings are being added to electronic access controls which increase security and accountability, along with an add

Section 3: Basic Program Attributes

Community Served

Program benefits/serves SOME portion of the Community and adds to their quality of life Reliance on City City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

SELF INS Safety and Security are both key components to risk management and the cost of insurance. Insurance placements for CY15 all increased. Workers Compensation incresases were primarily due to injury claims.
 BOND Comprehensive safety programs help reduce those premiums, as do security programs for other insurance policy premiums. The National Safety Council reports that for every dollar spent on a safety program you save four dollars in expense. Innovative training programs for both projects along with using free resources and in-house staff save money as well.

Section 5: Consequences of Funding Proposal at Lower Level

SELF INSThe Safety Program will allow us to meet all Federal and State OSHA standards as required by law.& SECLowering funding will greatly reduce our ability to be in compliance in a timely manner. Most SecurityBONDfunding is CIP based but there need to be funds for maintenance and other inter-departmental expensesthat departments will not prioritize or budget for. Decreased or no funding will hamper our ability tocomplete our centralized systems and reduce our ability to lower insurance premiums, not to mentionour ability to investigate and monitor key critical infrastructure.

Explanation

Description:

HUMAN	Human Resources designs, manages and implements the performance management process with
RESOURCES	collaboration and input from the management team. It includes communication and training on the
	process and adhering to deadlines with the management team. Evaluating the performance and
	developing the potential of the employees is critical to the success of the City. This is achieved by
	formalizing the communication between employees and management and documenting
	performance issues that need to be addressed. Human Resources reviews the process for
	consistency, completion and accuracy.

Council Goal:

107 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Gold Medal	Keeping employees abreast of how they are performing in their jobs and what can be done

PC We have all staff involved in the cleaning of the facility by creating a team atmosphere where they have*MARC* ownership to how the facility looks and is maintained.

Section 5: Consequences of Funding Proposal at Lower Level

PC MARC Operations would be reduced likely reducing the hours the facility is open.

BUDGET,	Currently the Budget Department provides a high level of critical analysis for all City departments as
DEBT &	well as the City Manager and City Council. This includes financial, policy, legislative, and miscellaneous
GRANTS	analysis. The finished product in this area includes research, process improvement, polished
	presentations and documents. In essence, the Budget Department acts as a resource for all types of
	critical analysis whether budget related or not. One example would be the assessment of several
	economic development feasibility studies to determine the economic impact of commercial ventures
	by projecting sales, franchise, and property taxes, as well as other planning, building, and engineering
	fees brought by the development.

Council Goal:

118 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Transparent	Council has approved in the Strategic Plan, Open and Responsive Government, that one of
Government	their Desired Outcomes is to be fiscally and legally sound. In order to be fiscally sound as a
	City, it is of the upmost importance that Council, the City Manager, and staff have a high
	level of critical and professional analysis at their disposal. A City without this resource on
	staff would have to contract out for various studies or expertise in order to provide the same
	level of service, which would be more expensive.

Section 1: Scope

Change in Demand Program experiencing a MINIMAL increase in demand of 1% to 4%

Explanation

Section 2: Proposed Amount / FTEs

Ехре	enditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Section 3: Basic Program Attributes

Explanation

Program benefits/serves SOME portion of the Community and adds to their quality of life City provides program and program is currently being offered by other private businesses within City limits

Section 4: Cost Savings / Innovation / Collaboration

GOLFTo minimize any food loss we primarily stock items that are prepackaged and have a long shelf life.PROPerishables are purchased day of and in small quantities. The primary reasons for managing this operationSHOPare twofold. 1. Staff has had level of service issues with concessionaires in the past. By taking this in
house we can better manage customer engagement as well as customer retention. 2. The golf course is an
enterprise fund. Our revenues fund all of our expenditures. This operation increased our net revenues in
the 2014 golf season over \$21,000.00.

Section 5: Consequences of Funding Proposal at Lower Level

GOLFPreviously the food and beverage was contracted out and the golf course received \$600 per month (4PROmonths, \$2,400.00 per season) from our concessionaire. We could go back to this practice but feel theSHOPlevel of service to our customers would not be up to our standards and the potential of losing company
tournaments and the revenues generated from them would have a significant impact to our bottom line.

BUDGET,	The Budget Department provides a moderate level of performance measurement management for
DEBT &	the City. The Budget Department assists staff in keeping track of their internal department
GRANTS	performance measures as well as acting as a liaison between ICMA's Center for Performance
	Measurement Program (CPM) and staff.

Council Goal:

122 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Gold Medal	Council has approved in the Strategic Plan, Open and Responsive Government, that one of
Performance	their Desired Outcomes is to be fiscally and legally sound. In order to be fiscally sound, as a
Organization	City, it is important that Council, the City Manager, and staff have a high level of
	performance measure and benchmarking management. Additionally, Council has identified
	the Budgeting for Outcomes (BFO) process as a high priority; intrinsic to that process is a
	high level of performance management.

Section 1: Scope

that level of service will not decrease.

Section 5: Consequences of Funding Proposal at Lower Level

BUDGET, DEBTIn a reduced scenario the department would not be able to provide performance measure and
benchmarking management. With fewer resources the department would need to cut these services
first. The performance of City services could suffer as a result.

LEADERSHIP	The purpose of Leadership Park City is to train new and emerging leaders and deepen the pool of
	people willing to dedicate themselves to accomplishing worthwhile community goals. It offers potential
	leadership an experiential, long-term, group-oriented learning opportunity. The program consists of 10
	individual training sessions, a 5-day field trip and several social events. 30 adult and 2 high school
	participants are accepted each year for this 10-session program. The program is designed to give
	participants a wide variety of networking experiences in addition to content on local and state
	government and various leadership skills training opportunities. Each class further chooses a
	community-oriented project to accomplish over the course of their leadership year. Participants are
	awarded a scholarship to defray most program expenses, except for the cost of the annual five-day
	CityTour, which is a program requirement.

Council Goal:

123 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Regional	Preserving Park City's Character depends in large measure on encouraging, engaging and
Collaboration	involving emerging leaders in a wide variety of governmental, non-profit, and civic and
	business associations. It is this continuity of leadership and the community's commitment to
	bring new blood into the mix and educate them that ensures that our community's unique
	character is protected and preserved.

Section 4: Cost Savings / Innovation / Collaboration

LEADERSHIP The program runs on a very lean budget and depends on extensive collaboration with other governmental entities, businesses and nonprofits. A portion of each year's budget is raised from the Chamber, Summit County, the three ski resorts, Lodging Association, Board of Realtors, banks, alumni and other private donations, among others.

Section 5: Consequences of Funding Proposal at Lower Level

LEADERSHIPOne of the hallmarks of Leadership Park City is that financial considerations have been largely removed
from the selection process assuring the widest possible community diversity. This is accomplished by
providing all selected participants with a scholarship to help defray program costs. We are the only
community leadership program to my knowledge that does this, and is one of the reasons we have
been so widely recognized and awarded. It demonstrates Park City's commitment to train its emerging
leaders. The philosophy is that great communities invest in great infrastructure like parks, open space,
roads, bike paths, etc., but that excellent communities also invest in their human leadership
infrastructure. With less funding, we could charge individuals to participate and only award
scholarships on an as needed basis.

GOLF	The golf course currently manages 3 leagues: Men's league on Wednesday, Women's leagues (9 and 18
PRO	hole) on Tuesday, a Couples League and Junior leagues on Monday. We also offer 3 - 4 day Junior clinics in

Community Served

Program benefits/serves SOME portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

PLANNINGThe cost/value of this "window" service is difficult to measure; however, the Department recommends
that we keep this high level of customer service and responsiveness. Our Planner-On-Call (POC) has
done an extraordinary job this past year in addressing many customer inquiries, as have the Planners.

Section 5: Consequences of Funding Proposal at Lower Level

PLANNINGA reduction in funding would lead to delayed responses to customer needs, resulting in angry
DEPT.DEPT.residents.

PLANNING	This is tied to the Planning Department's INTRA-DEPARTMENTAL efforts. This area includes a wide
DEPT.	range of planning activities such as Sundance coordination, Special Events, water/landscape ordinance,
	small wireless facilites, Main Street infrastructure planning, Zoning analysis, Nightly Rental analysis,
	TZO work, assistance with property acquisition/disposition, National Register analysis, etc.

Council Goal:

130 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Distinctive Sense of	The Planning Department has always been involved in special planning projects and
Place	inter/intra-departmental efforts. We anticipate these projects to increase and establishing
	full-time Planner I (FY15) and Current Planning Manager (FY16) positions will enable the
	Department to maintain and/or increase the Level of Service to meet the demand of the
	estimated application increase and upcoming long range planning projects.

