

Ordinance No. 10-14

**AN ORDINANCE AMENDING THE LAND MANAGEMENT CODE
OF PARK CITY, UTAH, REVISING SECTIONS 15-2.3, 15-6, REGARDING DEVELOPMENT
REGULATIONS FOR MASTER PLANNED DEVELOPMENTS IN THE HR-2 DISTRICT AND
CLARIFICATION OF SUPPORT COMMERCIAL AND MEETING SPACE
WITHIN MASTER PLANNED DEVELOPMENTS**

WHEREAS, the Land Management Code was adopted by the City Council of Park City, Utah to promote the health, safety and welfare of the residents, visitors, and property owner's of Park City;

WHEREAS, the Land Management Code implements the goals, objectives and policies of the Park City General Plan to maintain the quality of life and experiences for its residents and visitors; and to preserve the community's unique character and values; and

WHEREAS, the City reviews the Land Management Code on an annual basis and identifies necessary amendments to address planning and zoning issues that have come up in the past year, and to address specific LMC issues raised by Staff and the Commission, to address applicable changes to the State Code, and to align the Code with the Council's goals;

WHEREAS, the City's goals include preservation of Park City's character regarding Old Town improvements, historic preservation, sustainability, affordable housing, and protecting Park City's residential neighborhoods;

WHEREAS, the City's goals include maintaining the resort community regarding economic development, and enhancing the economic viability of Park City's Main Street Business District; and

WHEREAS, Chapter 2.3, Historic Residential-2 Zoning District, provides a description of requirements, provisions and procedures specific to Subzone A of the HR-2 zoning district, specifically for Master Planned Developments on the east side of upper Park Avenue south of Heber Avenue and the City desires to clarify and revise these requirements, provisions and procedures as outlined in the staff report; and

WHEREAS, Chapter 6 - Master Planned Developments, provides regulations, requirements, and procedural requirements regarding Master Planned Developments, and the City desires to clarify and revise these regulations and procedures as they pertain to 1) development in the HR-2 and HCB Zoning Districts and 2) calculation of Support Commercial and Meeting Space within Master Planned Developments as outlined in the staff report; and

WHEREAS, these amendments are changes identified during the 2009 annual review of the Land Management Code that provide clarifications of processes and procedures, and interpretations of the Code for streamlined review and consistency of application between Sections.

WHEREAS, the Planning Department held a neighborhood information meeting on October 27, 2009 and the Planning Commission duly noticed and conducted public hearings at the regularly scheduled meetings on November 11 and December 16, 2009 and January 20th, February 24th, and March 24th, 2010 and forwarded a recommendation to City Council; and

WHEREAS, the City Council duly noticed and conducted public hearings at its regularly scheduled meetings on April 1 and April 15, 2010; and

WHEREAS, it is in the best interest of the residents of Park City, Utah to amend the Land Management Code to be consistent with the Park City General Plan and to be consistent with the values and identified goals of the Park City community and City Council to protect health and safety, maintain the quality of life for its residents, preserve and protect the Upper Park Avenue residential neighborhood, preserve historic sites and structures, preserve the historic character of neighborhoods in the Historic District, promote economic development within the Park City Historic Main Street business area, and preserve the community's unique character.

NOW, THEREFORE, BE IT ORDAINED by the City Council of Park City, Utah as follows:

SECTION 1. AMENDMENTS TO TITLE 15 - Land Management Code Chapter 2- Section 15-2.3. The recitals above are incorporated herein as findings of fact. Chapter 15-2.3 of the Land Management Code of Park City is hereby amended as redlined (see Exhibit A).

SECTION 2. AMENDMENTS TO TITLE 15 - Land Management Code Chapter 6- Master Planned Development. The recitals above are incorporated herein as findings of fact. Chapter 6 of the Land Management Code of Park City is hereby amended as redlined (see Exhibit B).

SECTION 3. SEVERABILITY OF ORDINANCE. It is hereby declared to be the intention of the City Council that the sections, paragraphs, sentences, clauses and phrases of this Ordinance are severable and, if any phrase, clause, sentence, paragraph or section of this Ordinance shall be declared unconstitutional or invalid by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Ordinance.

SECTION 4. EFFECTIVE DATE. This Ordinance shall be effective upon publication.

PASSED AND ADOPTED this 15th day of April, 2010

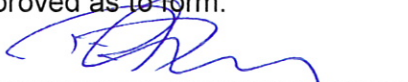

PARK CITY MUNICIPAL CORPORATION

Dana Williams, Mayor

Attest:

Janet M. Scott, City Recorder

Approved as to form:

Mark Harrington, City Attorney

TITLE 15 - LAND MANAGEMENT CODE (LMC)
CHAPTER 6 - MASTER PLANNED DEVELOPMENTS

Chapter adopted by Ordinance No. 02-07

CHAPTER 6 - MASTER PLANNED DEVELOPMENTS (MPD)

15-6 -1. PURPOSE.

