

Elected Officer Annual Conflict of Interest Disclosure

(Effective May 1, 2024)

Park City Municipal Corporation elected officers must submit a written disclosure statement to the City Recorder no sooner than January 1 and no later than January 31 of each year in office. This written disclosure, required by Utah Code section 10-3-1313, must be posted on the city's website while the officer is in office. If an elected officer fails to timely submit the written disclosure or to complete all the requirements below, the City Recorder will notify the officer. Failure to provide the disclosure or amend the disclosure within 7 days of receiving notice is a class B misdemeanor, and it must be reported to the attorney general and requires the imposition of a civil fine of \$100 against the officer.

Closing Market Value of Holdings held at Oppenheimer: \$616,532.26

Gain/Loss Since Last Close: -\$1,305.85 (-0.21%) Today's Account Value of Holdings held at Oppenheimer: \$615,226.41

N/A indicates that the current price for that security is not presently available within the firm.

"Closing Market Value" is the sum of client assets held at Oppenheimer & Co. Inc. ("Oppenheimer" or the "Firm") (Cash & Cash Equivalents, Equities, Fixed Income, Mutual Funds, Options, Structured Products and Other Securities) and "Direct Investments", which are generally not held by the Firm. "Today's Change in Value" is calculated by comparing an intraday price quote against the closing price, except for infrequently traded securities and direct investments, which are calculated differently. "Today's Change in Value" and "Today's Account Value" reflect account values calculated using intraday price quotes but do not reflect intraday account activity (such as purchases or sales). "Unrealized Gain/Loss" does not include investment results for Direct Investments, which are generally not held by Oppenheimer and are illiquid. Account values do not contain unearned accrued interest yet to be credited to your account. These metrics are estimated using intraday price quotes or the most recent available closing price of securities and are therefore subject to revision.

^{*} Certain securities such as Fixed Income, Money Market and select other instruments cannot be priced using the intraday quote provider. The most recent closing price available to the firm is used instead for these securities.

[&]quot;Change Since Close" is calculated against the closing price, except for infrequently traded securities, which are calculated differently.

The intraday pricing of securities is calculated using quotes provided to the Firm from third parties. Intraday price quotes are provided on delay and do not purport to represent the true value of a security in real time. The Firm does not guarantee the accuracy of particular intraday quotes and provides this information to clients purely as a convenience for informational purposes. You acknowledge that the Firm offers the intraday pricing quote as a convenience and disclaim any expectation of complete accuracy or substantive reliance on the listed quoted price. You also acknowledge that the intraday price quote does not constitute an offer to sell or purchase a security by the Firm or any other party.

For some instruments, including but not limited to fixed income securities, money market securities and direct investments, an intraday pricing quote cannot be provided. Instead, the Firm lists the most recent available closing price for these instruments. The most recent closing prices are provided on delay and do not purport to represent the true value of an instrument in real time. The Firm does not guarantee the accuracy of particular closing prices for these instruments and provides them to clients purely as a convenience for informational purposes. You acknowledge that the Firm offers the most recent available closing price for these instruments as a convenience and disclaim any expectation of complete accuracy or substantive reliance on the listed price. You also acknowledge that the most recent closing prices do not constitute an offer to sell or purchase a security by the Firm or any other party.