Section 3: Basic Program Attributes

Community Served

Reliance on City

Mandated

Program benefits/serves SOME portion of the Community and adds to their quality of life City provides program and program is currently being offered by other private businesses within City limits No Requirement or madate exists

Section 4: Cost Savings / Innovation / Collaboration

GOLFCost Savings: The merchandiser is very careful to order in bulk. This keeps the costs of shipping to a
minimum. We currently attend the national PGA golf show in Orlando every other year. In alternate years
staff attends local Utah shows. Collaboration: The golf merchandiser provides information for Citywide
departments for ordering staff uniforms and retail items. This allows departments to receive discounting
for bulk buying.

Section 5: Consequences of Funding Proposal at Lower Level

GOLF Retail operations are a vital part of the golf shop. To provide a quality resort feel experience, the golf shop needs to be sufficiently stocked with quality product. If cutbacks in this area are required it would take
 SHOP away from the resort feel of the course. Cutbacks would also affect our bottom line revenues.

VENTURE	In 1990 the Venture Fund was established to provide funding opportunities to realize opportunities not
FUND	anticipated in the regular program budgets. The City Manager administers the money, awarding it for
	programs or projects within the municipal structure, based on the advantage of immediate action and
	subject to the likelihood of positive returns on the "investment".

Council Goal:

133 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Streamlined and	Open and Responsive Government is one that is able to be nimble. Should the City Manager
flexible operating	need to wait one or two years until the next budget cycle to tackle a project, it is likely that
processes	an unanticipated opportunity will be gone by the time funding becomes available. The City
	should have the ability to have a modest fund to be more responsive.

Section 3: Basic Program Attributes

Community Served

Program benefits/serves only a SMALL portion of the Community but still adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

No Requirement or madate exists

Section 4: Cost Savings / Innovation / Collaboration

VENTURE Innovation results from the availability of the Venture Fund. Without the flexibility to take on unanticipated projects, government cannot be nimble.

Section 5: Consequences of Funding Proposal at Lower Level

VENTURE A decrease in the funding in the Venture Fund would simply reduce our ability to respond to CouncilFUND requests for mid-year items with costs associated.

HUMAN	The ability to maintain City services that are both open and responsive to the community needs is
RESOURCES	sometimes unpredictable. Short-Term Citywide personnel are temporary workers, interns and/or
	external services that allow for flexibility in this area. This prevents unnecessary burnout to
	departments experiencing temporary increases in workload due to City needs, and saves the City in
	both consulting and long term employment costs. This program also allows the City to be flexible for
	emergency situations, unforeseen issues, and workloads.

Council Goal:

135 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Gold Medal	Ability of City personnel to respond when necessary to ensure compliance and risk
Performance	management, as well as the ability to maintain continuity in business operations.
Organization

Mandated

Recommended by national professional organization to meet

Explanation

Section 4: Cost Savings / Innovation / Collaboration

HUMANCost savings are substantial, depending on varying situations. Savings are achieved by reducingRESOURCESovertime dollars as well as time and resources of experienced and higher paid employees; otherwise
these employees would be using valuable time on unnecessary research to complete unusual
projects outside of their experience and training, as well as work on projects well below their level of
pay and expertise.

Section 5: Consequences of Funding Proposal at Lower Level

HUMANInability of the City to remain flexible and able to respond to unusual events such as litigation,RESOURCESemergencies, and unexpected projects.

SPECIAL	This fund provides funding opportunities for local and regional meetings that benefit the community,
MEETINGS	but are not associated with other programs. It is also used for Employee Recognition Luncheons for
	City Staff and to provide reciprocal opportunities with other communities within the US and from
	other countries.

Council Goal:

136 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Engaged, capable	Government is more responsive when it is well fed. When people are hungry, they are less
workforce	likely to engage in a dialogue with the public. Also- Employee Recognition Lunches are an
	important for building culture within the municipal organization. We would not be able to
	support Council Visioning without food and a two day meeting with a hungry City Council
	might not be as fun. City Tour is the place where members of Council have the opportunity
	to get great ideas from other communities to bring back to Park City.

Section 4: Cost Savings / Innovation / Collaboration

CITYThis funding generally has an extremely high return on investment by minimizing negative legislativeMANAGERactions at the state level.

Section 5: Consequences of Funding Proposal at Lower Level

CITYA lower level of funding would significantly curtail our municipal legislative activities. The effect of thisMANAGERcurtailment could be the passing of legislation that negatively impacts Park City. (In the past two
legislative sessions, there were bills that would have impacted Park City, but not other communities.
Our relationship with other cities, through the Utah League of Cities and Towns, was the sole reason
these bills were stopped.)

TECHNICAL &	IT helpdesk supports employees with a broad range of technologies to ensure operational
CUSTOMER	business continuity. This portfolio includes system controls, software, computers, network, and
SERVICES	phones. Equipment lifecycle management and IT projects are also essential parts of the program.

Council Goal:

070 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Responsive Customer	With a proven track record of performance and customer satisfaction, support has expanded
Service	services to include more specialized software, smartphones and other mobile devices.

Section 1: Scope

Change in Demand

Explanation

Program experiencing a MODEST increase in demand of 5% to 14%

Helpdesk statistics show reduction in demand, this is explained by the adoption of new security technologies that has minimized computer rebuilds; adoption of ADP; and changes to dispatch operations. However, 2018 represents a small respite of demand sinc

Section 2: Proposed Amount / FTEs

Expenditures		Dept Req FY 2025	RT Rec FY 2025	CM Rec FY 2025	Council FY 2025

Section 4: Cost Savings / Innovation / Collaboration

TECHNICAL &Support staff has collaboratively worked to improve workflow processes for IT and other
departments from project requests to training. Helpdesk has received excellent user
satisfaction reviews from internal surveys.

Section 5: Consequences of Funding Proposal at Lower Level

TECHNICAL &Service reductions would impact response times and reduce employee efficiencies. CapacityCUSTOMERto meet demands for software upgrade and replacement computer timelines would beSERVICESimpacted for lower priority services.

Explanation

Description:

GOLF	The Golf Maintenance Department provides a variety of services, maintenance and capital renewal
MAINTENANCE	for this program. It requires that golf maintenance provides sound agronomic practices for the
	continued sustainable playability and condition of the golf course. Items included are mowing,
	irrigation maintenance, tree care, course amenities, greens rolling, flowers and presentation.
	Challenges to the goal of this program are environmental regulation, maintaining an evolving eco
	system, increased cost of green technology, aging infrastructure, and increasing player demand
	and community expectations.

Council Goal:

098 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	Recreation, Open Space and Trails has been identified by Council as a high priority through
Assets and	Council's goals (Outcomes Area) and the strategic plan. The community has also expressed
Infrastructure	their desire for a premier public golf course in the intermountain region through golf user
	requests and community satisfaction surveys. The Golf Maintenance program is a critical
	function in preserving the Park City "Brand".

Section 1: Scope

Change in Demand

Program experiencing NO change in demand

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life **Reliance on City**

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

GOLF MAINTENANCE

Cost Savings: The Golf Maintenance Department installed new sprinkler head conversions with the goal of increasing sprinkler head efficiency and therefore reducing irrigation use. The Golf Maintenance Department continually looks for creative ways to increase environmental stewardship, decrease carbon footprint, through innovation. Examples include: The installation of a variable frequency drive irrigation pump station, purchase 5 hybrid greens and 2 hybrid fairway mowers that reduces fuel consumption, an environmentally input based irrigation control system, first all-electric utility vehicle, and green waste recycling. Industry trends are to move toward environmental stewardship, organic and biological pest controls.

Section 5: Consequences of Funding Proposal at Lower Level

GOLF MAINTENANCE

The consequences of lowering the funding for this program include reductions in: turf quality, routine maintenance, preventative maintenance, and capital replacement. There would also be an increase in citizen and user complaints due to established community expectations.

ENGINEERING	Review and sign off on planning documents, building permits, engineering permits and other
	projects generated by the Building/Planning/Engineering Team.
PLANNING DEPT.	The Planning Department reviews planning applications for conformance with the GENERAL PLAN and the LAND MANAGEMENT CODE. This includes management of: Land Management Code updates, revisions, and amendments Planning Commission, Historic Preservation Board and Board of Adjustment National Register of Historic Districts Design Guidelines for the Historic District and Historic Sites Historic Sites Inventory The department works with applicants and assists them with their submittals, carries them through the planning process, and prepares materials for presentation to the Planning Commission and City Council.
BUILDING DEPT.	The purpose of this program is to establish the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress, stability, sanitation, adequate light and ventilation, energy conservation and safety to life and property from fire and other hazards attributed to the built environment. The department also provides safety to fire fighters and emergency responders during emergency operation. The plan examiners shall apply the provisions of the International Building Code and National Electrical Code to construction, alterations movement, enlargement, replacement, repair, equipment, use of occupancy, location, maintenance, removal and demolition of every building or structure or any appurtenances connected or attached to such buildings or structures. The plan examiners ensure that all structures are built to the minimum standards of the building code.