The purpose of this Chapter is to describe the process and set forth criteria for review of Master Planned Developments (MPDs) in Park City. The Master Planned Development provisions set forth Use, Density, height, parking, design theme and general Site planning criteria for larger and/or more complex projects having a variety of constraints and challenges, such as environmental issues, multiple zoning districts, location within or adjacent to transitional areas between different land Uses, and infill redevelopment where the MPD process can provide design flexibility necessary for well-planned, mixed use developments that are compatible with the surrounding neighborhood. The goal of this section is to result in projects which:

- (A) complement the natural features of the Site;
(B) ensure neighborhood Compatibility;

- (C) strengthen the resort character of Park City;
(D) result in a net positive contribution of amenities to the community;
(E) provide a variety of housing types and configurations;
(F) provide the highest value of open space for any given Site;
(G) efficiently and cost effectively extend and provide infrastructure;

- (H) provide opportunities for the appropriate redevelopment and reuse of existing structures/sites and maintain compatibility with the surrounding neighborhood;
(I) protect residential uses and residential neighborhoods from the impacts of non-residential uses using best practice methods and diligent code enforcement; and

- (J) encourage mixed use, walkable and sustainable development and redevelopment that provide innovative and energy efficient design, including innovative alternatives to

Deleted: and

Deleted:

Deleted: i

reduce impacts of the automobile on the community.

15-6 -2. APPLICABILITY.

(A) The Master Planned Development process shall be required in all zones except the Historic Residential (HR-1, HR-2), Historic Residential - Low Density (HRL), and Historic Residential - Medium Density (HRM) for the following:

- (1) Any residential project larger than ten (10) Lots or units.
- (2) All Hotel and lodging projects with more than fifteen (15) Residential Unit Equivalents.
- (3) All new Commercial or industrial projects greater than 10,000 square feet Gross Floor Area.

(B) The Master Planned Development process is allowed but is not required in the Historic Commercial Business (HCB), Historic Recreation Commercial (HRC), Historic Residential (HR-1), and Historic Residential (HR-2) zones, provided the subject property and proposed MPD include two (2) or more zoning designations. ~~meet the following criteria:~~

- ~~(1) The Property two (2) or more zoning designations.~~
- (2) The Property has significant Historic Structures that either have been restored or are proposed to be restored as part of the MPD; and

~~(3) The proposed Master Planned Development includes reduced surface parking.~~

(C) MPDs are The Master Planned Development process is allowed in Historic Residential (HR-1) and (HR-2) zones only when:

Deleted: allowed

- (1) HR-1 or HR-2 zoned parcels are combined with adjacent HRC or HCB zone Properties ~~as part of an allowed MPD, see criteria above;~~ or
- (2) The Property is not a part of the original Park City Survey or Snyder's Addition to the Park City Survey and which may be considered for affordable housing MPDs consistent with Section 15-6-7 herein.

Deleted: c

(Amended by Ord. Nos. 04-08; 06-22)

15-6 -3. USES.

A Master Planned Development (MPD) can only contain Uses, which are Permitted or Conditional in the zone(s) in which it is located. The maximum Density and type of Development permitted on a given Site will be determined as a result of a Site Suitability Analysis and shall not exceed the maximum Density in the zone, except as otherwise provided in this section. The Site shall be looked at in its entirety, including all adjacent property under the same ownership, and the Density located in the most appropriate locations. When Properties are in more than one (1) Zoning District, there may be a shift of Density between Zoning Districts if that transfer results in a project

Deleted: is-biseeted by

Formatted: Strikethrough, Not Double strikethrough

Formatted: Strikethrough

Deleted: , and

which better meets the goals set forth in Section 15-6-1 herein. Density for MPDs will be based on the Unit Equivalent Formula, as defined in LMC Chapter 15-15, and as stated in Section 15-6-8 herein.

Exception. Residential Density transfers between the HCB and HR-2 Zoning Districts are not permitted. A portion of the Gross Floor Area generated by the Floor Area Ratio of the HCB Zoning District and applied only to Lot Area in the HCB Zone, may be located in the HR-2 Zone as allowed by Section 15-2.3-8.

(Amended by Ord. No. 06-22)

15-6 -4. PROCESS.

(A) PRE-APPLICATION CONFERENCE. A pre-Application conference shall be held with the Planning Department staff in order for the Applicant to become acquainted with the Master Planned Development procedures and related City requirements and schedules. The Planning Department staff will give preliminary feedback to the potential Applicant based on information available at the pre-Application conference and will inform the Applicant of issues or special requirements which may result from the proposal.

(B) PRE-APPLICATION PUBLIC MEETING AND DETERMINATION OF COMPLIANCE. In order to provide an opportunity for the public and the Planning Commission to give preliminary input on a concept for a Master Planned Development, all MPDs will be required to go through a pre-Application public meeting before the

Planning Commission. A pre-Application will be filed with the Park City Planning Department and shall include conceptual plans as stated on the Application form and the applicable fee. The public will be notified and invited to attend and comment in accordance with LMC Chapters 15-1-12 and 15-1-21, Notice Matrix, of this Code.