Council Goal:

071 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	The plan examiners are a key component for a quality housing stock for Park City. They
	ensure that construction has gone through the proper permitting with planning and that it
	meets the high standards of Park City's design guidelines. The plans examiners are highly
	qualified and help with inspections, which requires them to be certified by ICC and licensed
	by the State of Utah. This requires a lot of additional training when compared to inspectors
	in other States.

Section 4: Cost Savings / Innovation / Collaboration

ENGINEERING	No budget request submitted for plan/application reveiw program.
PLANNING	All application review is done in coordination with our Legal, Building, and Engineering Departments.
DEPT.	The process is formalized and well understood by the Planning Department. Also, the Department
	uses plan examiners as back up inspectors and cross trains staff to counteract retirements.
BUILDING	No budget requests for the plan/application review program.
DEPT.	

ENGINEERING	Lower level funding for plan/application review would require the department to either shift the
	other workload elements to other teams so that the regulatory function stays intact, reduce the
	number of projects anticipated, work on projects at a slower pace or simply not continue with all of
	the OTIS, CIP, Federally funded projects. Staff did not have resources available this year to do a OTIS
	project, thus delaying a program which Council wanted completed sooner than later.
PLANNING	Consequences of funding proposal at a lower level would be staff turnover, additional cost of
DEPT.	training new staff, and decreased quality in reviews and inspections due to a reduced and less-
	qualified staff. Additionally, a reduction in funding would result in delays in processing applications.
	Finally, building plan reviews by Engineering verify that the plans meet our current local ordinances.
	Plat reviews by engineering verify that the plat meet local, county and state requirements for
	recording of ownership plats. Not funding these regulatory functions may cause code and
	functionality issues down the road.

ABATEMENTBuilding Department Staff (inspectors and code enforcement) shall apply the provisions of the
Dangerous Buildings and Abatement Code to provide a just, equitable and practicable method, to be
cumulative with and in addition to any other remedy provided by the Building Code, Housing Code or
other available law, whereby buildings or structures which from any cause endanger life, limb, health,
morals, property, safety or welfare of the general public or their occupants may be required to be
repaired, vacated or demolished.

Council Goal:

074 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Safe Community	The Dangerous Building and Abatement Code allows building department staff to identify
	structures as dangerous and require repair to such conditions. The Code specifically states
	that the jurisdiction shall establish a special revolving fund to be designated as the repair and
	demolition fund. Payments shall be made out of said fund upon the demand to defray the
	costs and expenses which may be incurred by the jurisdiction in doing on causing to be done
	the necessary work of repair or demolition of dangerous buildings. The goal of this action is
	to maintain adequate life safety standards within Park City.

Section 1: Scope

Explanation

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

ABATEMENT The revolving fund shall be utilized for abatement actions of dangerous buildings and all expenses will be replaced into the fund when the responsible party reimburses the jurisdiction on demand of payment or through a special assessment on the property taxes as coordinated through the Summit County Assessor.

Section 5: Consequences of Funding Proposal at Lower Level

ABATEMENT Consequences of funding the proposal at a lower level will prohibit staff from addressing identified dangerous conditions. Life safety standards would decrease as the ability to enforce against violations would be limited. Park City would also be in violation of the Abatement of Dangerous Building Code by not providing the fund as identified and required.

PARKING The program administers and enforces regulation of 1316 parking spaces in the Main Street core. This includes the North and South Marsac lots, Sandridge lots, Flagpole lot, Galleria lot, top level of Gateway Garage, Swede Alley lots, China bridge Garage, Brew Pub Lot, Main Street, Heber Avenue and Park Avenue (Heber Ave to 9th St.). The program also administers and enforces the City's historic district residential permit zones located south of 12th Street and west of Main Street. Since 2022, Parking Services has increased its patrol area by 150% in order to protect resident areas from peak day impacts. Parking Services also assists with community priorities such as Marsac brake check monitoring and enforcement, Trailhead enforcement, data collection, and assisting with visitor wayfinding. The customer service desk at the Ironhorse Public Works Building issues approximately 1364 employee permits each year (a 319% increase from 2021), and roughly 1200 residential permits each year. Parking Services processes an average of 24,500 citations per year ((an increase of 157% from 2021) Which includes Police parking citations issued throughout City limits). The adjudication process reviews and rules on approximately 1025 citation appeals (4.1% of total citations issued - a decrease from 5.5% in 2021) per year. This scenario includes staffing the parking enforcement program with City employees.

Council Goal:

076 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Transportation:	Parking is an essential component of the strategy to achieve Council's goal of an effective
Congestion Reduction,	transportation system. The availability, convenience and pricing of parking play an important
Local and Regional	role in a traveler's mode choice. The City's parking strategy seeks to balance the availability
	of convenient parking while also promoting use of alternate modes of travel (pedestrian,
	bicycle, transit).

Section 1: Scope

Change in Demand

Program Experiencing a SUBSTANTIAL increase in demand of 25% or more

Explanation

With the implementation of the Peak Day Management program on enforcement is the key factor in ensuring consistency and success. Having available parking staff to work alongside Park City Police is essential to ensure proper function. This places further

Community Served

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

TRANSPORTATION OPER	In 2013 Parking Services moved enforcement operations from one provided for by a third party contractor to a program staffed and managed by City employees. Objectives for this change were to improve level of customer service provided by Parking Services. Early indications are this objective shall be achieved. Parking Services collaborates regularly with the Historic Park City Alliance to help ensure the business communities interests are incorporated into the city's parking management strategy.
PARKING	From 1998 to 2013 Staff utilized contract services to meet enforcement staffing needs. These contract employees were managed in a hybrid approach that housed them in a City building and placed them under the direct management of the City's Parking & Fleet Manager. In order to increase customer service the City brought the operation in-house to enhance customer service primarily by paying competitive wages with the retail industry. As a result customer complaints have diminished greatly.
	As of 2019 Staff is confident additional resources requested will be needed to reach previous objectives as well as new Council goals which include the DLS program on Main st. This program is quite labor intensive and requires consistent enforcement collaboration with Police. As of 2020, Parking Services has reduced operating costs by 20% through enhanced technology in the China Bridge parking garage. Park City Police have also been equipped with ticket writing software that feeds in to the parking management database which collects and retains better evidences to ensure fair and informed adjudicative processes are kept. Parking has also gone "virtual" with many parking permits and passes to save on material cost and waste as well as improve customer resources and experience. As of 2022, Parking Services has coordinated with Peak Day Management to protect resident
	access points and expanded enforcement areas by 150% in residential areas while only making

minimal staffing adjustments. As peak day traffic management continues, the role of Parking Services will only increase and continue to require high levels of patrol and customer service to ensure resident support is maintained.

Section 5: Consequences of Funding Proposal at Lower Level

TRANSPORTATIONStaff does not recommend reducing program funding at this time. However, should Council
direct Staff to do so days, hours or levels of enforcement would need to be reduced. Staff, if
directed, would return with a prioritized list of reductions.PARKINGStaff does not recommend reducing program funding at this time. This position is based on
Staff's experience that the current level of enforcement maintains a reasonable level of
compliance with regulations (time limits, paid parking and safety regulations) However, should
Council direct Staff to do so days, hours or levels of enforcement would need to be reduced.
Staff, if directed, would return with a prioritized list of reductions.

Explanation

Description:

HUMAN	Benefits programs include health, dental, retirement, disability and life insurance offerings. The
RESOURCES	financial and emotional stability for employees made possible by these programs allows the City to
	remain competitive with marketable and comparable employee job opportunities. This benefits both
	the internal and external City customer with longevity, training and institutional memory. This also
	allows employees the occasional needed flexibility to deal with significant and minor challenges in
	their personal lives, which allows them to be productive and stable in the work force. Benefits costs
	are included as part of salary comparison data undermining salary levels, so quality programs at low
	costs are important to both the City and the employees.

Council Goal:

078 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Fiscally and Legally	Turnover and loss of key employees who demonstrate excellence and loyalty is a major cost
Sound	and loss of service for the City. In order to function well and be open and responsive to
	Citizen needs and requests, stable employees with experience and training are necessary.