Formatted: Highlight

At the pre-Application public meeting, the Applicant will have an opportunity to present the preliminary concepts for the proposed Master Planned Development. This preliminary review will focus on identifying issues of compliance with the General Plan and zoning compliance for the proposed MPD. The public will be given an opportunity to comment on the preliminary concepts so that the Applicant can address neighborhood concerns in preparation of an Application for an MPD.

Comment [kaw1]: No residential density transfer to HR-2 from HCB. Allows portion of commercial floor area to be transferred to subterranean space below residential structure in HR-2.

The Planning Commission shall review the preliminary information to identify issues on compliance with the General Plan and will make a finding that the project initially complies with the General Plan. Such finding is to be made prior to the Applicant filing a formal MPD Application. If no such finding can be made, the applicant must submit a modified Application or the General Plan would have to be modified prior to formal acceptance and processing of the Application. For larger MPDs, it is recommended that the Applicant host additional neighborhood meetings in preparation of filing of a formal Application for an MPD.

For MPDs that are vested as part of Large Scale MPDs the Planning Commission may waive the requirement for a pre-Application

meeting, but the Commission shall make a finding at the time of approval that the project is consistent with the Large Scale MPD.

(C) **APPLICATION.** The Master Planned Development Application must be submitted with a completed Application form supplied by the City. A list of minimum requirements will accompany the Application form. The Application must include written consent by all Owners of the Property to be included in the Master Planned Development. Once an Application is received, it shall be assigned to a staff Planner who will review the Application for completeness. The Applicant will be informed if additional information is necessary to constitute a Complete Application.

(D) **PLANNING COMMISSION REVIEW.** The Planning Commission is the primary review body for Master Planned Developments and is required to hold a public hearing and take action. All MPDs will have at least one (1) work session before the Planning Commission prior to a public hearing.

(E) **PUBLIC HEARING.** In addition to the preliminary public input session, a formal public hearing on a Master Planned Development is required to be held by the Planning Commission. The Public Hearing will be noticed in accordance with LMC Chapters 15-1-12 and 15-1-21, Notice Matrix. Multiple Public Hearings, including additional notice, may be necessary for larger, or more complex, projects.

(F) **PLANNING COMMISSION ACTION.** The Planning Commission shall approve, approve with modifications, or deny a requested Master Planned Development. The Planning Commission action shall be in the form of written findings of fact, conclusions of law, and in the case of approval, conditions of approval. Action shall occur only after the required public hearing is held. To approve an MPD, the Planning Commission will be required to make the findings outlined in Section 15-6-6 herein.

Appeals of Planning Commission action shall be conducted in accordance with LMC Chapter 15-1-18.

(G) **DEVELOPMENT AGREEMENT.** Once the Planning Commission has approved Master Planned Development, the approval shall be put in the form of a Development Agreement. The Development Agreement shall be in a form approved by the City Attorney, and shall contain, at a minimum, the following:

- (1) A legal description of the land;
- (2) All relevant zoning parameters including all findings, conclusions and conditions of approval;
- (3) An express reservation of the future legislative power and zoning authority of the City;
- (4) A copy of the approved Site plan, architectural plans, landscape plans, Grading plan, trails and open

space plans, and other plans, which are a part of the Planning Commission approval;

(5) A description of all Developer exactions or agreed upon public dedications;

(6) The Developers agreement to pay all specified impact fees; and

(7) The form of ownership anticipated for the project and a specific project phasing plan.

The Development Agreement shall be ratified by the Planning Commission, signed by the City Council and the Applicant, and recorded with the Summit County Recorder. The Development Agreement shall contain language, which allows for minor, administrative modifications to occur to the approval without revision of the agreement. The Development Agreement must be submitted to the City within six (6) months of the date the project was approved by the Planning Commission, or the Planning Commission approval shall expire.

(H) **LENGTH OF APPROVAL.** Construction, as defined by the Uniform Building Code, will be required to commence within two (2) years of the date of the execution of the Development Agreement. After construction commences, the MPD shall remain valid as long as it is consistent with the approved specific project phasing plan as set forth in the Development Agreement. It is anticipated that the specific project phasing plan may require Planning Commission review and reevaluation of the

project at specified points in the Development of the project.

(I) **MPD MODIFICATIONS.** Changes in a Master Planned Development, which constitute a change in concept, Density, unit type or configuration of any portion or phase of the MPD will justify review of the entire master plan and Development Agreement by the Planning Commission, unless otherwise specified in the Development Agreement. If the modifications are determined to be substantive, the project will be required to go through the pre-Application public hearing and determination of compliance as outlined in Section 15-6-4(B) herein.

(J) **SITE SPECIFIC APPROVALS.** Any portion of an approved Master Planned Development may require additional review by the Planning Department and/or Planning Commission as a Conditional Use permit, if so required by the Planning Commission at the time of the MPD approval.

The Planning Commission and/or Planning Department, specified at the time of MPD approval, will review Site specific plans including Site layout, architecture and landscaping, prior to issuance of a Building Permit.

The Application requirements and review criteria of the Conditional Use process must be followed. A pre-Application public meeting may be required by the Planning Director, at which time the Planning Commission will review the Application for compliance with the large scale MPD approval.

(Amended by Ord. Nos. 06-22; 09-10)

15-6 -5. MPD REQUIREMENTS.

All Master Planned Developments shall contain the following minimum requirements. Many of the requirements and standards will have to be increased in order for the Planning Commission to make the necessary findings to approve the Master Planned Development.

(A) **DENSITY.** The type of Development, number of units and Density permitted on a given Site will be determined as a result of a Site Suitability Analysis and shall not exceed the maximum Density in the zone, except as otherwise provided in this section. The Site shall be looked at in its entirety and the Density located in the most appropriate locations.

When Properties are in more than one (1) Zoning District, there may be a shift of Density between Zoning Districts if that transfer results in a project that better meets the goals set forth in Section 15-6-1.

Exception. Residential Density transfers between the HCB and HR-2 Zoning Districts are not permitted. A portion of the Gross Floor Area generated by the Floor Area Ratio of the HCB Zoning District and applied only to Lot Area in the HCB Zone, may be located in the HR-2 Zone as allowed by Section 15-2.3-8.

Density for MPDs will be based on the Unit Equivalent Formula, as defined in Section 15-6-8 herein.

(1) **EXCEPTIONS.** The Planning Department may recommend that the Planning Commission grant up to a maximum of ten percent (10%) increase in total Density if the Applicant:

(a) Donates open space in excess of the sixty percent (60%) requirement, either in fee or a less-than-fee interest to either the City or another unit of government or nonprofit land conservation organization approved by the City. Such Density bonus shall only be granted upon a finding by the Planning Director that such donation will ensure the long-term protection of a significant environmentally or visually sensitive Area; or

(b) Proposes a Master Planned Development (MPD) in which more than thirty percent (30%) of the Unit Equivalents are employee/ Affordable Housing consistent with the City's adopted employee/ Affordable Housing guidelines and requirements; or

(c) Proposes an MPD in which more than eighty percent (80%) of the project is open space as defined in this code and prioritized by the Planning Commission.

Comment [kaw2]: No residential density transfer to HR-2 from HCB. Allows portion of commercial floor area to be transferred to subterranean space below residential structure in HR-2.

(B) MAXIMUM ALLOWED BUILDING FOOTPRINT FOR MASTER PLANNED DEVELOPMENTS WITHIN THE HR-1 and HR-2 DISTRICTS.

(1) The HR-1 and HR-2 Districts sets forth a Maximum Building Footprint for all Structures based on Lot Area. For purposes of establishing the maximum Building Footprint for Master Planned Developments, which include Development in the HR-1 and HR-2 Districts, the maximum Building Footprint for the HR-1 and HR-2 portions shall be calculated based on the conditions of the Subdivision Plat, or the Lots of record prior to a Plat Amendment combining the lots as stated in Section 15-2.3-4.

(a) The Area of below Grade Parking in the HR-1 and HR-2 zones, shall not count against the maximum Building Footprint of the HR-1 or HR-2 Lots.

(b) The Area of below Grade Commercial Uses extending from a Main Street business into the HR-2 Subzone A shall not count against the maximum Building Footprint of the HR-2 Lots.

(c) The maximum Floor Area Ratio (FAR) of the HCB Zoning District applies

only to the HCB Lot Area continues to apply to the HCB-zoned portion and may be reduced as part of a Master Planned Development. The FAR may not be applied to the HR-1 or HR-2 Lot Area.

Formatted: Strikethrough, Highlight

(d) The Floor Area for a detached, single car Garage, not to exceed two-hundred and twenty square feet (220 sf) of Floor Area, shall not count against the maximum Building Footprint of the HR-2 Lot.

Formatted: Highlight

(C) **SETBACKS.** The minimum Setback around the exterior boundary of an MPD shall be twenty five feet (25') for Parcels greater than one (1) acre in size. In some cases, that Setback may be increased to retain existing Significant Vegetation or natural features, to create an adequate buffer to adjacent Uses, or to meet historic compatibility requirements. The Planning Commission may decrease the required perimeter Setback from twenty five feet (25') to the zone required Setback if it is necessary to provide desired architectural interest and variation. The Planning Commission may reduce Setbacks within the project from those otherwise required in the zone to match an abutting zone Setback, provided the project meets minimum Uniform Building Code and Fire Code requirements, does not increase project Density, maintains the general character of the surrounding neighborhood in terms of mass, scale and spacing between houses.