HUMAN

RESOURCES

Reductions in established benefits programs would result in employee compensation not meeting the City standard of "market pay" as benefit costs are one contributor to "total compensation" comparisons. Market analysis would need to be conducted by staff, as well as revised recommendations by Council on compensation directives.

Competitive benefit offerings provide greater stability and allow the City to overcome unnecessary

additional training, recruitment and replacement costs. Industry studies cite total costs of recruitment, training and lost productivity associated with turnover at 2-3 times the cost of a position's annual salary. Cost savings by remaining competitive with other job opportunities of employees is significant to the City. Innovations in this area include costs savings associated with renewals by completing some necessary administrative work in-house, as well as adopting online

PLANNING	Assist the Building Department with permit reviews, inspections, code enforcement requests for
DEPT.	information, etc. Assist the Finance Department with Business License Reviews and information
	requests for location/GIS/zoning assistance. Additionally, work with other departments to take
	advantage of current planning opportunities that arise as a result of ongoing construction or otherwise
	(e.g. trails, stairs, signage, street issues, etc.). Coordinates with Sustainability, Engineering, Housing,

Program benefits/serves SOME portion of the Community and adds to their quality of life

TECHNICAL &

Reliance on City

Mandated

City provides program and program is currently being offered by other private businesses not within City limits

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

TECHNICAL & Savings from reducing the level of support provided by vendors has been maximized in past CUSTOMER years. However, it is sometimes prudent to minimize software and equipment issues through SERVICES elevated support contracts and thereby reduced risks caused by failures of critical systems e.g., email, network and storage systems.

Section 5: Consequences of Funding Proposal at Lower Level

Reduced funding would increase risk and recovery time should a "downtime" event occur. CUSTOMER Although prioritizing contract services would occur, many technology components have SERVICES interlaced dependencies that would likely have broader implications.

TECHNICAL &	System support manages server hardware, operating systems, security controls, anti-virus,
CUSTOMER	backups/disaster recovery and disk storage in a virtualized environment that includes up to 100
SERVICES	servers. The systems platform provides data and applications, including web services, database,
	email, storage, document and permit management. Systems support serves as secondary support
	for network operations.

Council Goal:

084 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	In meeting the needs of the organization's system(s) requirements, we require additional
Assets and	funding to not only continue support of current infrastructure but leverage these funds to
Infrastructure	effectively continue to expand and deliver innovative systems solutions. Investment in
	storage and backup solutions will be key to the overall success in our outcome area. This will
	allow IT to continue with its proven track record of providing reliable and effective systems
	solutions.

Section 1: Scope

Change in Demand

Explanation

Program experiencing a MODEST increase in demand of 5% to 14%

Explanation

Description:

BLDG	The Building Maintenance Department provides a variety of janitorial services for this program. It
MAINT	requires that janitorial services be performed in City buildings to ensure cleanliness and a respectable
ADM	appearance for staff and visitors. Includes general cleaning services such as carpet, windows, restrooms,
	offices, and common areas. Much of this program is outsourced to private businesses for efficiency.
	Challenges to the goal of this program are high costs associated with environmentally friendly cleaning
	products, which are used due to increasing community expectations to go "green".

Council Goal:

092 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	Open and Responsive Government has been identified by Council as a high priority through
Assets and	Council's goals (Outcomes Area) and the strategic plan. The community and user groups
Infrastructure	have also expressed their desire for clean, presentable facilities. The Janitorial program is a
	critical function and proposed enhancement of the program is based on a citizen request for
	enhanced services and inflation in the cost of environmentally friendly cleaning products and
	materials.

Section 1: Scope

Change in Demand

Program experiencing a MODEST increase in demand of 5% to 14%

Recommended by national professional organization to meet published standards or as a best practice

Section 4: Cost Savings / Innovation / Collaboration

HUMANThe goal of the HR department is to Collaborate with the management team on programs and ideasRESOURCESthat communicate to employees their value to the organization. Cost savings include: less spending
on performance improvement programs, additional personnel, training and recruitment costs.

Section 5: Consequences of Funding Proposal at Lower Level

HUMANOn holiday party increase: Event will no longer be held at a restaurant venue in town. We wouldRESOURCEShave to either "cap" levels of attendance, decreases alcohol costs, or move the event to a City
venue with cheaper catering.

Levels of service provided may be reduced over time.

HUMAN	The scope of the Pay Plan Design and Administration program is to provide job evaluations and
RESOURCES	benchmarks (market and point factor analysis) that produce ranges that properly reflect external
	competitiveness and also internal equity. It allows the City to provide base pay and benefits that
	enable the attraction, retention and motivation of well-qualified employees who add value to the
	City. And in the end, the pay plan is instrumental to the City's ability to attract and retain engaged
	and talented high performers, qualified to deliver the service levels demanded by our residents and
	visitors.

Council Goal:

094 Core or Essential Services

Desired Outcome:

	Criteria for Meeting Desired Outcome
Gold Medal	Competitive pay helps employees feel engaged in their jobs and with the City's organization,
Performance	enabling them to focus on what makes Park City great. It increases the City's ability to retain
Organization	great talent, thus improving City services across the board.

Level of Service

Pay Plan Design/Administration Same Level of Service

Explanation

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life

Reliance on City

City provides program and program is currently being offered by other private businesses not within City limits

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

HUMANFor over two decades the City has embraced a "pay for performance" pay philosophy. Current HRRESOURCESperformance measures include the ability to attract and retain qualified personnel and attract
qualified applicant pools for City recruitments. Focusing on achieving Park City's specific goals and
whether we are successfully competing in the market has been a measure of whether our pay plan is
successfully targeting the expertise and talent we require. Hiring lower level talent will cost the City
in the long run.

Section 5: Consequences of Funding Proposal at Lower Level

HUMANReduced ability to attract, retain, and motivate well-qualified employees who add value to the City,RESOURCESand increased potential of losing them to other public sector employers.

ELECTIONS This includes all materials necessary to conduct an election as well as costs for election judges.

Council Goal:

002 Core or Essential Services

Desired Outcome:

Criteria for Meeting Desired Outcome

Explanation

TransparentEfficient and effective execution of elections is one of the most visible commitments to
having an open and responsive government. For many citizens, voting may be their only
interaction with City government in an entire year. Having the adequate resources to
conduct elections is important.

Section 1: Scope

Change in Demand Program Experiencing a MODEST increase in demand of Election year 5% to 14%

STREET MAINTENANCE 1) Will jeopardize the cleanness, look and feel of Park City. 2) May increase gang activity.

PARKING The program administers and enforces regulation of 1316 parking spaces in the Main Street core. This includes the North and South Marsac lots, Sandridge lots, Flagpole lot, Galleria lot, top level of Gateway Garage, Swede Alley lots, China bridge Garage, Brew Pub Lot, Main Street, Heber Avenue and Park Avenue (Heber Ave to 9th St.). The program also administers and enforces the City's historic district residential permit zones located south of 12th Street and west of Main Street. Since 2022, Parking Services has increased its patrol area by 150% in order to protect resident areas from peak day impacts. Parking Services also assists with community priorities such as Marsac brake check monitoring and enforcement, Trailhead enforcement, data collection, and assisting with visitor wayfinding. The customer service desk at the Ironhorse Public Works Building issues approximately 1364 employee permits each year (a 319% increase from 2021), and roughly 1200 residential permits each year. Parking Services processes an average of 24,500 citations per year ((an increase of 157% from 2021) Which includes Police parking citations issued throughout City limits). The adjudication process reviews and rules on approximately 1025 citation appeals (4.1% of total citations issued - a decrease from 5.5% in 2021) per year. This scenario includes staffing the parking enforcement program with City employees.

Council Goal:

076 Transportation Innovation

Desired Outcome:

	Criteria for Meeting Desired Outcome
Transportation:	Parking is an essential component of the strategy to achieve Council's goal of an effective
Congestion Reduction,	transportation system. The availability, convenience and pricing of parking play an important
Local and Regional	role in a traveler's mode choice. The City's parking strategy seeks to balance the availability
	of convenient parking while also promoting use of alternate modes of travel (pedestrian,
	bicycle, transit).