Deleted: and

and meets open space criteria set forth in Section 15-6-5(D).

(D) **OPEN SPACE.**

(1) **MINIMUM REQUIRED.** All Master Planned Developments shall contain a minimum of sixty percent (60%) open space as defined in LMC Chapter 15-15 with the exception of the General Commercial (GC) District, Historic Residential Commercial (HRC), Historic Commercial Business (HCB), Historic Residential (HR-1 and HR-2) zones and wherein cases of redevelopment of existing Developments the minimum open space requirement shall be thirty percent (30%).

For Applications proposing the redevelopment of existing Developments, the Planning Commission may reduce the required open space in exchange for project enhancements in excess of those otherwise required by the Land Management Code that may directly advance policies reflected in the applicable General Plan sections or more specific Area plans. Such project enhancements may include, but are not limited to, Affordable Housing, greater landscaping buffers along public ways and public/private pedestrian Areas that provide a public benefit, increased landscape material sizes, public transit improvement, public pedestrian plazas, pedestrian way/trail linkages,

public art, and rehabilitation of Historic Structures.

(2) **TYPE OF OPEN SPACE.**

The Planning Commission shall designate the preferable type and mix of open space for each Master Planned Development. This determination will be based on the guidance given in the Park City General Plan. Landscaped open space may be utilized for project amenities such as gardens, greenways, pathways, plazas, and other similar Uses. Open space may not be utilized for Streets, roads, driveways, Parking Areas, commercial Uses, or Buildings requiring a Building Permit.

Deleted: and

(E) **OFF-STREET PARKING.**

(1) The number of Off-Street Parking Spaces in each Master Planned Development shall not be less than the requirements of this code, except that the Planning Commission may increase or decrease the required number of Off-Street Parking Spaces based upon a parking analysis submitted by the Applicant at the time of MPD submittal. The parking analysis shall contain, at a minimum, the following information:

(a) The proposed number of vehicles required by the occupants of the project based upon the proposed Use and occupancy.

(b) A parking comparison of projects of similar size with similar occupancy type to verify the demand for occupancy parking.

(c) Parking needs for non-dwelling Uses, including traffic attracted to Commercial Uses from Off-Site.

(d) An analysis of time periods of Use for each of the Uses in the project and opportunities for Shared Parking by different Uses. This shall be considered only when there is Guarantee by Use covenant and deed restriction.

(e) A plan to discourage the Use of motorized vehicles and encourage other forms of transportation.

(f) Provisions for overflow parking during peak periods.

The Planning Department shall review the parking analysis and provide a recommendation to the Commission. The Commission shall make a finding during review of the MPD as to whether or not the parking analysis supports a determination to increase or decrease the required number of Parking Spaces.

(2) The Planning Commission may permit an Applicant to pay an in-lieu parking fee in consideration for required on-site parking provided that the Planning Commission determines that:

(a) Payment in-lieu of the on-Site parking requirement will prevent a loss of significant open space, yard Area, and/or public amenities and gathering Areas;

(b) Payment in-lieu of the on-Site parking requirement will result in preservation and rehabilitation of significant Historic Structures or redevelopment of Structures and Sites;

(c) Payment in-lieu of the on-Site parking requirement will not result in an increase project Density or intensity of Use; and

(d) The project is located on a public transit route or is within three (3) blocks of a municipal bus stop.

Deleted: along

Deleted: and

The payment in-lieu fee for the required parking shall be subject to the provisions in the Park City Municipal Code Section 11-12-16 and the fee set forth in the current Fee Resolution, as amended.

(F) **BUILDING HEIGHT.** The height requirements of the Zoning Districts in

which an MPD is located shall apply except that the Planning Commission may consider an increase in height based upon a Site specific analysis and determination.

Height exceptions will not be granted for Master Planned Developments within the HR-1 and HR-2 Zoning Districts

The Applicant will be required to request a Site specific determination and shall bear the burden of proof to the Planning Commission that the necessary findings can be made. In order to grant Building height in addition to that which is allowed in the underlying zone, the Planning Commission is required to make the following findings:

(1) The increase in Building Height does not result in increased square footage or Building volume over what would be allowed under the zone required Building Height and Density, including requirements for facade variation and design, but rather provides desired architectural variation;

(2) Buildings have been positioned to minimize visual impacts on adjacent Structures. Potential problems on neighboring Properties caused by shadows, loss of solar Access, and loss or air circulation have been mitigated to the extent possible as defined by the Planning Commission;

(3) There is adequate landscaping and buffering from adjacent Properties and Uses. Increased Setbacks and separations

from adjacent projects are being proposed;

(4) The additional Building Height has resulted in more than the minimum open space required and has resulted in the open space being more usable;

Deleted: Additional

(5) The additional Building height shall be designed in a manner so as to provide a transition in roof elements in compliance with Chapter 5, Architectural Guidelines or the Design Guidelines for Park City's Historic Districts and Historic Sites if within the Historic District;

Deleted: unless said Property meets the criteria of Development on Steep Slopes, Section 15-2-6.

Deleted: 9

Deleted: Historic District Design Guidelines

(6) The additional Building height does not negatively impact the surrounding neighborhood or adjacent Buildings in terms of aesthetics, mass, scale, and volume and the proposed Building or Buildings are Compatible with the surrounding neighborhood.

Comment [kaw3]: Revised to be compatible with the neighborhood. However not always residential and not always historic in MPD section.

If and when the Planning Commission grants additional height due to a Site specific analysis and determination, that additional height shall only apply to the specific plans being reviewed and approved at the time. Additional Building Height for a specific project will not necessarily be considered for a different, or modified, project on the same Site.

Comment [kaw4]: This was deleted because the Steep Slope CUP section does not allow height exceptions.

Deleted: ¶
¶
(6) Structures within the HR-1 District which meet the standards of Development on Steep Slopes, may petition the Commission for additional height per criteria found in Section 15-2.2-6.

(G) SITE PLANNING. An MPD shall be designed to take into consideration the characteristics of the Site upon which it is proposed to be placed. The project should

be designed to fit the Site, not the Site modified to fit the project. The following shall be addressed in the Site planning for an MPD:

(1) Units should be clustered on the most developable and least visually sensitive portions of the Site with common open space separating the clusters. The open space corridors should be designed so that existing Significant Vegetation can be maintained on the Site.

(2) Projects shall be designed to minimize Grading and the need for large retaining Structures.

(3) Roads, utility lines, and Buildings should be designed to work with the Existing Grade. Cuts and fills should be minimized.

(4) Existing trails should be incorporated into the open space elements of the project and should be maintained in their existing location whenever possible. Trail easements for existing trails may be required. Construction of new trails will be required consistent with the Park City Trails Master Plan.

(5) Adequate internal vehicular and pedestrian/bicycle circulation should be provided. Pedestrian/bicycle circulations shall be separated from vehicular circulation and may serve to provide residents the opportunity to travel safely from an individual unit to another unit and to the boundaries of the Property or

public trail system. Private internal Streets may be considered for Condominium projects if they meet the minimum emergency and safety requirements.

(6) The Site plan shall include adequate Areas for snow removal and snow storage. The landscape plan shall allow for snow storage Areas. Structures shall be set back from any hard surfaces so as to provide adequate Areas to remove and store snow. The assumption is that snow should be able to be stored on Site and not removed to an Off-Site location.

(7) It is important to plan for refuse storage and collection and recycling facilities. The Site plan shall include adequate Areas for dumpsters and recycling containers. These facilities shall be Screened or enclosed. Pedestrian Access shall be provided to the refuse/recycling facilities from within the MPD for the convenience of residents and guests.

(8) The Site planning for an MPD should include transportation amenities including drop-off Areas for van and shuttle service, and a bus stop, if applicable.

(9) Service and delivery Access and loading/unloading Areas must be included in the Site plan. The service and delivery should be kept separate from pedestrian Areas.

(H) **LANDSCAPE AND STREET SCAPE**. To the extent possible, existing Significant Vegetation shall be maintained on Site and protected during construction. Where landscaping does occur, it should consist primarily of appropriate drought tolerant species. Lawn or turf will be limited to a maximum of fifty percent (50%) of the Area not covered by Buildings and other hard surfaces and no more than seventy-five percent (75%) of the above Area may be irrigated. Landscape and Streetscape will use native rock and boulders. Lighting must meet the requirements of LMC Chapter 15-5, Architectural Review.

(I) **SENSITIVE LANDS COMPLIANCE**. All MPD Applications containing any Area within the Sensitive Areas Overlay Zone will be required to conduct a Sensitive Lands Analysis and conform to the Sensitive Lands Provisions, as described in LMC Section 15-2.21.

(J) **EMPLOYEE/AFFORDABLE HOUSING**. MPD Applications shall include a housing mitigation plan which must address employee Affordable Housing as required by the adopted housing resolution in effect at the time of Application.

(K) **CHILD CARE**. A Site designated and planned for a Child Care Center may be required for all new single and multi-family housing projects if the Planning Commission determines that the project will create additional demands for Child Care.

(Amended by Ord. Nos. 04-08; 06-22; 09-10)

15- 6- 6. REQUIRED FINDINGS AND CONCLUSIONS OF LAW.

The Planning Commission must make the following findings in order to approve a Master Planned Development. In some cases, conditions of approval will be attached to the approval to ensure compliance with these findings.