Section 1: Scope

Change in Demand

Program Experiencing a SUBSTANTIAL increase in demand of 25% or more

Explanation

With the implementation of the Peak Day Management program on enforcement is the key factor in ensuring consistency and success. Having available parking staff to work alongside Park City Police is essential to ensure proper function. This places further

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

TRANSPORTATION OPER	In 2013 Parking Services moved enforcement operations from one provided for by a third party contractor to a program staffed and managed by City employees. Objectives for this change were to improve level of customer service provided by Parking Services. Early indications are this objective shall be achieved. Parking Services collaborates regularly with the Historic Park City Alliance to help ensure the business communities interests are incorporated into the city's parking management strategy.
PARKING	From 1998 to 2013 Staff utilized contract services to meet enforcement staffing needs. These contract employees were managed in a hybrid approach that housed them in a City building and placed them under the direct management of the City's Parking & Fleet Manager. In order to increase customer service the City brought the operation in-house to enhance customer service primarily by paying competitive wages with the retail industry. As a result customer complaints have diminished greatly.
	As of 2019 Staff is confident additional resources requested will be needed to reach previous objectives as well as new Council goals which include the DLS program on Main st. This program is quite labor intensive and requires consistent enforcement collaboration with Police. As of 2020, Parking Services has reduced operating costs by 20% through enhanced technology in the China Bridge parking garage. Park City Police have also been equipped with ticket writing software that feeds in to the parking management database which collects and retains better evidences to ensure fair and informed adjudicative processes are kept. Parking has also gone "virtual" with many parking permits and passes to save on material cost and waste as well as improve customer resources and experience. As of 2022, Parking Services has coordinated with Peak Day Management to protect resident
	access points and expanded enforcement areas by 150% in residential areas while only making

minimal staffing adjustments. As peak day traffic management continues, the role of Parking Services will only increase and continue to require high levels of patrol and customer service to ensure resident support is maintained.

Section 5: Consequences of Funding Proposal at Lower Level

TRANSPORTATIONStaff does not recommend reducing program funding at this time. However, should Council
direct Staff to do so days, hours or levels of enforcement would need to be reduced. Staff, if
directed, would return with a prioritized list of reductions.PARKINGStaff does not recommend reducing program funding at this time. This position is based on
Staff's experience that the current level of enforcement maintains a reasonable level of
compliance with regulations (time limits, paid parking and safety regulations) However, should
Council direct Staff to do so days, hours or levels of enforcement would need to be reduced.
Staff, if directed, would return with a prioritized list of reductions.

STREET MAINTENANCE

Loss Prevention: The Street Department has been to protect property from possible loss through during spring the. Collaboration/Innovation: Being in the Operations Division of Public Works, the Streets Department has a primary Maintenance and community cleanup function in supporting "spring cleanup". Working collaboratively with other governmental agencies, departments and Recycle Utah, the Department has helped create efficiencies in recycling and reduced landfill waste. An example of this is the program revamp of the spring clean-up program to a once a month spring, summer, fall event sponsored by Recycle Utah rather than a more costly once a year program.
 Option: Same LOS.

Section 5: Consequences of Funding Proposal at Lower Level

STREETThe consequences of lowering the funding for this program include: reduced preventativeMAINTENANCEmaintenance, potential flooding, impacts to downstream water quality, impacts on the look, feel
and cleanliness of Park City, and possible effects on the solid waste contract for Main Street.
Proposed LOS: Same LOS.

STREET	Streets Maintenance Team is responsible for maintaining 130 lane miles of roadway and
MAINTENANCE	numerous miles of sidewalks and paths throughout Park City. The pavement management
	program maximizes pavement life and reduces lifecycle costs. Some of the items included are:
	Roadway maintenance, guardrail, sidewalks, curb & gutter, pavement striping and bike paths.
	Challenges to the goal of this program are: Volatility of asphalt oil costs, aging infrastructure,
	uncertainty of future B&C road funds and community expectations. The Streets Department
	provides a variety of services, maintenance, and capital renewal projects for this program. It
	requires that Street and Sidewalk maintenance be performed throughout the community to
	ensure effective multi-modal transportation and public safety.

Council Goal:

058 Transportation Innovation

Desired Outcome:

	Criteria for Meeting Desired Outcome
Well-Maintained	Streets and Sidewalk Maintenance has been identified by Council as a high priority through
Assets and	Council's goals (Outcomes Area) and the strategic plan. The community has also expressed
Infrastructure	their desire for street and sidewalk maintenance through citizen requests and community
	satisfaction surveys. The street and sidewalk maintenance program is a critical (core)
	function for the community.

Level of Service

Park City Mobility Enhanced Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SIGNIFICANT portion of the Community and adds to their quality of life Reliance on City City provides program and program is currently being offered by another governmental, non-profit or civic agency

Mandated

Program is required by Federal, State or County legislation

Section 4: Cost Savings / Innovation / Collaboration

TRANSPORTATIONThis service is run in collaboration with Summit County, who provides a proportionate share of
the funding for this program. Combining the ADA Para-transit service allows us to serve both
communities' needs at a far reduced cost per ride.

Section 5: Consequences of Funding Proposal at Lower Level

TRANSPORTATION The current level of funding for this program is driven by the demand the City must serve in

OPER order to remain compliant with the American with Disabilities Act. Reductions in cost in this service would result in non-compliant service that would likely lead to Federal Transit Administration sanctions and expose the City to potential litigation by affected groups.

ECONOMY	Back country trail maintenance services are provided through a professional service agreement with
	Mountain Tr4ails Foundation. The 5 year agreement is due to expire in December 2020.
	The current budget allocation of \$25,000 anticipates services provided to the trail system of 2015. Since
	2015, the following additions to open space and trails have been realized.
	1. 1500 acres of open space
	2. 23 additional miles of trails (single track/back country)
	3. Increase 17K of winter trails
	4. 20% increase in labor costs
	5. 15% increase in machine costs
	6. 2\$/mile trail construction cost.
	Staff anticipates SSC funding associated with MTF winter grooming to offset this request.
	Staff finds that funding associated with this service and a subsequent contract with MTF (in comparison
	with related services and budgets at Snyderville Basin Special Service District) saves PCMC over \$300,000
	annually.
	Additionally funding is also off set with MTF adopt a trails programs and joint grant related projects.

Council Goal:

045 Transportation Innovation

Desired Outcome:

Criteria for Meeting Desired Outcome

Abundant, Preserved
and Publicly-Trails are a high priority goal for Council, as well as for the community. Enhancement in data
collection will help meet goals established in the Transportation Master Plan, as well as workAccessible Open Spacetowards providing a better understanding of the public's use of the facility and the possibility
of providing some data, which may help provide a glimpse into the fiscal impact of trail users
on the Park City economy. Oversight and implementation of trail event fees and criteria will
help fund and protect the public resource.

Winter Snow Operations Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

STREETCost Savings: The Streets Department continues expanding to incorporate more "Mini" hauls inMAINTENANCEthe Downtown Business District. This saves money by removing snow in a more efficient and
effective manner. Innovation: The Streets Department continually looks for creative ways to
increase productivity, service levels, equipment availability and decrease equipment downtime
through innovation. Recent examples include: additional snow blowing equipment and 4X4 plow
trucks. Industry trends are to move toward environmental deicers, heated sidewalks and
specialized snow melting equipment.

Section 5: Consequences of Funding Proposal at Lower Level

STREETThe consequences of lowering the funding for this program include: Impacts to the health andMAINTENANCESafety of our citizens and visitors, reduction in citizen and visitor safety, convenient travel, and an
increase in accidents. There would also be an increase in citizen and business owner complaints
due to established community expectations. Proposed LOS: Maintain Current LOS.

ECONOMY Provide a high level of service in community outreach and public participation in the planning and implementation of projects, as well as proactively mitigate negative impacts to neighborhoods.

Council Goal:

040 Transportation Innovation

Desired Outcome:

	Criteria for Meeting Desired Outcome
Abundant, Preserved	1. Implement projects in a timely fashion. 2. Provide ample opportunity for public input. 3.
and Publicly-	Provide a high level of service in community outreach to mitigate construction impacts 4.
Accessible Open Space	Provide safe and effective infrastructure for alternative travel options.

.

Section 1: Scope

Change in Demand Program experiencing a MODEST increase in demand of 5% to 14%

Section 2: Proposed Amount / FTEs

Total	

Level of Service

Urban Trails and Walkability Same Level of Service

Section 3: Basic Program Attributes

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Explanation

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement *ECONOMY* 1. Coordinate and collaborate with other City projects and/or utility companies to gain an economy of scale on project costs. 2. Innovative thinking on infrastructure design and maintenance planning.

Section 5: Consequences of Funding Proposal at Lower Level

ECONOMY Project timelines negatively impacted. Connectivity, safety and effectiveness of projects and overall walkable network negatively impacted.