(A) The MPD, as conditioned, complies with all the requirements of the Land Management Code;

(B) The MPD, as conditioned, meets the minimum requirements of Section 15-6-5 herein;

(C) The MPD, as conditioned, is consistent with the Park City General Plan;

(D) The MPD, as conditioned, provides the highest value of open space, as determined by the Planning Commission;

(E) The MPD, as conditioned, strengthens and enhances the resort character of Park City;

(F) The MPD, as conditioned, compliments the natural features on the Site and preserves significant features or vegetation to the extent possible;

(G) The MPD, as conditioned, is Compatible in Use, scale, and mass with adjacent Properties, ~~promotes neighborhood Compatibility, and protects residential neighborhoods and Uses;~~

Deleted: and

(H) The MPD provides amenities to the community so that there is no net loss of community amenities;

(I) The MPD, as conditioned, is consistent with the employee Affordable Housing requirements as adopted by the City Council at the time the Application was filed.

(J) The MPD, as conditioned, meets the Sensitive Lands requirements of the Land Management Code. The project has been designed to place Development on the most developable land and least visually obtrusive portions of the Site;

(K) The MPD, as conditioned, promotes the Use of non-vehicular forms of transportation through design and by providing trail connections; and

(L) The MPD has been noticed and public hearing held in accordance with this Code.

(M) The MPD incorporates best planning practices for sustainable development, including energy efficient design and construction.

(Amended by Ord. No. 06-22)

15-6-7. MASTER PLANNED AFFORDABLE HOUSING DEVELOPMENT.

(A) **PURPOSE.** The purpose of the master planned Affordable Housing Development is to promote housing for a diversity of income groups by providing

Dwelling Units for rent or for sale in a price range affordable by families in the low-to-moderate income range. This may be achieved by encouraging the private sector to develop Affordable Housing. Master Planned Developments, which are one hundred percent (100%) Affordable Housing, as defined by the housing resolution in effect at the time of Application, would be considered for a Density incentive greater than that normally allowed under the applicable Zoning District and Master Planned Development regulations with the intent of encouraging quality Development of permanent rental and permanent Owner-occupied housing stock for low and moderate income families within the Park City Area.

(B) **RENTAL OR SALES PROGRAM.** If a Developer seeks to exercise the increased Density allowance incentive by providing an Affordable Housing project, the Developer must agree to follow the guidelines and restrictions set forth by the Housing Authority in the adopted Affordable Housing resolution in effect at the time of Application.

(C) **MIXED RENTAL AND OWNER/OCCUPANT PROJECTS.** When projects are approved that comprise both rental and Owner/occupant Dwelling Units, the combination and phasing of the Development shall be specifically approved by the reviewing agency and become a condition of project approval. A permanent rental housing unit is one which is subject to a binding agreement with the Park City Housing Authority.

(D) **MPD REQUIREMENTS.** All of

the MPD requirements and findings of this section shall apply to Affordable Housing MPD projects.

(E) **DENSITY BONUS.** The reviewing agency may increase the allowable Density to a maximum of twenty (20) Unit Equivalents per acre. The Unit Equivalent formula applies.

(F) **PARKING.** Off-Street parking will be required at a rate of one (1) space per Bedroom.

(G) **OPEN SPACE.** A minimum of fifty percent (50%) of the Parcel shall be retained or developed as open space. A reduction in the percentage of open space, to not less than forty percent (40%), may be granted upon a finding by the Planning Commission that additional on or Off-Site amenities, such as playgrounds, trails, recreation facilities, bus shelters, significant landscaping, or other amenities will be provided above any that are required. Project open space may be utilized for project amenities, such as tennis courts, Buildings not requiring a Building Permit, pathways, plazas, and similar Uses. Open space may not be utilized for Streets, roads, or Parking Areas.

(H) **RENTAL RESTRICTIONS.** The provisions of the moderate income housing exception shall not prohibit the monthly rental of an individually owned unit. However, Nightly Rentals or timesharing shall not be permitted within Developments using this exception. Monthly rental of individually owned units shall comply with the guidelines and restrictions set forth by the Housing Authority as stated in the

adopted Affordable Housing resolution in effect at the time of Application.

(Amended by Ord. Nos. 06-22; 09-10)

15-6-8. UNIT EQUIVALENTS.

Density of Development is a factor of both the Use and size of Structures built within a project. In order to allow for, and to encourage, a variety of unit configurations, Density shall be calculated on the basis of Unit Equivalents. Unless otherwise stipulated, one (1) Unit Equivalent equates to one (1) single family Lot, 2,000 square feet of Multi-Family Dwelling floor area, or 1,000 square feet of commercial or office floor area. A duplex Lot equates to two (2) Unit Equivalents, unless otherwise stipulated by the Master Planned Development (MPD). The MPD may stipulate maximum Building Footprint and/or maximum floor area for single family and duplex Lots. Residential Unit Equivalents for Multi-Family Dwellings shall be calculated on the basis of one (1) Unit Equivalent per 2,000 square feet and portions of Unit Equivalents for additional square feet above or below 2,000. For example: 2,460 square feet of a multi-family unit shall count as 1.23 Unit Equivalents.