TRANSPORTATION	This program provides transit service throughout Park City and Summit County year-round. It
OPER	ensures mobility choices for residents, employees, visitors and others. This ensures the Park
	City transit network is operated in a manner that creates an effective and efficient system.
TRANSPORTATION	This program coordinates with the City's planning department, Summit County and the Utah
PLANNING	Department of Transportation to ensure our critical transportation corridors (SR-224, SR-248
	and Bonanza Drive) are constructed and operated to promote the safety and convenience of
	all travel modes (Pedestrian, Bicycle, Transit, Auto). The program provides for long and short
	term planning and implementation of strategic plans for the City's primary transportation
	corridors (SR-224, SR-248 and Bonanza Dr.).

Council Goal:

033 Transportation Innovation

Desired Outcome:

Criteria for Meeting Desired Outcome

Explanation

Transportation:The Transportation department plays a critical role in pursuing City Council's goal of anCongestion Reduction,
Local and Regionaleffective Transportation System through planning and implementation of primary corridorstrategic plans.strategic plans.

BLDG MAINT ADM	The Building Maintenance Department provides a variety of maintenance and support services for this program. It requires that event logistical support be performed in many areas of the community to ensure a smooth, successful event.
ECONOMY	The Special Events Department within the Economy Team oversees the management of all permitted Special Events. In addition to negotiating city services contracts, and facility rental, SE permits includes taking events from the application process to the day of execution of the event. Special Events Department is responsible for working with an event to secure all the required permitting and works with various city departments to coordinate logistics to ensure that the all impacts of the event are properly mitigated. Council's expectations for event mitigation, in particular for residents continues to increase dramatically
POLICE	Hundreds of hours are spent in planning and staffing the various events that are held. Close and trusting relationships have been developed between staff and event planners/promoters. Special events are vital to the promotion and economy of Park City, however, these events do increase traffic. Recently, additional traffic mitigation plans have been implemented during some large-scale special events, and this is increasing the staff requirement for special events.
PARKS & CEMETERY	Logistical support for City-sponsored events, i.e. field preps, waste management, facility cleaning and enhanced snow removal. Challenges to the goal of this program are: Overall growth of events competing for resources due to increasing number and scale of events and organizer expectations.
STREET	Logistical support for City sponsored events, i.e. barricades, message boards, waste
MAINTENANCE	management, street cleaning, and enhanced snow removal. Challenges to the goal of this
MAINTENANCE	program are: Overall growth of events, competing for resources due to increasing number and scale of events, and organizer expectations.
TRANSPORTATION	Provides enhanced transit service required to serve large crowds during Park City's major
OPER	events (i.e., Sundance and Arts Festival).
PARKING	Provides for enhanced parking management, enforcement levels, event material set up and
	tear down, during Sundance Film Festival, Kimball Arts Festival, 4th of July, Miners Day,
	Haloween, Pedestrianized Main Street, Etc, as well as assist Special Events whenever possible.

Council Goal:

023 Transportation Innovation

Desired Outcome:

Criteria for Meeting Desired Outcome

Varied & Multi-Special Events has been identified by Council as a high priority through Council's goalsSeasonal Event(Outcomes Area) and the strategic plan. The community has also expressed their desire forOfferingsSpecial Events through Chamber Bureau, citizen requests and outside organizers. The SpecialEvent program is a critical function to Park City's economic sustainability. Also, Special Eventplanning and staffing are essential for a safe and successful special event. Proper planningand staffing promotes a healthy event environment, which promotes Park City as a WorldClass Multi-seasonal Resort Community. Finally, Special Event transit services significantlyreduce traffic congestion on all City streets and enable the movement of large numbers of

people to event venues. Special Event Transit also reduces the need to expand roads and parking resources that would be required without strong transit support.

Section 1: Scope

Change in Demand

Program experiencing a MODEST increase in demand of 5% to 14%

Explanation

Ice (minimal increase): It is anticipated that demand for Special Events in FY 18 will be similar to that which we experienced in FY 17.

Part Time	4.
Total	21.7

Level of Service

Special Events Same Level of Service

Community Served

Program benefits/serves a SUBSTANTIAL portion of the Community and adds to their quality of life

Reliance on City

City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Code, ordinance, resolution or policy OR to fulfill franchise or contractual agreement

Section 4: Cost Savings / Innovation / Collaboration

BLDG MAINT ADM	The Building Maintenance Department continually looks for creative ways to increase efficiency through innovation. An example is the ability to provide separate access keys to buildings during large scale special events without compromising the City's overall security.
ICE FACILITY	Due to limited ice along with a short summer schedule, the ice arena has become more efficient with booking camps. The Figure Skating Camp and Pioneer Camp have worked together to allow for both camps to take place on the same week.
PARKS &	Being in the Public Works Division, the Parks & Fields Department has a primary maintenance
CEMETERY	and assistance function in supporting Special Events. Working collaboratively with other
	agencies, departments and outside organizers has created efficiencies which allows for greater
	participant satisfaction and enhancing the overall experience that will propel us above the
	competing venues.
TRANSPORTATION	Park City and Sundance collaborate on both traffic and transit planning year round to ensure
OPER	the event runs as smoothly as possible. Transit's new GPS\AVL system have begun to
	revolutionize the way we operate our special event services by providing real time locations,
	real time passenger loads, origin\destination information, automatic stop announcements, and
DADKING	on-time performance reporting.
PARKING	Park City moved its parking enforcement operation from one being provided to the City by a third party contractor to an in-house operation. The objective of this move was to improve
	customer service while still maintaining effective compliance with parking regulations. Initial
	indications are the in-house program will prove very successful. Parking has added significant
	technology enhancements in the past year including pay-by-phone, on line citation appeals and
	citation payments, real time info available to enforcement officers in the field and automated
	license plate recognition systems all of these enhancements improve the level of customer
	service delivered.

Section 5: Consequences of Funding Proposal at Lower Level

ICE FACILITY	If funding is cut to this program, then the number of special events held would be reduced and the level of service provided to event planners would be reduced, which could impact overall satisfaction. In addition, revenues from ice rentals from events would be reduced.
FIELDS	
POLICE	Funding at a reduced level would create a reduced level of service, which would have a direct negative result on the success of any particular event.

PARKS & CEMETERY	The consequences of lowering the funding for this program include: Reduction in Park City being a "destination resort". There would also be a decrease in financial and cultural benefit to the community.
TRANSPORTATION	Staff does not recommend lower funding levels for this program. Should Council direct Staff to
OPER	reduce expenses in the program, then days, hours and\or routes served during special events
	would need to be reduced. This reduction would impact the City's ability to support the major
	events served and result in increased congestion during those events.
PARKING	Staff does not recommend funding the program at a lower level than currently approved.
	Program revenues are sufficient to cover program costs. Current level of funding enables
	Parking Services to provide for a high level of customer service while maintaining reasonable
	parking regulation compliance.

STREET	The Streets Department is responsible for the operation and maintenance of 836 City owned street
LIGHTS/SIGN	lights and leases 128 lights from Rocky Mountain Power Company (RMP). Items included are service
	and maintenance of control panels, wiring and electrical. In addition the Streets Department is
	responsible for the installation and maintenance of 2,900 street signs throughout town. The Streets
	Department provides a variety of services and maintenance for this program. It requires that routine
	inspections and maintenance be performed throughout the community to ensure the street lighting
	network is maintained in good working condition to provide safety and security to residents and
	guests. Challenges to this program are maintaining an aging lighting network, including fixtures,
	wiring, and coordinating repairs and maintenance with RMP.

Council Goal:

006 Transportation Innovation

Desired Outcome:

Criteria for Meeting Desired Outcome			
Well-Maintained	Effective Transportation has been identified by Council as a high priority through Council's		
Assets and	goals (Outcomes Area) and the strategic plan. The community has also expressed their desire		
Infrastructure	for lights and signage through citizen requests. The Street Lights and Signs program is a		
	critical function of the health and safety of the community and is regulated by the Federal		
	Highway Administration (MUTCD).

Section 3: Basic Program Attributes

Community Served

Program benefits/serves the ENTIRE Community and adds to their quality of life Reliance on City City is the sole provider but there are other public or private entities which could be contracted to provide this service

Mandated

Program is required by Federal, State or County legislation

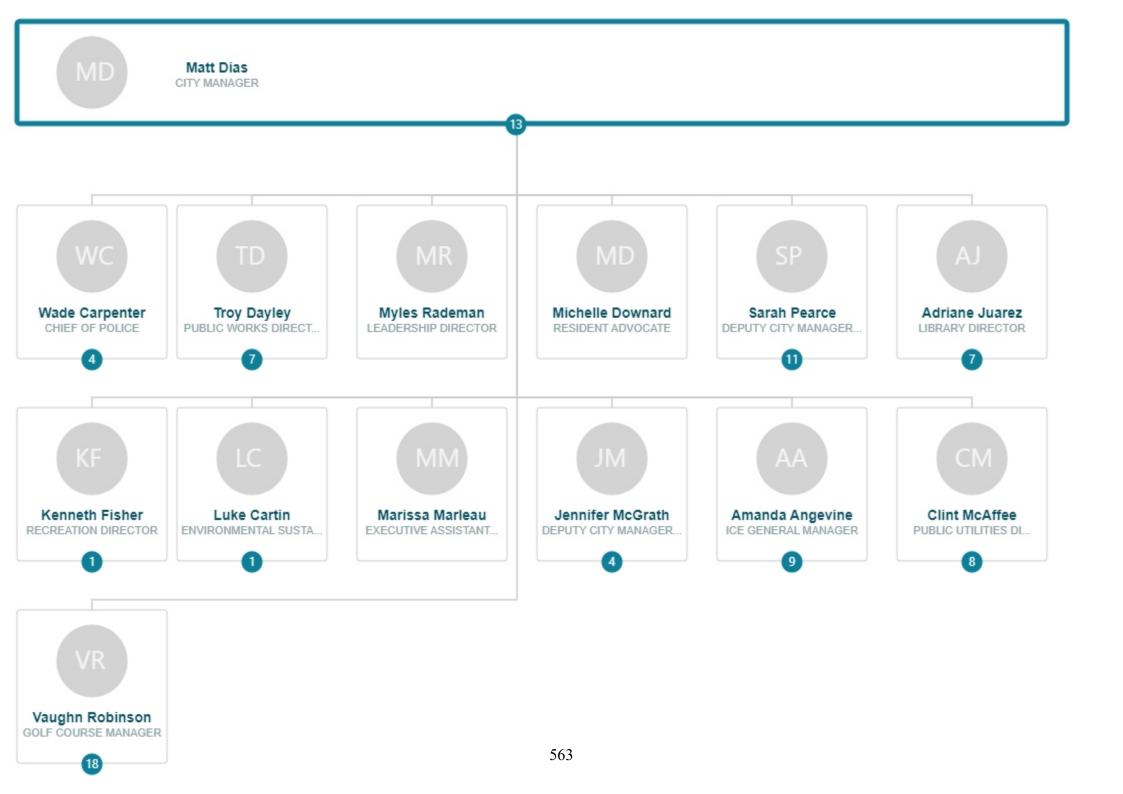

Section 4: Cost Savings / Innovation / Collaboration

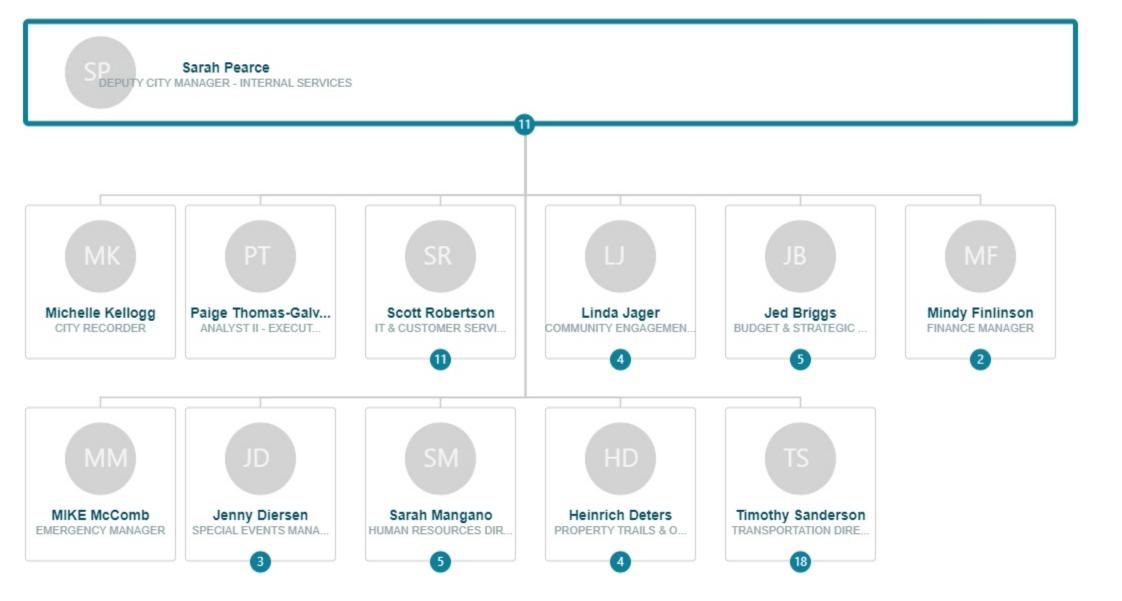

STREETCollaboration: Being in the Water and Streets Division of Public Works, the Streets Department has a
primary maintenance function in supporting Street Lights and Signs. Working collaboratively with
Rocky Mountain Power, Sustainability, and the Engineering Department has created opportunities to
incorporate new technologies, which allows for greater productivity. Innovation: The Street
Department is looking for ways to enhance environmental stewardship while decreasing carbon
footprint and equipment downtime through innovation. Recent examples include: Retrofitting
existing lights to LED lights along Silver King Drive, Empire Ave, and most recently along Iron Horse
Drive. Over the next year or so staff will request approval from City Council to begin retrofitting all
street and path lighting to LED.

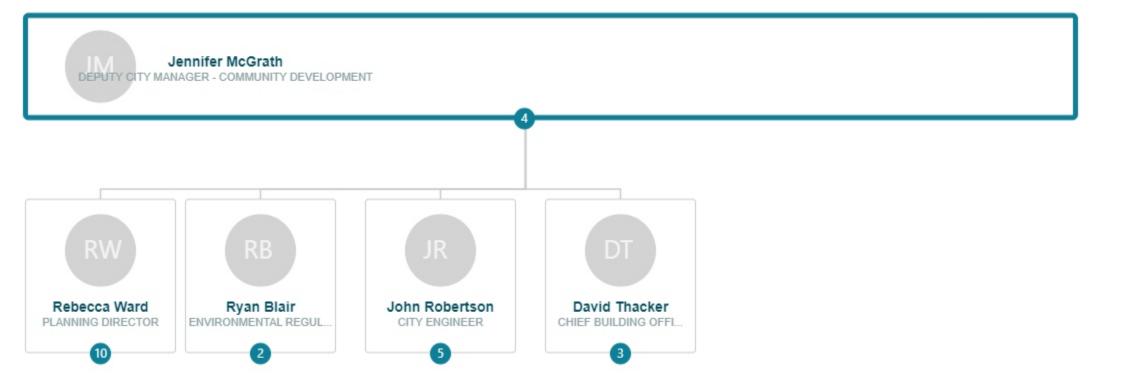

Section 5: Consequences of Funding Proposal at Lower Level

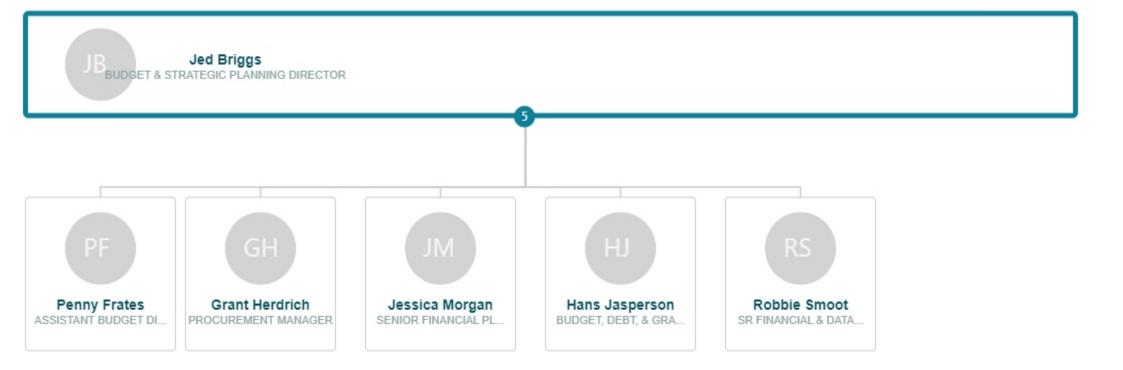

STREETThe consequences of lowering the funding for this program include: not meeting regulatory signageLIGHTS/SIGNcompliance, inability to repair street lights in a timely manner, and experiencing an increase in
citizen complaints.

Fund-Department Matrix

Relationship between funds and departments through budget groups

GLOSSARY

Accrual – The basis of accounting under which revenues are recorded when earned and expenditures are recorded as soon as they result in liabilities for benefits received, notwithstanding that the receipt of cash or the payment of cash may take place, in whole or in part, in another accounting period.