Affordable Housing units required as part of the MPD approval, and constructed on Site do not count towards the residential Unit Equivalents of the Master Plan. Required ADA units do not count towards the residential Unit Equivalents.

Support Uses and accessory meeting space use Unit Equivalents as outlined in Section 15-6-8(C) and (D) below.

(A) **CALCULATING RESIDENTIAL UNIT SQUARE FOOTAGE.** Unit square footage shall be measured from the interior of the exterior unit walls. All bathrooms, halls, closets, storage and utility rooms within a unit will be included in the calculation for square footage. Exterior hallways, common circulation and hotel use areas, such as lobbies, elevators, storage, and other similar Areas, will not be included. Common outdoor facilities, such as pools, spas, recreation facilities, ice-skating rinks, decks, porches, etc. do not require the Use of Unit Equivalents.

(B) **LOCKOUTS.** For purposes of calculating Unit Equivalents, Lockouts shall be included in the overall square footage of a unit.

(C) **SUPPORT COMMERCIAL WITHIN RESIDENTIAL MASTER PLANNED DEVELOPMENTS.** Within a Hotel or Nightly Rental Condominium project, Support Commercial Floor Area may not exceed five percent (5%) of the total Floor Area of the approved Residential Unit Equivalents. Any unused Support Commercial Floor Area may be utilized for Meeting Space Floor Area.

(D) **MEETING SPACE.** Within a Hotel or Condominium project, Meeting Space Floor Area may not exceed five percent (5%) of the total Floor Area of the approved Residential Unit Equivalents. Any unused Meeting Space Floor Area may be utilized for Support Commercial Floor Area

within a Hotel or Nightly Rental Condominium project.

(E) **COMMERCIAL UNIT EQUIVALENTS.** Commercial spaces, approved as a part of a Master Planned Development, shall be calculated on the basis of one (1) Unit Equivalent per 1000 square feet of Net Leasable Floor Area, exclusive of common corridors, for each part of a 1,000 square foot interval. For example: 2,460 square feet of commercial Area shall count as 2.46 Unit Equivalents.

(F) **RESIDENTIAL ACCESSORY USES.** Residential Accessory Uses include typical back of house uses and administration facilities that are for the benefit of the residents of a commercial Residential Use, such as a Hotel or Nightly Rental Condominium project, and that, are common to the residential project and are not locate within any individual Residential Unit. Residential Accessory Uses do not require the use of Unit Equivalents and include such Uses as:

- Ski/Equipment lockers
- Lobbies
- Registration
- Concierge
- Bell stand/luggage storage
- Maintenance Areas
- Mechanical rooms and shafts
- Laundry facilities and storage
- Employee facilities
- Common pools, saunas and hot tubs not open to the public
- Telephone Areas
- Guest business centers
- Public restrooms

Deleted: Any square footage, which is not used in the five percent (5%) support commercial allocation can be used as meeting space.

Deleted: Meeting space in excess of the five percent (5%) allocation for meeting rooms and the five percent (5%) allocation for support commercial shall be counted as commercial Unit Equivalents. Accessory meeting spaces, such as back of house, administrative areas, banquet offices, banquet preparation areas, and storage areas are spaces normally associated with and necessary to serve meeting and banquet activities and Uses. These accessory meeting spaces do not require the use of Unit Equivalents. ¶

Comment [kaw5]: Staff is conducting research to determine a maximum floor area for these types of back of house uses.

Deleted: up to

Deleted: Gross Floor Area

Deleted: Support Commercial Uses, which shall not count against any allotted commercial Unit Equivalents approved as part of the MPD. Any Support Commercial Uses in excess of five percent (5%) of the total Gross Floor Area will be required to use commercial Unit Equivalents, if approved as a part of the MPD. If no commercial allocation has been granted for an MPD, no more than five percent (5%) of the floor area can be support Commercial Uses, and no other Commercial Uses will be allowed. ¶

Deleted: up to

Deleted: Gross Floor Area

Deleted: , may be dedicated for meeting room space without the Use of Unit Equivalents. Meeting space in excess of five percent (5%) of the total Gross Floor Area, excluding Parking Areas, will be counted as commercial Unit Equivalents.

Administrative offices
Hallways and circulation
Elevators and stairways

Deleted: Back of house Uses†

(G) **RESORT ACCESSORY USES.**

The following Uses are considered accessory for the operation of a resort for winter and summer operations. These Uses are incidental to and customarily found in connection with the principal Use or Building and are operated for the convenience of the Owners, occupants, employees, customers, or visitors to the principal resort Use. Accessory Uses associated with an approved summer or winter resort do not require the Use of a Unit Equivalent. These Uses include such Uses as:

Information
Lost and found
First Aid
Mountain patrol
Administration
Maintenance and storage facilities
Emergency medical facilities
Public lockers
Public restrooms
Employee restrooms and Areas
Ski school/day care facilities
Instruction facilities
Ticket sales
Equipment/ski check
Circulation and hallways