ADA – Americans with Disabilities Act.

Allocate/Allocation – To set apart for a particular purpose.

Appropriation – Resources that are set apart by official action for a particular use or purpose.

Appropriated Budget - The

expenditure authority created by the appropriation bills or ordinances that are signed into law and related estimated revenues. The appropriated budget includes all reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes.

Assessed Value / Assessed Valuation

 The value to which the property tax rate is applied in order to determine the tax liability of the property.

BFO – Budgeting for Outcomes.

Bonanza Park – The Bonanza Park area is situated between Bonanza Drive, Park Avenue, Kearns Boulevard, and Deer Valley Drive. It is the site of multiple redevelopment projects. **Bonded Debt** – Debt issued by a government agency that guarantees payment of the original investment plus interest by a specified future date.

Bonded Delinquency – A process that allows for the issuing of bonds, secured by delinquent property taxes, that ensures the anticipated resources from property taxes can be achieved.

Budget Officer - City Manager.

Budgetary Control – When an annual appropriated budget is adopted by the legislative body and subsequently signed into law, it carries with it maximum expenditure authorizations that cannot legally be exceeded.

Business Improvement District – The Main Street Business Improvement District, established by the City in 2007. Revenues collected were used for business/event promotion, garbage management, and member coordination. Due to changes in State law, revenue collection was discontinued in 2023.

Capital Investment – The amount of funds allocated to the acquisition, construction, and/or major repair of infrastructure, equipment, and buildings.

Capital / **Capital Outlay** – Major equipment and facilities that have a useful life of more than one year and a cost in excess of \$1,000.

CIP - Capital Improvement Project(s)/Program.

CIP Committee – Internal review committee that evaluates departmental

requests for capital funds as part of the annual budget process and makes recommendations to the City Manager.

Contingencies / Contingency / Cont.

 An amount of funds identified for unanticipated expenditure. The legislative body must approve the use of these funds by transferring them to specific areas.

Cost Allocation Plan – A part of the City's overall Comprehensive Financial Management plan that identifies specific direct cost centers and allocates all indirect costs to those centers.

Cost Recovery – The extent to which fees are used to recover associated costs of a function.

Cost-effectiveness – A cost-benefit type of evaluation of an activity.

County/SP District Revenue – County and special district revenue.

CRM – Customer Relationship Management – A system for managing an organization's interactions with customers/constituents.

CTAC – Citizens Technical Advisory Committee.

Current Level – A basic level of service equal to the current (FY23-24) level of service.

Debt Service – The annual payments (principal & interest) made by the city against its outstanding Debt.

Depreciation – A reduction in the value of an asset over time.

Direct Debt – General Obligation debt directly incurred by the City that is to be paid back by the property owners of the City.

Direct Costs – Costs that are fixed in nature and directly associated with the operation and maintenance of the department.

Enterprise Fund – The Enterprise Funds are used to account for operations that are financed and operated like private businesses where the direct beneficiaries pay for the costs of the fund through fees. This includes the Water Fund, Transportation & Parking Fund, Golf Course Fund, and Stormwater Fund.

EOC – Emergency Operations Center.

ESL – English as a Second Language.

Essential Services – Services that must be provided by the City.

EV – Electric Vehicle.

Excise Tax Revenue Bonds – Debt secured only by a specific tax (Class "C" Road Funds).

Expenditures – Payments for goods or services that decrease the net financial resources available for future purchases.

Fair Market Value – "The amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts."

Fiduciary Funds – The trust and agency funds are used to account for assets held by a government unit in a trustee capacity or as an agent for individuals, private organizations, other government units, and/or other funds.

FTA – Federal Transit Administration.

FTE – Full-time equivalent, which is 2,080 hours per year.

GASB – Governmental Accounting Standards Board.

General Fund – The General Fund is the principal fund of the City. The General Fund accounts for the normal recurring activities of the City (i.e., police, public works, community development, library, recreation, and general government). These activities are funded principally by user fees and property, sales, and franchise taxes.

GFOA – Government Finance Officers Association of the United States and Canada.

GO – General Obligation Bonds – Debt issue secured by the full faith and credit of the City. These blonds must have been approved by an election of the citizenry, in which they have authorized the city to levy property tax sufficient to pay both the bonds' principal and interest. **Governmental Fund** – The fund through which most governmental functions are typically financed. It was established to account for all financial resources except those required to be accounted for in other funds.

GRAMA – Government Records Access and Management Act – Utah's record management law.

Historical Incentive Grant – A grant program funded by a redevelopment agency tax increment that provides an incentive for property owners to improve the exterior appearance of older historical buildings.

HMBA – Historic Main Street Business Association (now called Historic Park City Alliance).

Housing Authority – A legally separate organization that is controlled and administered by the City.

HPCA – Historic Park City Alliance.

ICMA – International City Managers Association.

IFT – Interfund Transfer – Financial transactions between funds.

Impact Fees – A charge levied on building-related activities that is used to offset the increased demand for facilities, which results from related development.

Independent Contractor – A contractor who is not an employee of the City.

Indirect Cost – Support costs associated with doing business as a City. **Intergovernmental Revenue –** Funding received from another government.

JSSD – Jordanelle Special Service District.

LOS – Level of service.

LPA RDA – Lower Park Avenue Redevelopment Agency.

KPCW – Local non-profit radio station.

Management Team – City Manager and Department heads.

Materials, Supplies & Services – An expenditure classification.

MBA – Municipal Building Authority – A legally separate organization that is controlled and administered by the City.

MIW – Mining-influenced water.

Modified Accrual – The basis of accounting (required for use by governmental funds) under which revenues are recognized in the period in which they become available and measurable, and expenditures are recognized at the time a liability is incurred pursuant to appropriation authority.

NCS - National Community Survey.

New Growth – Increase in the City's property tax base that has resulted from new construction.

NFP – NFP Corporate Services (UT), Inc. – Contractor for the City's 2024 third-party compensation study.

No Tax Increase – A term within the Utah State statutes meaning the organization will receive the same amount of property tax in a given year that it received in the prior year (adjusted for new growth).

OEA – Outside temporary employment agency.

Options – Incremental increases or decreases in current levels.

Other Rev. – Other Revenues, includes Recreation, Other Service Revenues, Fines and Forfeitures, Miscellaneous Revenues, and Special Revenues and Resources.

OTIS – Old Town Improvement Study.

P3 – Public-private partnership

Pavement Management – A

comprehensive plan for the routine maintenance of City streets.

PCMC – Park City Municipal Corporation.

PCMR – Park City Mountain Resort.

PC MARC – Park City Municipal Athletic & Recreation Center.

Primary Residential Property – A property designation under Utah State statutes that provides for a discount from fair market value for assessed value purposes.

Proprietary Funds – To account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

PSA – Public Service Announcement.

PTIF – Public Treasurer's Investment Fund.

Public Service Contracts – As part of the budget process, the City Council allocates funds to contract with nonprofit organizations offering services consistent with the needs and goals of the City.

QJWTP – Quinns Junction Water Treatment Plant.

RDA – Redevelopment Agency – A legally separate organization that is controlled and administered by the City.

Recession Plan – A specific plan for identifying and addressing unanticipated shortfalls in revenues.

Resort City Sales Tax – A special sales tax allowed under Utah State law for cities whose housing makeup consists mainly of non-primary residences.

Results Team – Internal review committee that evaluates departmental requests for operations funds as part of the annual budget process and makes recommendations to the City Manager.

RFP - Request for proposal.

RMP – Rocky Mountain Power – An electric power company.

Service Population – Includes the permanent population, population estimate for secondary homeowners, and average daily visitors.

Special Event – A large event with a major impact on the city.

Special Revenue Funds – Funds that account for the proceeds of specific revenue sources (other than expendable

trusts or for major capital projects) that are legally restricted to expenditure for specified purposes.

State Money Management Council – Created within Title 51, Chapter 7 of Utah statute to oversee public deposits and investments and ensure the safety of public funds in Utah.

Taxable Value – After applying exemptions, caps, etc., the dollar amount of property tax.

Trails Master Plan - A comprehensive master plan for the development of interlinked bike and hiking trails throughout the City.

TRT – Transient Room Tax – Imposed by a county, city, or town on temporary lodging for stays of less than 30 consecutive days.

Truth in Taxation – Utah State's legislation regulating property taxes.

UDOT – Utah Department of Transportation.

UOP – Utah Olympic Park.

URS - Utah Retirement System.

Utah Money Management Act – Utah State Legislation directing how city funds can be invested.

Utah Interlocal Finance Authority – A special authority, organized at the County level, which oversees and conducts the bonded delinquency program.
